PART I.

Controlling the Food Situation.

No. G. 10131-191—P. P. 134-18-51, DATED 2ND DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 9378-432—P. P. 134-18-26, dated the 25th November 1918.

Order No. G. 10131-191—P. P. 134-18-51, dated 2nd December 1918.

Government direct that the following amendments be made in the Government Order read above:—

(1) In lines 2 and 3 of para 4(8) for words beginning " will " and ending with " State " read " will countersign and forward to the Director of Civil Supplies all applications from merchants for priority certificates."

(2) For lines 3 and 4 of para 11 read the following:—

" The commandeering operations may at present be confined to the following taluks, but may, at the discretion of the Deputy Commissioner of the District concerned, be extended to the other taluks also, if necessary."

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Inspector-General of Police in Mysore.
The Food Controller in Mysore.
The Director of Civil Supplies in Mysore.
The Deputy Commissioners of Districts.
The Presidents, Bangalore and Mysore City Municipalities.
The Heads of other Departments.

Exd.—C. R.

No. G. 10487-546—P. P. 41-18-6, DATED 4TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 139, dated the 25th November 1918, from the Director of Agriculture in Mysore, reporting for the orders of Government his suggestions as to the action to be taken in the Agricultural Department in connection with the present food situation, with a view to increase the production of food stuffs in the State in the immediate future.

(Printed as annexure.)

Order No. G. 10487-546—P. P. 41-18-6, dated 4th December 1918.

Government are pleased to approve generally of the action proposed to be taken as indicated in the letter read above.

2. Sanction is accorded to an advance of Rs. 30,000 required for the purchase of seed grains and also for incurring establishment and other charges as noted in the margin for a period of three months in the first instance, the establishment being entertained only when properly qualified men are available. The cost will be met from a special grant to be made out of the reserve for non-recurring expenditure.

Establishment.

1. Eight temporary Agricultural Inspectors on Rs. 30 each per month.
2. Thirty-two fieldsmen on Rs. 15 each per month.
3. One temporary Accountant on Rs. 40 per month.
4. One temporary clerk on Rs. 25 per month.

Other charges.

Rent for two depots in each district at Rs. 15 each per mensem.

Travelling allowances ... Rs. 2,000

Contingencies ... ... Rs. 250

3. The Chief Engineer and the Revenue Commissioner are requested to make necessary arrangements for providing as far as possible proper irrigation facilities for the crops that may be raised during the ensuing season.

4. The Revenue Commissioner is requested to issue necessary instructions to Deputy Commissioners of Districts to commandeer and hand over to the Agricultural Department without delay, stocks of grains suitable for seed purposes on the requisition of the Director of Agriculture and also to allow consignments of seed grain supported by a certificate from that department to pass without obstruction.

5. The Director of Civil Supplies will also issue necessary priority certificates for the transport of seed grains from place to place on the requisition of the Director of Agriculture or other officer that may be authorised by him in this behalf.

6. The Director of Agriculture is requested to submit a report at the end of three months as to the action taken in the matter and the results achieved.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Director of Agriculture in Mysore.
The Revenue Commissioner in Mysore.
The Chief Engineer in Mysore.
The Comptroller to Government.
The Food Controller in Mysore.
The Deputy Commissioners of Districts.
The Director of Civil Supplies in Mysore.
The Secretary to Government, Financial Department.
The Secretary to Government, Revenue Department.
The Secretary to Government, Departments of Education and Agriculture.
The Secretary, Agricultural Committee of the Economic Conference.
The Heads of other Departments.

No. G. 10487-546—P. P. 41-18-6, dated 4th December 1918.

Annexure to Government Order No. G. 10487-546—P. P. 41-18-6, dated 4th December 1918.

Letter No. 139—S., dated 25th November 1918, from the Officiating Director of Agriculture in Mysore, to the Chief Secretary to the Government of His Highness the Maharaja of Mysore.

As directed by the Dewan at the meeting of Deputy Commissioners and others held on the 20th of this month, I have the honor to submit in outline, the action proposed to be taken in this department with a view to increase the production of food stuffs in the State in the immediate future.

The crops that will be recommended for sowing now will be short season paddies, irrigated ragi, jola and navane. Arrangements have been made for publishing almost immediately, a series of five leaflets in Kannada, the first one dealing in general way with the present situation in regard to food stuffs and the measures to be adopted for its amelioration and the other four treating of the four crops mentioned above. Enquiries have been started to discover the most likely sources of the large quantities of seed grain that will be necessary. These will be purchased as soon as funds are made available and stocked at convenient places. The fact that the seeds are available for sale will then be widely advertised through the vernacular press and the existing official agencies.

A sum of Rs. 30,000 will not be too large a grant for the purchase of seed grains. This will be in the nature of an advance, as the whole of the amount will return to Government and probably a little over as it may be necessary to fix the price of these grains a little higher than that at which they are retailed for consumption to ensure that the seed supplied to the cultivator will be put to its legitimate use.

It will not be possible to store the large quantities of seed which I am hoping to be able to procure in the existing depots the accommodation in which is limited. I am therefore providing for additional godown accommodation.

The Department is already undermanned in the clerical branch. I therefore request that sanction may be kindly accorded for the entertainment of a temporary accountant and a clerk to deal with the large volume of accounts and correspondence that will arise in connection with this scheme.

A staff of temporary Agricultural Inspectors and fieldsmen will be necessary to see that the seed is supplied promptly and with the minimum of trouble to the cultivators and as far as possible that the seed supplied is actually put in. The present staff is very limited and has really more work than it can properly cope with.

The following statement summarises the provision I consider necessary for one year for establishment, etc :—

	Rs.
Grant for purchase of seed grains ..	30,000
For additional go-down accommodation for storing seed grains :—	
Two depots for each district at Rs. 15 rent each per month	2,880
Total ..	32,880
Eight temporary Agricultural Inspectors on Rs. 30 each per month (one for each district) ..	2,880
Thirty-two fieldsmen on Rs. 15 each per month (four under each Inspector) ..	5,760
Travelling allowances ..	7,000
Contingencies ..	700
One temporary Accountant on Rs. 40 per month ..	480
One temporary clerk on Rs. 25 per month ..	300
Total ..	50,000

I now beg leave to set forth some items in which the co-operation of other departments will greatly help the work of this department. If Government approve, I request that they may be pleased to issue the necessary instructions to the departments concerned.

1. Whatever may be the "mamool" with regard to the supply of water from tanks and channels, arrangements may be kindly made for providing proper irrigation facilities for these crops during the ensuing season.

2. In consequence of the present food situation it may not be possible to purchase grain for seed purposes as easily as in normal times. On a requisition from this department, the Revenue Authorities may be requested to commandeer stocks of grain suitable

for seed purposes and hand them over to this department. Application for such action will be made only as a last resort if other means fail and I am hoping that such applications will be few.

3. Arrangements may be kindly made that consignments of grain going under a certificate from this department are not liable to be stopped during transport.

4. As consignments of grain will have to be moved rapidly from place to place, the Director of Civil Supplies may be kindly requested to furnish me with a number of blank "Priority Certificates" duly signed by him to save time.

5. If the additional establishment now prayed for is sanctioned by Government there will probably be some trouble in finding the men to fill the posts of Inspectors. Sometime ago, the passed students of the Hebbal Agricultural School were circularized in order to find out which of them would be willing to enter service and only one reply has been received so far. There are a number of teachers in the Education Department who have undergone a course in Agriculture at the Normal School in Mysore and a short course at Hebbal. The Inspector-General of Education may be kindly requested to place on my requisition, the services of some of these men temporarily at the disposal of this department.

As time is an essential factor for success in this scheme, I beg that Government may be pleased to pass very early orders in the matter.

Returns.

No. G. 11568-80—P. P. 134-18-91, DATED BANGALORE, THE 14TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

OFFICIAL MEMORANDUM.

No. G. 11568-80—P. P. 134-18-91, dated Bangalore, the 14th December 1918.

The accompanying memorandum prescribing the returns to be furnished by the various officers in connection with the Food supply arrangements, is issued for the guidance of all officers concerned.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Inspector-General of Police in Mysore.
The Food Controller in Mysore
The Deputy Commissioners of Districts.
The Director of Civil Supplies in Mysore.
The Presidents of the City Municipalities, Bangalore and Mysore.
The Comptroller to Government
The Superintendent, Government Press, with the request that a sufficient number of copies of the forms may be kept in stock for supply to the various officers on their indents —the final proofs of the forms being sent to the Food Controller for approval

No. G. 11568-80—P. P. 134-18-91, DATED BANGALORE, THE 14TH DECEMBER 1918.

MEMORANDUM.

In connection with the food supply and control Operations various forms have been prescribed by Government, the Revenue Commissioner and the Food Controller. There is a certain amount of duplication and overlapping in these forms and the amount of clerical work thrown on subordinate offices is considerable.

It is therefore ordered that in supersession of all previous orders on the subject, the returns and forms indicated below be adopted.

I. COMMANDEERING OPERATIONS.

(1) A daily return of commandeering operations to be sent by all officers who are empowered to commandeer,

(*a*) to the Deputy Commissioner by all officers subordinate to him; and

(*b*) to the Food Controller by all officers. Form F. C. 1.

(2) A weekly return by all Deputy Commissioners and Presidents of the two City Municipalities to be sent to the Food Controller. Form F. C. 2.

(3) A weekly consolidated return to be submitted by the Food Controller to Government, with copy to the Revenue Commissioner. Form F. C. 3.

II. DEPOTS.

(1) From each Provincial Depot a return of daily transactions to be sent by the Depot Officer to the Food Controller. Form F. C. 4.

(2) From the Municipal Depots of Bangalore and Mysore a similar return to be sent daily to the Food Controller but omitting columns "From whom" and "To whom" in Form F. C. 4.

(3) From each Provincial, Municipal, District and Taluk Depot, a weekly return of transactions to be sent to Food Controller by the Depot Officer. Form F. C. 5.

(4) Each Taluk Depot and each Municipal Depot other than those at Bangalore and Mysore to send to Deputy Commissioner of the District a daily return in Form F. C. 4 and a weekly return in Form F. C. 5.

III. LICENSES TO MERCHANTS.

(1) Presidents of Town and Minor Municipalities and all officers empowered by Deputy Commissioner to issue wholesale, retail, or *sante* licenses, to send to the Deputy Commissioner, intimation of all licenses issued by them up-to-date and thereafter immediately on issue.

(2) Deputy Commissioners and Presidents of the two City Municipalities to send to the Food Controller intimation of all wholesale licenses issued in their respective jurisdictions up-to-date and thereafter immediately on issue.

IV. EXPORT LICENSES.

(1) All officers authorized by Deputy Commissioners to issue licenses for export by road to submit a weekly return to Deputy Commissioners. Form F. C. 6.

(2) All Deputy Commissioners to send consolidated weekly returns to the Food Controller including therein licenses issued by themselves in Form F. C. 6 and also to the Director of Civil Supplies.

(3) The Director of Civil Supplies to send to the Food Controller, weekly returns of priority certificates issued for transport of food grains outside the State. Form F. C. 7.

(4) The Food Controller to compile and submit weekly statements to Government. Form F. C. 8.

No. G. 11568-80—P. P. 134-18-91, DATED BANGALORE, THE 14TH DECEMBER 1918.

V. EXPORTS AND IMPORTS.

(1) All Ookads to send to the Amildar a weekly statement of exports and imports passing through their Ookads under license. Form F. C. 9.

(2) Amildars to consolidate the returns and send to the Deputy Commissioner with copy direct to Food Controller. Form F. C. 10.

(3) The Director of Civil Supplies to send to the Food Controller weekly statements of actual exports and imports by railway in the form furnished by the Railway.

(4) The Food Controller to consolidate and submit to Government and send copy to Revenue Commissioner. Form F. C. 11.

VI. In order to enable Government to keep in close touch with the food situation throughout the State, the following daily and weekly returns should be submitted in addition to the returns specified above.

Daily.—(1) By the Food Controller:—

A statement of receipts and issues of grains for each Provincial Depot and for the Municipal Depots of Bangalore and Mysore. Form F. C. 4.

Weekly.—(2) By the Deputy Commissioners of Districts, the Presidents of the two City Municipalities and the Food Controller:—

A weekly report of the situation in their respective jurisdictions under th following heads:—

(*a*) Stock on hand.
(*b*) Receipt during the week by commandeering in the district and from other districts or through the Food Controller.
(*c*) Issues during the week for use in the district or for transport to other districts.
(*d*) Markets how supplied.
(*e*) Whether any change is required in the prices fixed.
(*f*) General situation.
(*g*) Any special areas or matters in regard to which anxiety is felt.

Copies of the reports of the Deputy Commissioners and Presidents, should also be sent to the Revenue Commissioner and to the Food Controller and of the Food Controller's reports to the Revenue Commissioner.

READ—

Government Order No. G. 9378-432—P. P. 134-18-26, dated the 25th November 1918, issuing further instructions for the guidance of the officers concerned in conducting operations to control the food situation in the State.

Order No. G. 11087-146—P. P. 134-18-83, dated 11th December 1918.

Government direct that the following modifications be made in the order read above:—

(1) The 2nd sentence in para 4 (8) of the order may be omitted.

(2) Add the following after para 4 as para 4 (*a*).

"The Revenue Commissioner and the Inspector-General of Police will, in consultation with each other where necessary, adopt such suitable measures in their respective departments as will effectually stop all exports excepting those authorised by specific Government Orders."

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Inspector-General of Police in Mysore.
The Food Controller in Mysore.
The Deputy Commissioners of Districts.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 630, *dated the 7th December 1918, from the Food Controller in Mysore, soliciting the orders of Government on the proposals about the adjustment of the charges incurred in the Provincial Grain Depot on account of freight, rent of godown, fire insurance, establishment, wastage, etc.

(*Printed as annexure.)

Order No. G. 11710-23—P. P. 134-18-99, dated 16th December 1918.

The proposals are sanctioned with effect from 1st January 1919.

2. These charges during December 1918 will be borne by Government.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Food Controller in Mysore.
The Deputy Commissioners of Districts.
The Presidents, Bangalore and Mysore City Municipalities.
The Comptroller to Government.
The Director of Civil Supplies in Mysore.

Exd.—C.R.

ANNEXURE.

Letter No. 630, dated 7th December 1918, from the Food Controller in Mysore, to the Chief Secretary to the Government of Mysore.

I have the honor to solicit the orders of Government about the adjustment of the charges incurred in the Provincial Grain Depots on account of freight, rent of godown, fire insurance, establishment, wastage, etc.

My proposals in regard to these charges are explained below:—

(1) For ragi the charges on account of the above items come, as far as I have been able to calculate on the basis of expenditure hitherto incurred, to about four annas per bag of 80 seers. Whenever any consignment of ragi is sent to any of the districts, I propose therefore to debit the consignee with the above sum in addition to the price paid for the ragi, *viz.*, Rs. 6-4-0 per bag. Thus, each bag would cost the consignee Rs. 6-8-0 or Rs. 52 per cart in addition to freight, etc., paid by him at the place of delivery.

(2) For rice, I have asked the Director of Civil Supplies to intimate whenever a consignment is expected the price per bag together with the freight to Bangalore. To this I would add four annas per bag on account of transport to depot, and depot charges. If the bags are consigned to another station without bringing the articles to the depot, the charges will be only for handling at the station, but in order to avoid confusion, a uniform addition of four annas per bag may be made.

(3) In addition to the above, there is the value of bags. When bags are issued, I propose debiting the consignee with the actual cost of the same, and giving him credit for two-thirds of the value when they are returned.

(4) In the above calculations I do not include charges on account of interest, or the salary of any establishment except that specially entertained for the depots.

If the above proposals are approved, I request that instructions to accept the same may be issued to the Comptroller, the Deputy Commissioners of Districts and the Presidents of the two City Municipalities.

No. G. 11302—Mily. 213-18-3, dated 12th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Annual Report of the Military Forces for the year 1917-18, submitted by the Chief Commandant, Mysore State Troops with his letter No. 3330, dated the 2nd October 1918.

Order. No. G. 11302 Mily. 213-18-3, dated 12th December 1918.

Recorded.

2. The expenditure under all branches of the Military service amounted to Rs. 15,04,081 as against Rs. 13,98,788 in the previous year: the increase of Rs. 1,05-293 being under Headquarter charges, Imperial Service Regiment, Mysore Horse, Barr Infantry and miscellaneous charges.

3. The strength of the combatants and followers of the Imperial Service Regiment in the Field was 568 and 145 as against 473 and 116 in the previous year. The number of men of the Imperial Service Troops that came back invalided from the Field during the year was 85, while the number sent to the Field was 231.

4. His Highness the Maharaja was pleased to confer the title of "Lieutenant" on Mr. A. A. Montiero, Assistant Veterinarian; Jamedars Abdul Gaffar and Krishna Rao Kadam were respectively granted Indian Distinguished Service and Indian Meritorious Service Medals.

5. Government are pleased to note that the Transport Corps on the Field maintained a high degree of efficiency and discipline, and that the Mysore Imperial Service Lancers which continued to remain on active service in Palestine throughout the year took part in the attack on Gaza in November 1917 and that the conduct of the Regiment in the battle and their subsequent pursuit of the enemy received high appreciation.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Read again—

Government Order No. G. 9655-9704—Mily. 165-15-1, dated 8th January 1916, directing that, as far as possible, Military members of the Imperial Service Troops invalided home should be provided with suitable employment in civil departments where the Military standard of physical fitness is not essential.

Order No. G. 11322-82—Mily. 425-17-3, dated 13th December 1918.

Government note with regret that since the issue of the Government Order read above not even a single member of the Imperial Service Troops invalided home has been entertained in any of the civil departments.

2. The Chief Commandant, Mysore State Troops is requested to send printed lists of such men as are now fit for employment in the civil departments, to all heads of offices and supplemental lists, if necessary, later, and to inform these men that they should apply to the head of the office in which they may desire employment. The Heads of Departments are requested to see that all vacancies for which these men are fit are given to them, in preference to other people and to send a half-yearly statement so as to reach Government on the 25th August and 15th February every year in the accompanying form.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops.

Report on the working of the Amrut Mahal Department.

No. G. 11888-9—Mily. 182-18-3, dated 18th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The annual Report on the working of the Amrut Mahal Department for the year 1917-18, forwarded by the Chief Commandant, Mysore State Troops, with his letter No. 3261, dated the 28th September 1918.

Order No. G. 11888-9—Mily. 182-18-3, dated 18th December 1918.

Recorded.

2. Notwithstanding the scarcity of pasture and the breaking out of epizootic diseases such as Black-quarter and Rinderpest, the total mortality among the Amrut Mahal cattle was only 791 as against 885 in the previous year.

3. The percentage of birth-rate for the year was 40·51 as against 41·24 in the previous year; and that of the death-rate fell from 10·75 in 1916-17 to 9·26 in the year under review. The fall in the birth-rate is attributed to unseasonable rainfall, its unequal distribution and the want of pasture in summer. As observed by the Chief Commandant, the birth-rate might be improved by the supply of good breeding bulls to the several herds. This requires early attention.

4. With a view to improve pasture the Superintendent proposes to grow (1) Rhodes grass, (2) Guinea grass, (3) Elephant grass and (4) Mauritius water grass, in selected localities. The result of the experiment will be awaited with interest.

5. The demand for the year amounted Rs. 57,907-2-7 as against Rs. 41,221-1-8 in the previous year, while the expenditure fell from Rs. 35,049-8-6 in 1916-17 to Rs. 26,853-8-6 during 1917-18, the decrease being mainly due to the savings effected in the pay of the Superintendent, Amrut Mahal Department.

6. One ram of the Australian flock is reported to have been given to a raiyat for breeding purposes and the number at the close of the year was 217. It is satisfactory to note that the Bangalore Woollen, Cotton and Silk Mills Company to whom samples of fleece were sent have pronounced them to be of good quality and to be free from kemp.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops.

Read—

Correspondence ending with letter No. 688, dated 19th July 1918, from the Chief Commandant, Mysore State Troops, submitting for sanction the following proposals on the lines indicated in Army Instruction (India) No. 256 of 19th March 1918:—

(1) that in the case of the Mysore Imperial Service Troops (combatants and permanent or temporary followers) who have returned insane from Field Service Overseas, family allotments may be continued to the allotees by way of advance until the claim to injury pension has been disposed of and

(2) that if the allotment paid is found to be greater than the pension sanctioned, recovery of the difference may be waived and if less, the difference may be paid to the person concerned.

Order No. G. 11383-4—Mily. 374-17-4, dated 13th December 1918.

Reduction of Matter in the "Mysore Gazette."

No. G. 12340-400—P. S. 1-18-50, DATED 23RD DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. G. 12340-400—P. S. 1-18-50, dated 23rd December 1918.

With a view to reduce the matter that is being published at present in the English edition of *Mysore Gazette*, Government are pleased to issue the following instructions:—

(*a*) Elaborate notices about the Dasara exhibition, Flower show, etc., and the catalogue of books available for sale in the Government Book Depot need not be published in the *Gazette*. The necessary number of copies may be separately printed and distributed to the Departments concerned.

(*b*) The proceedings of Municipal Councils and District Boards and of the Malnad Improvement Committee need not be printed free. If any of these bodies desire their publication in the *Gazette*, it may be done on payment at the usual rates. But notices and bye-laws required by law to be published in the Gazette will continue to be published free.

(*c*) Repeating notices, such as the Financial Secretary's notices about facilities for negotiation of Government Loan bonds and Comptroller's Standing Circulars will be published only in the first issue of every month.

2. In modification of Government Orders Nos. G. 2019-69 and G. 5727-66—G. F. 109-03, dated 31st October 1903 and 22nd April 1905, respectively, regarding the matter that should appear in the Kannada portion of the *Gazette*, Government direct that the Kannada edition be confined to the following:—

(*a*) Part I (Excepting War Notifications.)
(*b*) Parts III and V.
(*c*) Part VI, Government orders only, and
(*d*) of Parts II and IV, only notices, etc., required by law to be published in Kannada.

C. S. BALASUNDARAM IYER,
Chief Secretary to Govt.

Allocation of the officers of the Medical Department.

No. G. 11538-9—Med. 29-18-2, dated 14th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 679-80—Med. 69-16-4, dated 13th July 1918, sanctioning the re-organisation of the Medical Department.

2. **Letter No. C. 81-2, dated 10th August 1918, from the Senior Surgeon, submitting proposals for the allocation of the officers of the Medical Department in the newly sanctioned grades as requested in para 5 of the above order.**

3. **Letters Nos. C. 81-9 and C. 81-13, dated 17th August 1918 and 29th August 1918, respectively, from the same officer, forwarding representations from certain officers of the Medical Department, urging their claims for preferment in the allocation proposals with his views thereon.**

Order No. G. 11538-9—Med. 29-18-2, dated 14th December 1918.

Government have carefully considered the proposals of the Senior Surgeon and the representations of the officers and are pleased to sanction the allocation of the officers of the Medical Department in the new grades sanctioned in the order of the 13th July 1918, as shewn in the annexed statement with effect from the 1st January 1918.

The Senior Surgeon has also submitted a complete list (appended) of allowances to be given to certain officers irrespective of the pay of their grades in accordance with instructions given in paragraph 2 of the order read above, and Government are pleased to ratify the allowances which are included in this list.

The house rent allowance now being allowed to the several officers under the above list will continue to be drawn by them pending the decision of the general question of house rent now under consideration.

As the charges of the three large institutions Victoria, Krishnarajendra, and Minto Ophthalmic Hospitals, entail special responsibilities, Government consider that each such charge should have an allowance attached to it, but in view of the circumstances that substantial promotion is given in the re-organisation, the question will be taken up for consideration after a year.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

The Report on the working of the Vaccination Department in the State and of the Vaccine Institute, Bangalore, for the Calendar year 1917.

No. G. 10795-805—San. 44-18-3, dated 9th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

The Report on the working of the Vaccination Department in the State and of the Vaccine Institute, Bangalore, for the calendar year 1917, received from the Sanitary Commissioner with his letter No. P. 50 (*a*), dated the 7th September 1918.

Order No. G. 10795-805—San. 44-18-3, dated 9th December 1918.

Result of vaccination during the year.—The number of persons vaccinated during the year under report was 96,180 as against 97,280 in the previous year, showing a decrease of 1,100. Under "District Vaccination" there was a considerable decrease in the number of persons vaccinated by Medical Officers.

The decrease in the number of persons vaccinated is mainly under re-vaccination and is explained as due partly to the absence of epidemic and partly to careful scrutiny of the work of vaccinators and the greater accuracy of figures. With the reorganisation of the Department and the increased staff, Government hope that better progress will be shown in future.

The number of deaths from small-pox decreased from 2,234 in 1916 to 1,468 in the year under review.

Compulsory vaccination.—The attention of the Presidents of the Municipal Boards is invited to the remarks of the Sanitary Commissioners in para 8 of his report, regarding the working of the system and they are requested to adopt suitable measures in the matter.

Inspection work.—There was a decrease in the number of cases of vaccination inspected by the Deputy Inspectors of Vaccination. As the Supervision Staff has now been increased Government expect better results in future.

Cost of department.—The cost of the department, excluding Vaccine Institute, was slightly in excess of that in the previous year the amount being Rs. 25,699 as against Rs. 22,717 in 1916.

The average cost of each successful vaccination was approximately the same as in last year, *viz.*, Re. 0-4-9 as against Re. 0-4-8·5

Vaccine Institute.—There has been a considerable decrease in the quantity of vaccine manufactured in the institute, though there has been an increase in the net expenditure. This has not been explained.

The management of the Institute left much room for improvement during the year under report, and Government hope that now that the Vaccine Institute has been placed directly under the Sanitary Commissioner, the internal administration of the institute will be more economical and show appreciably better results.

With a view to improve the vaccination work in the State the reorganisation of the department was sanctioned in March 1918, and the control of the vaccination establishment was transferred to the District Boards subject to the continuance of the professional advice and scrutiny of the Sanitary Commissioner who is requested to make a special report to Government as to whether the reorganisation scheme has been given full effect to and how it is working. Definite rules have also been prescribed by Government to regulate and supervise the work of vaccination.

The explanation furnished for the delay of four months in the submission of the report is not satisfactory.

C. S. BALASUNDARA,M IYER
Chief Secretary to Government.

To—The Sanitary Commissioner in Mysore.
The Deputy Commissioners and Presidents of Municipal Councils.

Report on Sanitation in Mysore for the Calendar Yeas 1917.

No. G. 11638-49—San. 48-18-4, dated 16th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

The Report on Sanitation in Mysore for the calendar year 1917, received from the Sanitary Commissioner with his letters Nos. P. 49 and P. 49-3, dated the 24th and 30th September 1918.

Order No G. 11638-49—San. 48-18-4, dated 16th December 1918.

Seasonal conditions.—There was a diminution in the rainfall during the year under report. The prices of food grains did not vary to any substantial extent from those of the preceding year.

2. *Vital statistics.*—The recorded birth-rate was 20·00 per mile, which is slightly less than that of 1916, but exceeded the quinquennial average by 0·27 per mile. The number of births registered in town circles was slightly in excess of that in the previous year. There was an excess of births over deaths in the five districts of Kolar, Tumkur, Hassan, Kadur and Chitaldrug. During the year under report, there was an increase of 16,573 deaths, the death-rate being 19·54 as against 16·63 in 1916. The increase is reported to be mainly due to excess of mortality under cholera and fevers. The deaths among infants under one year of age was in excess of those for the previous year by 627. The attention of the Municipal Councils of Bangalore, Mysore and the Sanitary Board, Kolar Gold Fields, is invited to the suggestions of the Sanitary Commissioner in para 9 of his report regarding the steps to be taken to reduce the high infantile mortality.

3. *Principal causes of death.*—There was a severe outbreak of cholera during 1917, the registered number of deaths being 7,288 as against 137 in 1916. The mortality was high during the month of November 1917. Kadur District was free from the disease and the mortality in Hassan and Shimoga Districts was only 38 and 49, respectively. It is reported that a total of 400 attacks with 328 deaths from cholera was recorded for the Mysore City alone. The cholera preventive measures should in future be more vigorously undertaken in the infected areas. It is the responsible duty of the Department of Public Health to take effective steps in this direction and the heavy mortality reported is not creditable to the department. The mortality from small-pox was 1,468 against 2,234 in 1916.

There was a slight increase in the mortality from plague, the number of deaths being 10,410 as against 9,779 in 1916. The disease prevailed in all the districts throughout the year. The attention of the Municipal Councils and the local bodies is invited to paragraph 22 of the report containing useful suggestions regarding the compaign against rats.

There was an increase of 6,103 deaths from fever in 1917, the highest mortality being in December with 4,415 deaths. The death-rate was high in the districts of Shimoga and Kadur, *viz.*, 9·37 and 9·32, respectively, Mysore District reported very high figures, *viz.*, 10,005.

The Presidents of the Municipal Councils are requested to arrange in consultation with the Sanitary Commissioner, for a malarial survey being carried on in localities where mortality from fever is heavy in order to determine the special measures necessary for combating malaria.

4. *Sanitation in malnad.*—Much progress has been made in the direction of clearing rank vegetation, sinking of wells and improvement of drainage in the malnad tracts of the districts of Shimoga, Kadur and Hassan. Disease survey of

certain villages in the Kadur District was also conducted. The attention of the Chairman of the Malnad Improvement Committees is invited to the remark of the Sanitary Commissioner in paragraph 52 of the report regarding the formation of new villages.

5. *Medical inspection of schools.*—A large number of children were examined during the year under review. The proposals for the development of the scheme promised by the Sanitary Commissioner in paragraph 48 of his report are awaited.

6. *Sanitary work.*—The Central Sanitary Board advised on six schemes referred to them for consideration. The aggregate expenditure incurred by the Municipalities on sanitary works was Rs. 56,610, the principal works being improvement of water-supply, construction of drains and of public latrines, etc. The total expenditure incurred by the Public Works Department on works of sanitary nature was Rs. 87,801.

7. *General.*—The report as to what extent the registration of vital statistics underwent verification, also the work done by the Sanitary Inspectors in districts has not been furnished, as required in Government Proceedings No. 3181-9—San. 61-17-5, dated the 13th December 1917. This information should be furnished in a supplementary report. Government regret to learn that there was considerable delay in the submission of the report, and that the explanation for the same is not satisfactory. Such delays should be carefully guarded against.

The re-organisation of the Department of Public Health is under consideration of Government. It is a matter of vital importance that the work of the department should be conducted on more effective lines, not only in the direction of preventive measures but also under scientific investigation and research. The recent Influenza Epidemic has shown the defects of the existing organisation as well as the methods of work, and Government hope that the Sanitary Commissioner will show much better work in all the branches of Public Health Administration in his future reports.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Presidents of the City Municipal Councils of Bangalore and Mysore.
The President, Kolar Gold Fields Sanitary Board.

Power to move and discuss Resolutions.

No. G. 10297-321 —LEGIS. 22-18-1, DATED 3RD DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 10297-321—Legis. 22-18-1, dated 3rd December 1918.

The non-official members of the Legislative Council have been urging for some time past that they should be allowed to move resolutions on matters of general public interest. When the Legislative Council was first constituted in 1907, discussion therein was confined to legislative matters actually before the Council. Subsequently in 1914 this limitation was relaxed, and discussion on the annual financial statement was allowed, and power was also given to ask questions on matters of general interest. Power to ask supplementary questions was conferred in 1915, and a Finance Committee consisting of official members and elected non-official members was constituted this year. Government are of opinion that the non-official members may now be given further opportunities for placing their views before the Government, and are accordingly pleased to confer on the members the privilege to move and discuss resolutions relating to matters of general administrative interest excluding the budget, subject to such restrictions and conditions as Government may deem fit to impose in the public interest. Necessary action will be taken to amend the Legislative Council Regulation accordingly.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretary, Mysore Legislative Council.
The Members of the Mysore Legislative Council.

Exd.— C. R.

No. G. 10472-81—Pol. 234-15-21, dated 4th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 8506—619, dated the 1st June 1918, from the Inspector-General of Police in Mysore, submitting, with reference to para 2 of Government Order No. J. 4609-18—Pol. 234-15-10. dated the 10th May 1918, certain points for consideration and orders of Government in regard to the horse allowance to be drawn by Inspectors and Sub-Inspectors.

2. Letter No. 445—33, dated the 16th July 1918, from the same officer requesting that the number of Daffedars, Constables and Sub-Inspectors given in the appendix to Government Order of 10th May 1918 sanctioning the Re-organisation Scheme of the Department may be modified for reasons stated.

3. Letter No. 76, dated 20th July 1918, also from the same officer, requesting that a pass in the Entrance Examination for the Brahmans and Secondary School-Leaving Certificate for other communities may be prescribed as the minimum qualification for recruitment to the grade of Inspectors as the existing standard was too high and failed to attract recruits.

Order No. G. 10472-81—Pol. 234-15-21, dated 4th December 1918.

The Inpspector-General of Police had proposed three rates of horse allowance, namely, Rs. 30, 25 and 20 to the Inspectors but only two rates 25 and 20 were sanctioned by Government. He has instructed that Inspectors of stations for which he had recommended Rs. 30, 25 may draw allowance at Rs. 25 a month and the remaining Inspectors at Rs. 20 a month and requests that his action may be confirmed. The places for which higher rates are allowed are either Malnad tracts or costly stations and Government are therefore pleased to approve of the Inspector-General's action.

Considering the unhealthiness of Mudgere, Koppa and Manjarabad Taluks and also their importance as coffee areas, the allowance of Rs. 50, drawn by the Inspectors of those places will be continued, but they will be not allowed to draw any other allowance.

The Inspector-General's recommendation that the two Inspectors attached to the Chief Office may be permitted to draw horse allowance when they maintain a horse or a cycle allowance permissible under the rules if they keep only a cycle is also approved.

The Inspector-General's recommendation that the Jemadars and Inspectors attached to the Chief Office should draw the allowance at the same rates as similar officers in the City draw and that the temporary Police Officers should be given the allowance attached to the stations to which they are posted, are reasonable, and Government are pleased to approve of the same.

Having regard to the present conditions, the Inspector-General's recommendation on behalf of Jemadars that they should draw horse allowance Rs. 12 for mofussil and less costly stations, Rs. 15 for headquarters and more costly stations cannot be considered too high and Government are accordingly pleased to sanction these rates.

The Inspector-General recommends to all the Railway Sub-Inspectors horse allowance attached to the stations to which they are posted. At present some Railway Inspectors draw horse allowance, some local or charge allowance. In other cases the allowance is for house rent. Government fail to see sufficient reason for the Railway Police Officers maintaining a horse or pony. In order to obtain uniformity the Inspector-General will consider the question of abolishing it altogether and submit suitable proposals to Government for orders.

The list of stations furnished by the Inspector-General for which higher rates of horse allowance should be given to the Sub-Inspectors and Jemadars is approved, and will be printed as appendix to this order.

No. G. 10472-81—Pol. 234-15-21, dated 4th December 1918.

The Inspector-General brings to the notice of Government that the figures contained in the proposition statement submitted to Government with the proposals for the re-organisation of the Police was with reference to the establishment as it stood in September 1916, that since then 12 Daffedars and 82 constables have been added to the force and 2 constables have been absorbed.

There has also been an excess of four Daffedars over and above the number shown, in the proposition statement on account of the fact that 4 Drill and Gymnastic Instructors of the Police Training School have been separately shown against the establishment of the school. A corrected list showing the distribution of the Force in the State from the Daffedars to constables is now annexed to this order.

In regard to the Inspector-General's proposals about the minimum educational qualification for the recruitment of the Inspectors, Government are of the opinion that the standard proposed by him is too low and that the question may be considered after some experience is gained in the working of the present scheme.

C. S. BALASUNDARAM IYER.
Chief Secretary to Government.

To—The Inspector-General of Police in Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Exd.—C. R.

Distribution of Police Inspectors in the New Grades.

No. G. 10594-5—Pol. 234-15-20, dated 11th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918, sanctioning the re-organisation of the Police Department.

2. Letter No. 7770-551, dated 11th May 1918, from the Inspector-General of Police, submitting for sanction a statement showing the distribution of Inspectors in the new grades.

3. Correspondence ending with the Inspector-General's letter No. D. O. C. 84, dated 22nd July 1918, submitting the Service Register and confidential reports of certain Inspectors.

Order No. G. 10594-5—Pol. 234-15-20, dated 11th December 1918.

Government have carefully considered the proposals of the Inspector-General of Police and are pleased to sanction the distribution of Inspectors in the new grades as shown in the statement annexed. The distribution will take effect from the date of the order sanctioning the re-organisation.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Inspector-General of Police in Mysore.
The Comptroller to Government of Mysore.

Exd.—C. R.

Provincial Collection of Books.

No. G. 10690-750—G. M. 600-17-6, DATED 6TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 10690-750—G. M. 600-17-6, dated 6th December 1918.

Government consider that the books delivered under Sections 9(*a*) and 11 of the Press and Registration of Books Act, XXV of 1867, by the publishers in the State may, with advantage, be made use of for the purpose of maintaining a provincial collection and making them accessible to the public for perusal.

2. To ensure this object, Government are pleased to lay down the following instructions:—

(*a*) The Registrar of Authorised Publications in Mysore should examine the said books as they are received, retain such of them as may be required for the use of Government and such as are considered unsuitable for public perusal and send a copy each of the rest to the Public Library at Bangalore.

(*b*) The Secretary to the Mysore Economic Conference is requested to issue necessary instructions to the officer in charge of the Public Library at Bangalore to properly catalogue the books sent to the Library and preserve them carefully.

(*c*) The Registrar of the Authorised Publications should at the end of each year submit to Government a report as to the action taken by him in this respect.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Registrar of Authorised Publications in Mysore.
The District Magistrates of Districts.
The Inspector-General of Education in Mysore.
The Secretary, Mysore Economic Conference.
The Heads of other Departments.

Exd—C. R.

No. G. 11728-88 / G. M. 80-18-5

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 17th December 1918.

OFFICIAL MEMORANDUM.

The accompanying Notes of Inspection by the Dewan during his tour in Shimoga, Chitaldrug, Kadur, Hassan and Tumkur Districts in November 1918, are circulated to Heads of Departments and Deputy Commissioners of Districts, for information and favour of necessary action.

Instructions as regards the method of dealing with the subjects noted in these notes have been conveyed in Government Order No. G. 5718-68—G. M. 80-18-1, dated 18th September 1918, and Official Memoranda Nos. G. 2974-3023—G. M. 241-16-1 and G. 2369-419—G. M. 253-17-1, dated 30th August 1916 and 22nd August 1917, respectively.

A responsibility sheet in regard to the more important subjects is forwarded to the officers concerned for immediate action.

Reports of the action taken on the subjects should be submitted by the officers concerned before the end of the current month.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.
The Deputy Commissioners of Districts.
The Secretaries to Government.

Exd.—C. R.

No. G. 11526-35—G. M. 120-18-2, DATED 14TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 15508-58—G. M. 635-17-1, dated 17th May 1918, sanctioning the constitution of a Statistical Branch in the General and Revenue Secretariat and the appointment of a Director of Statistics.

Letter No. C. 4227, dated 23rd July 1918, from the Revenue Commissioner in Mysore, suggesting that the Deputy Commissioners may be instructed to send to his office a copy of the statements of cattle mortality (Nos. 13 and 14 in the list appended to the Government Order of 17th May 1918 read above.)

Order No. G. 11526-35—G. M. 120-18-2, dated 14th December 1918.

According to the order of 17th May 1918 read above (*vide* items 13 and 14 of the statement appended thereto) the quarterly and annual returns of cattle mortality have to be submitted direct by Deputy Commissioners to the Director of Statistics. The Revenue Commissioner suggests the desirability of his being kept informed of the state of cattle mortality and proposes that Deputy Commissioners may be directed to forward to him also copies of the returns which they submit to the Director of Statistics.

2. Government agree with the Revenue Commissioner in thinking that he should be kept informed of the state of cattle mortality and are further of opinion that the review of these returns being administrative in nature and purpose, should be made by him. They are therefore pleased to direct, in supersession of the procedure prescribed by the order of May last that the returns should in future be submitted by Deputy Commissioners to the Revenue Commissioner instead of to the Director of Statistics before the dates now shown in the statement. The Revenue Commissioner will review the returns and forward the consolidated returns with the review to the Director of Statistics. Columns 4 and 5, items 13 and 14 of the statement appended to the Government Order of May 1918 will be corrected accordingly "Revenue Commissioner" being substituted for "Deputy Commissioners" and the date in column 5 being in each case advanced by a fortnight to provide for the receipt of the returns and their review by the Revenue Commissioner.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Director of Statistics in Mysore
The Deputy Commissioners of Districts.

Representative Assembly.

No. G. 10065-125—R. A. 5-18-2, DATED 2ND DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Rule 13 of Notification No. G. 10156—G. R. 33-14-1. dated 22nd March 1915, republishing the Rules relating to the Constitution and Conduct of Business of the Representative Assembly.

2. Report of the Special Committee of the Representative Assembly, appointed in Government Order No. G. 15601-50—G. M. 554-16-1, dated 19th May 1917, to report on the Constitution and Conduct of Business of the Representative Assembly.

3. Subject No. 73 (Undiscussed) of the Second Session of the Representative Assembly, April 1918, regarding the quorum for meetings held by Municipalities and District Boards for deputing members to the Representative Assembly.

Order No. G. 10065-125—R. A.—5-18-2, dated 2nd December 1918.

The question of reducing the quorum for meetings held by District Boards and Municipalities to elect members for the Representative Assembly, which is now three-fourths of the number of non-official members of these bodies, has been before Government on several occasions ; and Government on those occasions deemed it unnecessary to reduce the quorum required under existing rules.

In view, however, of the frequent representations that have been made on the subject there is reason to think that the limit is too high in the case of District Boards as members have to come from long distances to exercise the right of voting, and Government are therefore pleased to reduce the quorum in the case of these bodies from three-fourths to six-tenths of the number of non-official members on them. As regards Municipalities, they consider that no relaxation of the rules is necessary.

The alteration in the present rules, necessitated by the above provision, is indicated in the Annexure to this order.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.
The Deputy Commissioners of Districts.
The Compiler, *Mysore Gazette*, for publication in the Gazette.
PRESS TABLE.

ANNEXURE.

Rule 13 will read as follows:—

The Rule prohibiting a Government servant from voting for or being elected as a member of the Assembly shall of course apply to Municipal and Local Boards and Associations deputing a member to the Assembly. In meetings of the non-official members of those bodies held for the purpose of deputing a member of the Assembly, six-tenths of the number of such non-official members in the case of District Boards and three-fourths of such number in the case of Municipalities and Associations shall constitute a quorum.

No. G. 11925-85—R. A. 27-18-1, DATED 18TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Order No. G. 11925-85—R. A. 27-18-1, dated 18th December 1918.

The following statements showing, among other particulars, the disposals of representations made at the Dasara and April Sessions of the Representative Assembly of 1917-18 and of those of previous years, are published for general information.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

LIST A.

Statement showing the Subjects brought forward and discussed at the R. A. meetings of 1917-18 *referred to* Heads of Departments.

No.	SUBJECT
	Chief Engineer and Secretary to Government, P. W. D.
140	Construction of a bridge over the Palkere tank, Nagamangala Taluk.
	Deputy Commissioner, Chitaldrug District.
156	Construction of an over-bridge at Davangere.
	President, District Board, Tumkur.
179	Conversion of Tumkur-Hagalvadi road into provincial one.
	President, Bangalore City Municipal Council.
183	Framing of rules for compounding of medicines in private medical shops.

LIST D.—Statement of Representative Assembly Subjects disposed of in the year 1917-18.

Year	Subject No.	Abstract of Representation	Abstract of Government Order
		Discussed Subjects.	
April 1918	19	(1) Removal of restriction on cultivating coffee within 50 yards of jungle streams and (2) appointment of a Committee to investigate the effect of its cultivation on water-supply.	States that (1) in the case of coffee lands granted long ago, no change of the conditions can now be made and that as regards future lands, the grantees, when getting the lands, may ask for any modification of the restriction and (2) as regards the appointment of a Committee, it is unnecessary. No. 4646-9—L. R. 274-18-2, dated 23rd September 1918.
Do ...	26	Closure of pathways and cart-tracks running through occupied lands.	Requests the Superintendent, Revenue Survey and Settlements, to take steps for noting and keeping intact such customary pathways during resurvey according to Government Order to Subject No. 109 of 1911. No. R. 679—L. S. 73-17-2. dated 9th July 1918.
Do ...	45	Registration of repayment of Takavi Loans in the Sub-Registry Office.	States that there is no necessity to adopt the suggestion. R. 2896-8—R. 12-18-2, dated 24th August 1918.
Do ...	59	Exemption of Malnad people from the operation of the Arms Regulation.	States that the existing rules afford sufficient facilities for possession of arms for purposes of protection and that there is no necessity for altering them. No. G. 4702-10—Pol. 48-18-1, dated 3rd September 1918.
Do ...	79	Injurious results of the serum supplied by the Sanitary Department in Chitaldrug.	States that from the enquiries instituted, there is reason to believe that the complication was not due to bad lymph. No. G. 5914—San. 21-18-4, dated 21st September 1918.
Do ...	80	Increasing the pay of vaccinators ...	Invites attention to G. O. No. 5044-63—San. 68-16-6, dated 9th March 1918, sanctioning the re-organisation of the Vaccination Department. No. 2594, dated 3rd August 1918.
Do ...	81	A Pasteur Institute in the State ...	States that it is not necessary to open a local Pasteur Institute. No. G. 2193—Med. 23-18-1, dated 29th July 1918.
Do ...	100	Realisation of school fees ...	States that it is not considered desirable to alter the existing rules. No. 2631—Edn. 141-18-4, dated 23rd September 1918.
Do ...	102	Government help to coffee planters ...	Sanctions a scheme for granting special loans to coffee planters. G. O. Fl. 6456-68, dated 2nd May 1918.
Do ...	112	Privilege to Mahomedans to elect their own members to Representative Assembly and other local bodies.	Considers that there is no necessity to grant the privilege of separate election. No. G. 5488—R. A. 4-18-2, dated 14th September 1918.
		Undiscussed Subjects.	
Do ...	9 and 10	(1) Appointment of teachers to A.-V. Schools. (2) Increase of pay of A.-V. School Masters.	States that the question of improving the prospects and efficiency of School Masters employed in A.-V. Schools is engaging the attention of the Inspector-General of Education. No. 2762-4—Edn. 96-18-4, dated 25th September 1918.

LIST B—*contd.*

Year	Subject No.	Abstract of Representation	Abstract of Government Order
		Undiscussed Subjects—contd.	
April 1918	11	Amalgamation of A.-V. Schools and High Schools.	Invites attention to G. O. No. 9922-3—Edn. 118-16-16, dated 29th May 1917, directing the separation of A.-V. Schools from High Schools and states that no change seems called for at present. No. 2004—Edn. 97-18-2, dated 31st August 1918.
Do ...	14	An English Knowing Hindustani Munshi to High Schools at District Headquarters.	States that the matter will receive the consideration of the Inspector-General of Education. No. 2695—Edn. 100-18-4, dated 24th September 1918.
Do ...	23	Improvement of existing schools ...	States that steps are being taken to improve the equipments, accommodation and staff of schools and that a sum of Rs. 50,000 has been provided for, in the budget for the year for it. No. 2199—Edn. 109-18-2, dated 6th September 1918.
Do ...	27	Encouragement for the education of Halenadu Karnataka Brahmins.	Invites reference to G. O. No. 806-10—Edn. 42-17-125, dated 25th July 1918, and states that the case of the community in question is also governed by the principle laid down in the Order No. 2784—Edn. 113-18-2, dated 26th September 1918.
Do ...	28	Holding of the University Examinations twice a year.	States that the proposal cannot be given effect to at present, as the classes are organised on the basis of a year's programme, that the subject might be considered at the end of a few years more and that it will however be referred to the University. No. 1383—Edn. 114-18-2, dated 12th August 1918.
Do ...	29	Exemption from class attendance of S. S. L. C. candidates who have once appeared.	Invites attention to Government Notification No. 349—Edn. 77-17-35, dated 10th July 1918, in which Rule VII (2) contains a provision for enabling a candidate who has failed to secure satisfactory marks in at least two Public Examinations, to appear at subsequent examinations as private candidate. No. 1925—Edn. 115-18-2, dated 27th August 1918.
Do ...	33	Establishment of Government Girls' Schools wherever the expected strength is 10 and more.	States that the proposal is impracticable. No. 2522—Edn. 118-18-4, dated 18th September 1918.
Do ...	41	Summer vacation to A.-V. Schools in Malnad	Invites attention to G. O. No. 440-2—Edn. 170-16-4, dated 15th July 1918, sanctioning for a period of three years, the proposals of the Inspector-General of Education in regard to the grant of special vacation in Malnad. No. 1725—Edn. 126-18-2, dated 20th August 1918.
Do ...	51	Abolition of rent charged for electric metres for the supply of power to houses for lighting purposes.	Abolition is not possible. G. O. No. Camp 10-11, dated 13th October 1918.
Do ...	55	Registry of inam lands endowed to temples.	Invites attention to G. O. No. 11771-81—R. 1744, dated 19th January 1895, directing the registry of pattas in the name of the deity concerned, and requests that instances contravening this order may be ascertained and steps taken to rectify the error. No. 443—M, F. 89-18-2, dated 6th August 1918.

Do	...	56	Lease of temple inam lands, etc. ...	Informs that villagewar lists are ready and being printed, that lists of lands held by individual temples are also under preparation, that a circular order directing the renewal of leases once in five years have already been issued and that detailed instructions for the proper maintenance of accounts and registers will be issued shortly. No. 581—Muz. 90-18-2, dated 17th August 1918.
Do	...	61	Re-opening of Annachattrams. ...	Informs that the stoppage of feeding was ordered in these chattrams as conditions of travel and pilgrim routes had materially altered since their original institution and that the convenience of the travelling public has been safeguarded by converting these chattrams into rest-houses with an adequate establishment to cater to their requirements. No. 582—Muz. 95-18-2, dated 17th August 1918.
Do	...	64	Restoration of Muzrai Institutions ...	States that such help is now being given in deserving cases so far as the funds at the disposal of the Muzrai Department will permit. No. 486—Muz. 98-18-2, dated 13th August 1918.
Do	...	69	Change of working hours in Government Offices.	Considers that no change is required in the existing arrangements. No. R. 995—E. A. G., dated 18th September 1918.
Do	...	70	Fixing of working hours and grant of remuneration for over-time work in Government Offices.	The present system needs no change No. 994 —E. A. G., dated 18th September 1918.
Do	...	71	Prohibition of the practice of taking public records home by Government officials.	Draws attention to Rule 7 of the General Rules of Office Procedure laying down that, except with the permission of the head of the office no official papers should be taken home and states that no further action is necessary. No. 973—E. A. G., dated 11th September 1918.
Do	...	72	Advancement in Government Service to educated people of the Malnad.	Invites attention of Heads of Departments and Deputy Commissioners of Hassan, Kadur and Shimoga Districts to Rule 6 of the Clerkship Rules issued with G. O. No. 172—E. A. G., dated 5th March 1917, which lays down that, in filling up vacancies preference shall, as far as possible, be shown to natives of the district in which the appointment is held. No. 1010-59—E. A. G., dated 23rd September 1918.
Do	...	74	Deputation of a member to the Representative Assembly from Co-operative Societies at District Headquarters.	States that the present size of the Assembly does not admit of any additions and that it is not possible at present to give representation to the special interests now proposed. No. G. 6126—R. A. 6-18-2, dated 24th September 1918.
Do	...	75	Discontinuance of the supplemental subjects and the increase of the number of subjects for discussion at the Representative Assembly.	Existing rules require no change at present. No. G. 4262—R. A. 7-18-2, dated 28th August 1918.
Do	...	76	Printing in Kannada of subjects to be discussed at the Representative Assembly.	States that arrangements have been made to make the Kannada edition of subject books fuller in future. No. 4128—R. A 8-18-2, dated 26th August 1918.
Do	...	77	Discontinuance of the impressment of carts for Government purposes.	States that as No. G. 7462-9—G. M. 179-06-10, dated 30th May 1907, covers the whole case, no change is desirable in the present system. No. G. 5926—G. M. 30-18-2, dated 21st September 1918.
Do	...	84	Correspondence to be in Kannada between District and Taluk Offices and in all offices generally.	States that the existing orders restricting correspondence in Kannada to Taluk Offices is sufficient. No. R. 3961—L. R 265-18-1, dated 11th September 1918.

LIST B—*contd.*

Year	Subject No.	Abstract of Representation	Abstract of Government Order
April 1918	85	Employment of retired officers ...	States that it is not practicable to adopt this suggestion. No. 52—C. B. 32-18-2, dated 21st September 1918.
Do ...	Representation by a member of Jagalur Taluk.	Non-recording the proceedings of the Village Improvement Committees and crediting the V. C. Fund collections to the treasury instead of depositing it in a Savings Bank.	Records letter No. C. 4512, dated 25th August 1918, from the Revenue Commissioner, stating that the proceedings of the V. I. Committees are being recorded in a book maintained in the taluk office and that V. C. Fund collections are being since deposited in the Government Savings Bank or in Co-operative Societies. No. R. 5026-7—L. R. 12-17-158, dated 1st October 1918.
		Discussed Subjects.	
October 1917	17	Appointment of shanbhogs to certain newly formed circles of the Hassan Taluk. (Part) (1. Ayenahalli, 2. Horikoppalu, 3. Setthalli, 4. Savenahalli.)	Considers that the reasons given in their Order No. R. 2613-4—L. R. 253-13-4, dated 8th October 1914, declining to interfere with the amalgamation of Horikoppalu village with Hosahalli in the Hassan Taluk in 1884, should be held to apply to the other three cases also and that unless it can be shown that the interests of the village officers have been materially affected, it is not desirable to interfere with the amalgamation of these villages. No. R. 11553-4—L. R. 369-17-3, dated 29th May 1918.
Do ...	23 and 24	(1) Empowering Deputy Commissioners to grant applications for Gomal land for cultivation. (2) Preparation of lists of lands available for cultivation. (3) Giving preference to the first applicant for a land when it is subdivided at his expense. (4) Appointment of a Special Settlement Officer to fix the extent of Gomal land for each village.	(1) States that as per G. O. No. R. 3820-68—L. R. 89-16-5, dated 11th October 1917, necessary action has been taken to amend Section 39 of the Land Revenue Code so as to empower Deputy Commissioners to sanction appropriation of Gomal and other reserved lands for cultivation, etc. (2) that in G. O. No. 12851-2—L. R. 522-16-2, dated 25th June 1917, a similar proposal has been vetoed. (3) that the first darkhastdar cannot be given any preference whether he pays for the sub-division of lands applied for or not, as there is no obligation on his part that he must pay for the sub-division. (4) that it is unnecessary to appoint a Gomal Settlement Officer and also that it has been the policy to conserve Gomal, to convert assessed lands into Gomal wherever necessary and to check the indiscriminate appropriation of Gomal for cultivation. No. R. 9895-9—L. R. 397-17-2, dated 1st April 1918.
Do ...	27 ...	Grant of exemption from payment of expenses of division under Rule 75 (*a*) of the Land Revenue Rules for effecting partition in accordance with Civil Court decrees on the requisition of the Court.	(1) Government agree with the Revenue Commissioner in stating that the expenses of actual division are levied not under the authority of Rule 75 (*a*) of the Land Revenue Rules but under Sub-Section 3 of Section 122 of the Land Revenue Code and therefore no case has been made out for any concession being shown in the matter. No. R. 10196—L. R. 415-17-3, dated 8th April 1918.
Do ...	40 ...	Grant of concession to obtain 'Seebu' from Tarikere State Forest.	It is not desirable to grant the concession prayed for. No. R. 11501-2—Ft. 222-17-3, dated 28th May 1918.
Do ...	42 ...	Reduction of Seigniorage on fuel.	Government agree with the Conservator of Forests and consider that no change is desirable in the rates of Seigniorage on fuel removed from State Forests. No. R. 9963-71—Ft. 156-17-4, dated 3rd April 1918.

Do	...	44	...	Forest grievances in the Shimoga District.	Records with the observation that orders have been passed on the several prayers in G. O. No. R. 973-89—Ft. 88-15-22, dated 27th July 1917, that special concessions for house-building in the Malnad have been extended to the end of June 1918 in G. O. No. 5340-4—Ft. 158-16-5, dated 14th December 1917, and that the Conservator has been requested to revise the Special Malnad Privileges Rules. No. R. 9018-20—Ft. 163-17-2, dated 2nd March 1918.
Do	...	50	...	Registration of decrees and orders of Court relating to immovable property.	Approves of a circular of instructions issued by the Inspector-General of Registration in the matter of registering and indexing copies of decrees or orders of Courts in the Offices of Sub-Registrars in whose Sub-District the original decrees or orders were made when the immovable property dealt with does not lie in that sub-district. No. J. 2352—Regis. 44-16-6, dated 4th January 1918.
Do	...	56	...	Repeal or modification of the Press Law	States that after careful consideration of the question, it is inexpedient under the present conditions to make any radical alteration in the Press Law, and directs that a *quasi-judicial* enquiry shall be held before an action is taken under Sections 3 and 4 of the Regulation. Camp. No. J. 26-76—Legis. 31-17-1, dated 22nd April 1918.
Do	...	57	...	Election to the Legislative Council to be made solely from the Representative Assembly.	Government consider that the existing arrangements may continue for some time longer. No. J. 5060-1—Legis. 3-17-1, dated 11th June 1918.
Do	...	63	..	Amendment of the Court Fees Act for the refund of excess Court Fees paid by mistake or inadvertence.	Government are of opinion that there is no necessity to change the existing law. No. J. 4285-6—Legis. 29-17-1, dated 18th April 1918.
Do	...	64	...	Amendment of the Insolvency Regulation for the release of judgment-debtor, by the executing Court on presenting an application for insolvency.	It is not desirable to modify the existing law on the subject. No. G. 4246-7—Cts. 31-18-3, dated 28th August 1918.
Do	...	65 (79 of April 1917)		A Regulation to prevent theft of cardamom.	Considers that there are not sufficient grounds for complying with the request. No. J. 2927—Legis. 56-16-1, dated 31st January 1918.
Do	...	69	...	Prohibition of entry of Kandharis into Mysore or levy of tax on Kandhari visitors.	Approves the draft rules submitted by the Inspector-General of Police in the matter and states that they would be duly notified in the Gazette. No. J. 4980-88—Pol. 163-17-3, dated 6th June 1918.
Do	...	74	...	(1) Affixing officers' initials against "the date on which a copy is ready for delivery" on copies of documents in Civil and Criminal Courts. (2) Furnishing copies of any records when only the suit number is noted in the application.	Records correspondence ending with letter No. R. O. C. 843, dated 11th April 1918, from the Registrar, Chief Court, stating that there is no objection to issue directions to affix the officers' initials as proposed in (1) and that as regards No. (2), Chief Court have ordered the opening of an index of disposals as an experimental measure in the Central Record Room at Bangalore. No. J. 4526-7—Cts. 187-17-3, dated 9th May 1918.
Do	...	78	...	Raising the jurisdiction of Munsiffs' Courts to Rs. 5,000 at District Headquarters where there are no sub-courts.	It is inexpedient to raise the jurisdiction of the Munsiffs' Courts at District Headquarters. No. J. 4537-8—Cts. 146-17-3, dated 9th May 1918.

LIST B—*contd.*

Year	Subject No.	Abstract of Representation	Abstract of Government Order
October 1917	79 ...	Depositions in courts to be recorded invariably in Kannada.	Invites attention to G. O. No. J. 2241-2—Cts. 223-14-1, dated 13th December 1915, and states that there is no good reason to alter the existing system. No. J 3825—Cts., dated 19th March 1918.
Do ..	88 ...	Admission of the students of the Commercial College of Bombay to the Mysore Commercial College.	States that as entrance to Bachelor of Commerce classes is entrance to the University, all persons who are qualified to be admitted to the University will be admitted to the Commercial College and that no special action is necessary in the matter. No. 8805—Edn. 181-17-4 dated 6th March 1918.
Do ...	89 ...	Admission to the 1st year B.A. class, of students who have failed in the Intermediate Examination.	States that G. O. No. 6682—Edn. 64-17-13, dated 12th January 1918, approves of an amendment to the existing ordinances with the result that students who have once been promoted to the Senior Intermediate class in colleges other than the two State colleges will also be eligible for admission to the 1st year class during 1917-18 and 1918-19 if they are natives of Mysore. No. 8013—Edn. 182-17-2, dated 12th February 1918.
Do ...	90 ...	A committee to enquire into the condition of education in the State.	Considers that no such committee is necessary. No. 11255—Edn. 187-17-7, dated 17th May 1918.
Do ...	98 ...	Introduction of Social Service as a branch of study in the Mysore University.	Records the report from the Registrar, Mysore University, stating that the University does not at present intend to introduce the subject into the Curriculum. No. 2780-1—Edn. 185-17-4, dated 26th September 1918.
Do ...	102 ...	Scholarships and encouragement to classes backward in education.	Government consider that it is not desirable to make further exceptions in favour of particular classes, and orders that the scheme of scholarships may be worked out on the lines laid down in G. O. dated 29th August 1917. No. 806-10—Edn. 42-17-125, dated 25th July 1918.
Do ...	103 ...	Use of uniform weights and measures.	The proposal is not practicable and cannot therefore be adopted. No. 7621-31—I & C. 74-17-8, dated 31st January 1918.
Do ...	105 & 106	(105) An Agricultural College at Hebbal Farm and (106) Expansion of Agricultural Education in the State.	Invites attention to G. O. No. 4958-71—A & E. 95-16-9, dated 24th November 1917, sanctioning the institution of a vernacular course in Agriculture at Hebbal. No. 8220—A & E 139-17-5, dated 18th February 1918.
Do ...	117 ...	Increase of mileage allotments to Local Fund roads in Kolar District.	Requests the Deputy Commissioner, Kolar District, to dispose of the matter in consultation with the Kolar District Board. No. 4950—L. B. 80-17-2, dated 5th March 1918.
Do ...	120 ...	Recruitment to Amildari and Public Service.	Draws attention to G. O. No. R. 7304-52—L. R. 345-17-1, dated 21st January 1918, issuing revised rules in the matter. No. R. 8657—L. R. 375-17-2, dated 21st February 1918.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 12650-710—R. A. 31-18-1, dated 27th December 1918.

With a view to ensure a thorough investigation of certain selected subjects of general importance, Government are pleased to refer them to Special Committees of the Representative Assembly.

2. The subjects chosen for consideration, the names of the members of the Committees and of the respective conveners are detailed in the statement appended to this order.

3. The Committees may meet either at Bangalore or at Mysore according to the convenience of the majority of the members working on each Committee. The conveners are expected to assume full responsibility for taking all necessary action to secure a thorough investigation of each subject and to submit definite recommendations to Government not later than the 1st March 1919.

4. With regards to subjects 4 and 5, the Secretary, Industries and Commerce Committee, and the Inspector-General of Education, respectively, will be associated with the Committees to render such help as may be necessary for the proper investigation of these subjects.

5. Government will also be glad to place at the disposal of the Committees any information available which may be required by them and which is not of a confidential character.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.
The Deputy Commissioners of Districts for communication to the members concerned.

No. 1811-1860—E. A. G. 307, DATED 16TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 172—E. A. G., dated the 5th March 1917, issuing revised rules for recruitment to the Clerical Service in the several departments of the State.

2. Letter No. G. C. 49-18, dated the 13th August 1918, from the Excise Commissioner in Mysore, stating that in the Government Order read above, the case of persons who have passed in Typing, Book-keeping, Auditing and other commercial examinations has not been provided for, and requesting orders to authorise the appointment of such men to clerical posts.

No. 1811-1860—E. A. G. 307, dated 16th December 1918.

Government are pleased to direct that persons who have passed the Commercial examinations (Elementary Grade) of the Mysore Government in any two of the following subjects, *viz.*, (1) Correspondence and Office Routine, (2) Book-keeping, (3) Short-hand and (4) Type-writing, shall be eligible for appointment to posts carrying a pay of less than Rs. 25 and those who have passed the Intermediate grade in any two of such subjects shall be qualified for higher posts in the clerical service.

2. Clauses 1 and 2 of the Clerkship Rules will be amended accordingly as indicated below:—

"1. No person shall be eligible for appointment or promotion to a post carrying a pay of less than Rs. 25 per mensem but classed as superior in the Mysore Service Regulations unless he has passed the Lower Secondary Examination or any two of the Mysore Government Commercial Examinations of the Elementary Grade in (1) Correspondence and Office Routine, (2) Book-keeping, (3) Short-hand and (4) Type-writing, and the Clerkship Examination (Lower), and unless the officer appointing him is satisfied as to his ability to read and write Kannada with facility.

"2. No person shall be eligible for appointment or promotion to a post carrying Rs. 25 per mensem and upwards unless he has passed the Matriculation Examination of an Indian University, or any two of the commercial examinations referred to in clause (1) in the Intermediate grade, or obtained the completed Secondary School-Leaving Certificate and has passed in addition the Clerkship Examination (Higher)."

Note to Rules 1 and 2.

(i) In exceptional and deserving cases, Government may exempt officials from passing the examinations required by these rules.

(ii) The Clerkship Examination is not compulsory in the case of officials in permanent Government employment on the 24th November 1916.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Building on Vacant Sites in Villages.

No. R. 7010-18—L. R. 267-18-2, DATED 6TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The following summary of discussion and the reply of Government regarding Subject No. 28 of the Proceedings of the 2nd Session of the Dasara Representative Assembly, 1917-18, in the matter of building on vacant sites in villages.

Subject No. 28.

Building on vacant sites in villages.

(1) Messrs. G. Ramaswamiengar, Hassan Taluk, (2) Mallappa, Molakalmuru Taluk.

Summary of discussion.— (1) Building sites in villages are allowed to be vacant for years together, and are kept in an insanitary condition. Owners may be required by notices to build houses within a prescribed time and in default the sites may be sold by auction to persons willing to build.

(2) There is much inconvenience felt for want of building sites in many villages. Some inhabitants are unnecessarily holding the vacant sites from a long time paying the tax of 8 annas. They have no idea of using such sites for building. A period may be fixed within which houses should be built, failing which the sites may be resumed to Government and disposed of to others who would abide by the same condition.

Reply of Government.—Government propose to take action in this respect.

2. Unofficial Note No. C. 1117—Gl. 18-19, dated 11th October 1918, from the Revenue Commissioner in Mysore, furnishing his opinion on the subject.

Order No. R. 7010-18—L. R. 267-18-2, dated 6th December 1918.

Government observe that in the case of sites granted subsequent to the issue of Notification No. R. 6695—L. R. 482-11-1, dated 15th May 1912, sufficient provision exists under Rule 47 (*b*) to deter persons from keeping building sites unnecessarily vacant. The conditions therein described should be strictly enforced. Fresh grants hereafter to be made should invariably specify in clear terms the time limit within which houses should be built, and the penalty attaching to the failure to observe the condition *viz.*, summary resumption as directed in Rule 47 (*b*).

2. Cases to which the said rule may not be applicable should be dealt with under local laws or acquired if necessary under the Land Acquisition Regulation.

3. Persons who keep their sites in an insanitary condition may also be dealt with under the Village Sanitation Regulation and Rules framed thereunder.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Irrigation Board

No. R. 7462-514—L. R. 249-18-1, dated 16th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The summary of discussion in regard to subject No. 11 (3) (Appointment of a Central Irrigation Committee) at the meeting of Deputy Commissioners and select Heads of Departments held during the Birthday week, June 1918.

Order No. R. 7462-514—L. R. 249-18-1, dated 16th December 1918.

The Government have had under consideration for some time past the question of organising a suitable agency for dealing satisfactorily with irrigational matters which often involve consultation with, and concerted action on the part of, more than one department. The question was discussed at the last meeting of Deputy Commissioners and select Heads of Departments during the Birthday week, when it was resolved that a Central Committee should be appointed consisting of responsible officers of the Departments concerned, as well as of such representatives of the people as may be deemed necessary.

2. Government are accordingly pleased to direct that a Central Irrigation Board be constituted as follows:—

PRESIDENT.

The Chief Engineer.

ORDINARY MEMBERS.

The Revenue Commissioner in Mysore.

The Revenue Secretary to Government.

OCCASIONAL MEMBERS.

The Board shall have power to co-opt the Superintendent Revenue Survey and Settlement, the Director of Agriculture and any Deputy Commissioner, whenever necessary, and also non-official gentlemen, as occasional members for particular irrigation areas.

SECRETARY.

The Executive Engineer, Special Irrigation Division.

3. The Principal duties of the Board will be:—

(1) To meet periodically to discuss questions relating to the construction, maintenance and development of irrigation works in general.

(2) To suggest modifications in the existing rules or procedure with a view to secure satisfactory progress; and

(3) Generally to advise Government in regard to measures necessary for increasing and developing irrigation works, improving irrigation methods and practices and training cultivators in such improved methods and practices throughout the State.

4. The Board may meet once in two months, or oftener as may be necessary. The proceedings of the meeting should be reported to Government in the Public Works Department within a fortnight of the date of the meeting, a copy being also forwarded to the Revenue Secretary.

5. Heads of Departments, the Deputy Commissioners of Districts and other officers concerned are requested to co-operate with the Central Irrigation Board so as to make its work productive of the best results.

B. RAMASWAMAIYA,

The Executive Engineer, Special Irrigation Division.

PRESS TABLE

District and Taluk Conferences.

No. R. 7689-740—L. R. 69-17-40, DATED 19TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Para 2(1) of Government Order No. R. 5650-699—L. R. 10-14-211, dated 5th December 1916, issuing general instructions in regard to the holding of District and Taluk Conferences.

(2) Correspondence ending with letter No. E. C. 578, dated 2nd February 1918, from the Deputy Commissioner, Kolar District, submitting with reference to para five of the Government Order read above his views in the matter of modifications of the rules laid down therein.

(3) The following abstract of discussions at the meeting of Deputy Commissioners and Select Heads of Departments held in June 1917 : —

The time now prescribed is inconvenient as it clashes with the collection season. The District Conference may be held in July or August or any other month which may be fixed by the Deputy Commissioner himself. The list of major and minor wants may be considered by the Representative Assembly at the Dasara instead of the April Session.

(4) Letter No. 23817-828, dated 3rd April 1918, from the Inspector-General of Education in Mysore, stating that District and Taluk Conferences are held generally in the months of February and March and that the Educational Conferences which form a part of such conferences, are held at the same time and thus disturb the work of the schools seriously at a time when examinations are fast approaching and requesting for issue of orders directing the holding of these conferences before the end of January at the latest.

(5) Un-official note dated 7th May 1918, on the subject by the Revenue Commissioner in Mysore.

Order No. R. 7689-740—L. R. 69-17-40, dated 19th December 1918.

(1) As regards the time of the meeting Government are pleased to direct, in modification of their order contained in paragraph 2(1) of the Government Order dated 5th December 1916, that Taluk Conferences be held in December, the Taluk Jamabandi being finished before November previous and that District Conferences be held in the early part of January following.

(2) Government further direct that Deputy Commissioners might preside over Taluk Conferences whenever possible, and that in their absence the officers in charge of the Revenue Sub-Divisions should preside over the conferences.

(3) As regards Rule 6 of the rules laid down in the Government Order No. R. 5650-699—L. R. 10-14-211, dated 5th December 1916, read above, stating that no grants will be made for Taluk Conferences, the Deputy Commissioner, Hassan District, suggests that a grant of Rs. 25 should be made for each Taluk Conference. The Revenue Commissioner also recommends such a grant being made for meeting charges of a contingent nature. Government, however, consider that no separate grant for the purpose seems necessary and direct that all legitimate expenses for these Conferences should be met out of the District Office Contingencies.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.

Equitation Certificates.

No. R. 7582-634—L. R. 311-18-1, DATED 18TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 7304-52—L. R. 345-17-1, dated 21st January 1918, issuing revised rules for recruitment to the grade of Amildars and Deputy Amildars.

Order No. R. 7582-634—L. R. 311-18-1, dated 18th December 1918.

Government direct that the following provision be added under Rule VIII in para 3 of the Government Order read above:—

"Acting Amildars and Acting Deputy Amildars should produce certificates of equitation within one year from the commencement of their acting appointments, failing which they should be reverted."

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.

Establishment.

No. R. 7750-60—L. R. 395-17-6, DATED 19TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Paragraph 4 of Government Order No. 6879-904—L. B. 104-16-2, dated 28th April 1917, observing that the Deputy Commissioners may require the services of a clerk for work in connection with the exercise of their powers of control under the Municipal Regulation, the pay of the establishment being met from State Funds.

(2) Read correspondence ending with letter No. C. 745—Gl. 18-19, dated the 3rd October 1918, from the Revenue Commissioner in Mysore recommending in consultation with the Deputy Commissioners of Districts that two clerks on Rs. 50 and 35 respectively may be sanctioned for each district for Local Self-Government work, and an additional clerk on Rs. 30 to the Mysore District Office in view of the size of the district and the large number of Municipal Councils and Local Boards in it.

Order No. R. 7750-60—L. R. 395-17-6, dated 19th December 1918.

Government observe that the additional establishment for Local Self-Government work in the District Offices as proposed by the Revenue Commissioner is more than is necessary and are pleased to sanction the marginally noted establishment temporarily till the end of the current official year.

One clerk on Rs. 40 per every District Office.
One additional clerk on Rs. 30 for each of the District Offices at Mysore and Bangalore.

2. The cost of the establishment will be met from State Funds, the same being debited to the provision of Rs. 96,000 in the State Budget under "I. Land Revenue—Revision of District and Taluk Offices and other establishments."

3. Proposals for making this additional establishment permanent, may, in due course, be submitted to Government through the Comptroller in accordance with the Government Order No. Fl. 6779-828—G. F. 39-17-1, dated 13th May 1918.

B. RAMASWAMAIYA,

Special Land Acquisition Officer and his Establishments, Krishnarajasagara Works.

No. R. 6964-6—L. R. 25-17-60, DATED 5—12TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 768-71—L. R. 25-16-40, dated 21st—26th July 1917, sanctioning the extension till the end of the year 1917-18 the term of the office of the Special Land Acquisition Officer, Krishnarajasagara Works, and of the several establishments working under him.

2. P. W. Secretary's memo No. 41-365, dated 3rd May 1918, forwarding letter No. C. 3579, dated 21st—25th April 1918, from the Revenue Commissioner in Mysore, submitting a copy of letter No. H. C. 1060-17-18, dated 13th—18th April 1918 (together with its enclosures in original), from the Deputy Commissioner, Mysore District, stating that the acquisition work on hand and that relating to the second stage of the project are calculated to take not less than five years and recommending that the term of the office of the Special Land Acquisition Officer and his staff may be extended by a further period of five years from 1st July 1918 and that the existing establishments may be strengthened and small promotions given to menials as detailed in the accompanying statement.*

(*Printed as Appendix.)

3. Correspondence ending with letter No. T. A. D. A. 115, dated 22nd July 1918, from the Comptroller to Government forwarding duly verified a proposition statement in duplicate.

Order No. R. 6964-6—L. R. 25-17-60, dated 5—12th December 1918.

The recommendations of the Revenue Commissioner which involve an additional expenditure of Rs. 996 per annum are sanctioned subject to the condition that the establishment will be liable to discharge, if the work is completed earlier.

2. The existing and revised scales are shown in the annexed statement.

EXD—C.R.

ENCLOSURE.

Letter No. 96, from D. K. Daraska, Esq., B.A., Superintendent of Revenue Survey and Settlements in Mysore, Bangalore, to B. Ramaswamaiya, Esq., B.A., B.L., Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to submit the following report for the year ending 30th June 1918 on the condition of the boundary marks and the degree of co-operation from the raiyats the field establishments were able to enlist during the progress of re-survey operations. Four measuring establishments conducted operations during the year, and the statement appended shows clearly the tracts worked in by each, and the expenditure in time incurred under different heads, inclusive of days lost on account of non-co-operation.

The Classing Establishments two in number naturally encountered no *harkath*, though some of their time was lost in replacing boundary marks put up at re-survey but missed at the classification.

The measuring establishments have all fared well on the whole; comment if any at all could be made, must be with reference to the 'A' Establishment under Mr. T. Hanumantha Rao and the 'D' Establishment under Mr. Sheik Abdulla. The 'A' Establishment lost 407 days or 7·8 per cent in *harkath*, much of which was due to the well-known general characteristics of the malnad country it worked in; while indifference on the part of subordinate Revenue officials was promptly obviated at the very inception of operations by the Deputy Commissioner of Hassan placing the defaulting shekdar of Ramnathpur hobli, Arkalgud Taluk, under suspension. But for this timely action, it is likely we should have lost much more time, particularly as two establishments the 'A' and the 'B' had been deputed to finish the work of the Arkalgud Taluk. The 'D' Establishment under Mr. Sheik Abdulla lost 494 or 9·94 per cent of working days. But it has to be recollected that much of this taluk is semi-malnad in character, and above all, that no less than 106 out of the 264 villages of which it is composed were uninhabited bechirakh villages, I consider that *harkath* has been minimised in a creditable manner by this establishment.

No. R. 6791-800—L. S. 15-18-2, DATED 2ND DECEMBER 1918.

The names of the Amildars and the Sub-Divisional Officers concerned are given below.

ACCOMPANIMENTS.

Letter No. H. 2114-174, dated Calcutta, the 11th of October 1918, from the Secretary, Indian Munitions Board, to the Hon'ble the Resident in Mysore and Chief Commissioner of Coorg.

I am directed to forward for your information a copy of a pamphlet issued by the Director of Industries, Bengal, on the flaying and curing of hides. The matter is of considerable economic importance and the Indian Munitions Board wishes to emphasise the desirability of taking all possible steps in the various Provinces to improve the flaying and curing of hides as soon as possible not only with a view of securing greater supplies of first class raw material for war purposes but in order to put the hide trade on a sound basis for post war trade. I am to suggest that copies of the pamphlet in English as well as in local vernaculars may be distributed to the Civil Veterinary Department and other interested departments, slaughterhouses, Municipalities and District Boards. The staff of the Civil Veterinary Department and the local Co-operative Credit Societies may render useful service if they distribute the vernacular pamphlets during the course of their ordinary work and demonstrate to the village chamars and butchers the instructions given therein.

No. R. 6895-914—R. M. 32 -18-5, DATED 4TH DECEMBER 1918.

GOVERNMENT OF BENGAL.

DEPARTMENT OF THE DIRECTOR OF INDUSTRIES.

(From a note by W. B. Shewan, Esq., Cawnpore.)

1. *Flaying and curing of hides.*—Indian hides are being made into boots and harness for the King's Armies. If the armies cannot get boots and harness they cannot fight. For this reason it is the duty of every one to see that Indian leather is not wasted. Do not therefore allow hides to be either cut or branded or to rot for want of care in curing. They are of the greatest importance for the war.

2. *Flaying.*—Do not cut a hide when flaying. A cut in a hide makes its value less by Rs. 4 or 5. The owner of the hide will lose this. The butcher should therefore be fined for each cut made in the hide when flaying.

Flay the hide from the carcase as soon as possible. If it is allowed to rot at all the value of the hide is lost. Use a knife with a bevelled edge ($\frac{1}{8}$" bevel). If you do this, you will be less likely to cut the hide. In flaying slit the hide open from the front of the knee by dividing the knee cap in two. Do not slit up underneath or from the back of the knee.

3. *Branding* —Brand marks on a hide reduce the value greatly. A deep brand means a loss of Rs. 4 or 5. Cattle should not be branded so as to injure the hide.

4. *Curing with wet salt.*—Lay the hide flat, flesh side up, and spread fine powdered salt all over it. Do this immediately after flaying. Otherwise the hide will rot and the owner will lose its value. The salt must not fall off when the hide is folded. In folding two men should take hold of the back and fore shank and fold the hide so that one side lies exactly on the other. Then fold the bellies towards the ridge. Then sprinkle a handful of salt over it, and fold in both ends to retain as much of the salt as possible. Then complete the folding. A hide treated in this way will keep without rotting for a long time. Too much khari salt must not be used as it contains a chemical which injures the hide.

5. *Dry-salted curing.*—A dry-salted hide weighs half as much as one cured by wet-salting. There is therefore a saving of railway freight. After a hide has been salted as above, open it and throw it over a pole, in the shade, flesh side up. Allow it to dry and when nearly dry, take it down and press it along the ridge to make it lie flat. Then allow it to dry completely. The hide must be thoroughly dry before it is packed, otherwise when several hides are packed together, heat will be caused and the hide will rot. This is especially important in hot weather. Much money is lost by the hides being packed before they are thoroughly dry in order to despatch them early.

6. *Frame drying.*—Stretch the hide as far as possible and nail it down flat to the frame, flesh side up. Allow the hide to dry thoroughly. If the hide is taken off the frame before it is dry, it will crinkle. When this happens air cannot reach the folds, and these parts of the hides rot. All curing should be done in the shade.

No. R. 6895-914—R. M. 32-18-5, DATED 4TH DECEMBER 1918.

1. **ತೊಗಲು ಸುಲಿಯುವುದು ಮತ್ತು ಕೆಡದಂತೆ ಇಡುವುದು :**—ಇಂಡಿಯಾದೇಶದ ತೊಗಲನ್ನು ರಾಜಸೈನಿಕರ ಬೂಟ್ಸುಗಳಿಗೂ ಕುದುರೆಯ ಜೀನು ಮೊಂತಾದ ಸರಂಜಾಮುಗಳಿಗೂ ಉಪಯೋಗಿಸುತ್ತಿದಾರೆ. ಬೂಟ್ಸುಗಳೂ ಸರಂಜಾಮುಗಳೂ ಸಿಕ್ಕದಿದ್ದರೆ ಸೈನಿಕರು ಯುದ್ಧಮಾಡಲಾಗುವುದಿಲ್ಲ. ಆದುದರಿಂದ ಇಂಡಿಯಾದೇಶದ ಚರ್ಮವು ವ್ಯರ್ಥವಾಗದಂತೆ ನೋಡಿಕೊಳ್ಳುವುದು ಪ್ರತಿ ಒಬ್ಬ ಮನುಷ್ಯನ ಕೆಲಸವಾಗಿದೆ. ಆದುದರಿಂದ ತೊಗಲನ್ನು ಕೊಯಿದು ಹಂಡಮಾಡುವದಕ್ಕೂ ಅದರಮೇಲೆ ಬರೆ ಹಾಕುವದಕ್ಕೂ ಅವಕಾಶ ಕೊಡಕೂಡದು. ಅದನ್ನು ಜಾಗರೂಕತೆಯಿಂದ ಒಣಗಿಸಬೇಕು ಕೊಳೆಯುವುದಕ್ಕೆ ಅವಕಾಶ ಕೊಡಕೂಡದು. ಈ ತೊಗಲುಗಳು ಯುದ್ಧಕ್ಕೆ ಅತ್ಯಂತ ಅವಶ್ಯಕವಾದ ಪದಾರ್ಥಗಳಾಗಿವೆ.

2. **ತೊಗಲು ಸುಲಿಯುವುದು.**—ಸುಲಿಯುವಾಗ ತೊಗಲನ್ನು ಕತ್ತರಿಸಬೇಡಿ. ತೊಗಲಿನಲ್ಲಿ ಒಂದು ಕೊಯ್ದ ಗುರುತು ಇದ್ದರೆ, ಅದರಬೆಲೆ 4–5 ರೂಪಾಯಿ ಕಡಮೆಯಾಗುತ್ತದೆ. ಇದರಿಂದ ತೊಗಲಿನ ಮಾಲೀಕನಿಗೆ ನಷ್ಟವಾಗುತ್ತದೆ. ಆದುದರಿಂದ ಸುಲಿಯುವಾಗ ತೊಗಲಿನಲ್ಲಿ ಮೂಡುವ ಪ್ರತಿ ಒಂದು ಕೊಯ್ದ ಗುರುತಿಗೂ ಕಟುಕನಿಗೆ ಜುಲ್ಮಾನೆ ಹಾಕಬೇಕು.

ಸತ್ತ ದನದಿಂದ ಅವಶ್ಯವೇಗ ಚರ್ಮವನ್ನು ಸುಲಿಯಿರಿ. ಅದು ಕೊಳೆಯುವುದಕ್ಕೇನಾದರೂ ಅವಕಾಶ ಕೊಟ್ಟರೆ ತೊಗಲಿನ ಬೆಲೆಯು ಹೋಗುತ್ತದೆ. ಅರಕಾಲು ಅಂಗುಲದ ಅಂಚಿನ ಚೂಪಾದ ಚೂರಿಯನ್ನು ಉಪಯೋಗಿಸಿ. ನೀವು ಹೀಗೆ ಮಾಡಿದರೆ, ತೊಗಲನ್ನು ಕೊಯ್ಯುವ ಸಂಭವವು ಕಡಮೆಯಾಗುತ್ತದೆ. ಸುಲಿಯುವಾಗ ಮೊಣಕಾಲಿನ ಚಿಪ್ಪನ್ನು ಎರಡು ಭಾಗವಾಗಿ ಮಾಡಿ, ಮೊಣಕಾಲಿನ ಮುಂಭಾಗದಿಂದ ತೊಗಲನ್ನು ಸುಲಿಯಿರಿ. ಕೆಳಗಿನಿಂದಲಾಗಲೀ, ಮೊಣಕಾಲಿನ ಹಿಂಭಾಗದಿಂದಲಾಗಲೀ ಸುಲಿಯಬೇಡಿ.

3. **ಬರೆ ಹಾಕುವುದು.**—ಬರೆ ಗುರುತುಗಳು ತೊಗಲಿನಮೇಲಿದ್ದರೆ ಅದರ ಬೆಲೆ ಬಹಳ ಕಡಮೆಯಾಗುತ್ತದೆ. ಬಲವಾದ ಬರೆಯಿಂದ 4–5 ರೂಪಾಯಿ ನಷ್ಟವಾಗುತ್ತದೆ. ತೊಗಲನ್ನು ಕೆಡಸುವೆಂತೆ ದನಕರುಗಳಿಗೆ ಬರೆಯನ್ನು ಹಾಕಬಾರದು.

4. **ನೆನೆದ ಉಪ್ಪಿನಿಂದ ಕೆಡದಂತೆ ಇಡುವುದು.**—ತೊಗಲಿನ ಒಳಭಾಗವು ಮೇಲಕ್ಕೆ ಇರುವಂತೆ ತೊಗಲನ್ನು ಚಪ್ಪಟೆಯಾಗಿ ಹಾಸಿ ಚೆನ್ನಾಗಿ ಶುಡಿಮಾಡಿದ ಉಪ್ಪನ್ನು ಅದರಮೇಲೆಲ್ಲಾ ಹರಡಿ ಚರ್ಮವನ್ನು ಸುಲಿದ ಕೂಡಲೇ ಹೀಗೆ ಮಾಡಿ. ಇಲ್ಲದಿದ್ದರೆತೊಗಲು ಕೊಳೆತು ಮಾಲೀಕನಿಗೆ ನಷ್ಟವಾಗುತ್ತದೆ. ತೊಗಲನ್ನು ಮಡಿಸಿದಾಗ ಉಪ್ಪುಬಿದ್ದು ಹೋಗಕೂಡದು. ಮಡಿಸುವಾಗ ಹಿಂದಿನ ಮತ್ತು ಮುಂದಿನ ಕಣಕಾಲುಗಳನ್ನು ಇಬ್ಬರು ಹಿಡಿದುಕೊಂಡು ಒಂದು ಭಾಗವು ಮತ್ತೊಂದು ಭಾಗದಮೇಲೆ ಸರಿಯಾಗಿ ಬೀಳುವೆಂತೆ ಮಡಿಸಬೇಕು. ಆಮೇಲೆ ಹೊಟ್ಟೆಯನ್ನು ಎತ್ತರವಾಗಿರುವ ಅಂಚಿನಕಡೆಗೆ ಮಡಿಸಿ, ಅಮೇಲೆ ಅದರಮೇಲೆ ಒಂದು ಹಿಡಿ ಉಪ್ಪನ್ನು ಚಿಮುಕಿಸಿ ಸಾಧ್ಯವಾದಷ್ಟು ಉಪ್ಪು ನಿಲ್ಲುವಂತೆ ಎರಡ ಕೊನೆಗಳಲ್ಲಿಯೂ ಮಡಿಸಿ, ಆಮೇಲೆ ಪೂರ್ತಿಯಾಗಿ ಮಡಸಿ ಹೀಗೆ ಮಾಡಿದ ತೊಗಲು ಕೊಳೆಯದೆ ಬಹಳದಿವಸದವರೆಗೆ ಇರುತ್ತದೆ. ಜಾರಿ ಉಪ್ಪಿನಲ್ಲಿ ತೊಗಲನ್ನು ಕೆಡಸುವೆ ಒಂದು ಪದಾರ್ಥ ವಿರುವುದರಿಂದ. ಅದನ್ನು ಹೆಚ್ಚಾಗಿ ಉಸಯೋಗಿಸಕೂಡದು.

5. **ಒಣಗಿದ ಉಪ್ಪಿನಿಂದ ಒಣಗಿಸುವುದು.**—ಒಣಗಿದ ಉಪ್ಪಿನಿಂದ ಒಣಗಿಸಿದ ತೊಗಲು, ನೆನೆದ ಉಪ್ಪಿನಿಂದ ಒಣಗಿಸಿದ ತೊಗಲಿನ ಅರ್ಧದಷ್ಟು ತೂಕವಿರುತ್ತದೆ. ಆದುದರಿಂದ ರೈಲು ಚಾರ್ಜನ್ನು ಮಿಗಿಸಬಹುದು. ಮೇಲೆ ಹೇಳಿದಂತೆ ಉಪ್ಪು ಹಾಕಿಟ್ಟ ತರುವಾಯ ತೊಗಲಿನ ಮಡಿಕೆಗಳನ್ನು ಬಿಚ್ಚಿ ಮೊಂಸದ ಪಕ್ಕವು ಮೇಲಕ್ಕೆ ಬರುವೆಂತೆ, ತೊಗಲನ್ನು ನೆರಳನಲ್ಲಿ ಒಂದು ನೆಟ್ಟಿರುವ ಕೋಲಿನಮೇಲೆ ಒಣಗಲು ಹಾಕಿ ಅದು ಚನ್ನಾಗಿ ಒಣಗುತ್ತಿರುವಾಗ ಕೆಳಕ್ಕೆ ತೆಗೆದು ಎತ್ತರವಾಗಿರುವ ಅಂಚಿನಮೇಲೆ ಚಪ್ಪಟೆಯಾಗಿ ಹರಡಿಕೊಳ್ಳುವಂತೆ ಅಮುಕಿ ಅಮೇಲೆ ಚನ್ನಾಗಿ ಒಣಗಿಸಿ, ಗಂಟುಕಟ್ಟುವುದಕ್ಕೆ ಮುಂಚೆ ತೊಗಲು ಸಂಪೂರ್ಣವಾಗಿ ಒಣಗಿರಬೇಕು. ಇಲ್ಲದಿದ್ದರೆ ಅನೇಕ ತೊಗಲುಗಳನ್ನು ಒಟ್ಟಿಗೆ ಗಂಟುಕಟ್ಟುವಾಗ ತೇವವು ಒಂದು ತೊಗಲು ಕೊಳೆಯುತ್ತದೆ. ಬಿಸಿಲುಕಾಲದಲ್ಲಿ ಹೀಗೆ ಮಾಡುವುದು ಅತ್ಯಪೇಕ್ಷಕ. ಮುಂಚೆಯೇ ಕಳುಹಿಸುವುದಕ್ಕೋಸ್ಕರ ಚೆನ್ನಾಗಿ ಒಣಗುವುದಕ್ಕೆ ಮೊದಲೇ ತೊಗಲುಗಳನ್ನು ಗಂಟುಕಟ್ಟುವುದರಿಂದ ಬಹಳ ಹಣ ನಷ್ಟವಾಗುತ್ತದೆ.

6. **ಚೌಕಟ್ಟಿನಲ್ಲಿ ಒಣಗಿಸುವುದು.**—ತೊಗಲನ್ನು ಸಾಧ್ಯವಾದಷ್ಟು ಹರಡಿ, ಮೊಂಸದ ಪಕ್ಕವು ಮೇಲಕ್ಕೆ ಬರುವಂತೆ ಅವನ್ನು ಚೌಕಟ್ಟಿಗೆ ಚಪ್ಪಟೆಯಾಗಿ ಮೊಳೆಗಳಿಂದ ಹೊಡಿಯಿರಿ. ತೊಗಲು ಚೆನ್ನಾಗಿ ಒಣಗಲಿ. ಒಣಗುವುದಕ್ಕೆ ಮೊದಲೇ ತೊಗಲನ್ನು ಚೌಕಟ್ಟಿನಿಂದ ತೆಗೆದುಬಿಟ್ಟರೆ ಅದು ಸುಕ್ಕಾಗುತ್ತದೆ. ಹೀಗಾದರೆ ಮಡಿಕೆಗಳಿಗೆ ಗಾಳಿ ತಗಲದೆ ಈ ಭಾಗಗಳು ಕೊಳೆಯುತ್ತವೆ. ತೊಗಲು ಕೆಡದಂತೆ ಮಾಡುವ ಕೆಲಸವನ್ನೆಲ್ಲಾ ನೆರಳನಲ್ಲಿಯೇ ಮಾಡಬೇಕು.

Temporary clerks in Taluk Offices for Village Improvement and Economic Conference Works.

No. R. 7337-9—R. M. 4-18-48, DATED 13TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. R. 95-105—L. R. 15-15-217, dated 3rd July 1916, sanctioning the continuance among others, till the Village Improvement Scheme is in operation in the State, of the temporary establishment of one clerk on Rs. 15 per mensem in each Taluk Office for work relating to the Village Improvement Scheme and the Economic Conference in the taluk, the cost being met from both the Village Improvement and Economic Conference funds in equal proportion.

2. Letter No. 1700, dated 17th September 1918, from the Secretary, Mysore Economic Conference, recommending at the instance of the Deputy Commissioner, Mysore District, the raising of the pay of the temporary clerks attending to Village Improvement and Economic Conference Works in Taluk Offices, from Rs. 15 to Rs. 20 per mensem in view of the minimum pay of clerks in Taluk Offices having been fixed at Rs. 20 per mensem and the consequent difficulty to secure competent hands for the purpose on less than Rs. 20 and stating that necessary provision has been made in the current year's General Conference Budget for paying the moiety of the proposed increase.

Order No. R. 7337-9—R. M. 4-18-48, dated 13th December 1918.

Under the circumstances stated, the raising of the pay of the temporary clerks in Taluk Offices attending to Village Improvement and Economic Conference Works, from Rs. 15 to Rs. 20 per mensem is sanctioned, the increased cost also being met from both Economic Conference and Village Improvement funds in equal proportion.

Report on the working of the Registration Department for the year 1917-18.

No. 7280-9—REGIS. 17-18-3, DATED 12TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. Camp A., dated 13th October 1918, from the Inspector-General of Registration in Mysore, forwarding the report on the working of the Registration Department for the year 1917-18.

Order No. 7280-9—Regis. 17-18-3, dated 12th December 1918.

The number of special and *ex-officio* Sub-Registry Offices at the close of the year were 60 and 18 against 57 and 21 respectively at the end of the year 1916-17.

2. The total number of documents registered during the year under report was 117,152 with an aggregate value of Rs. 3,08,48,173 as against 114,332 in 1916-17 with an aggregate value of Rs. 2,88,12,301. The small increase of 2,820 or 2·45 per cent in the number of registrations was contributed by the Bangalore, Mysore and Kolar Districts, there being a decrease in the number of registrations in the other Districts.

3. The department yielded a revenue of Rs. 2,39,944 during the year under review, against Rs. 2,28,649 in 1916-17, thereby showing an increase of Rs. 11,296.

The expenditure of the department during the year was Rs. 1,07,782 against Rs. 95,631 in 1916-17. The increase of Rs. 12,151 in the expenditure was mainly due to the revised scale of pay sanctioned to the establishment of the department under the scheme for the re-organization of the department which was brought into force from 20th November 1917.

4. Eight thousand, five hundred and seventy-three applications for the transfer of Revenue Registry were received and sent during the year by Registering Officers to the Revenue Department, against 9,347 in 1916-17.

5. Four out of the 78 offices were not inspected at all during the year. Fifteen offices were left uninspected by the *ex-officio* Inspectors of Registration and 39 by District Registrars. The inspection work done by the Registrars of Bangalore, Mysore, Tumkur and Hassan was inadequate. The attention of the Inspector-General of Registration is invited to Government Order No. 497—E. A. G. 60, dated 12th October 1917, laying down instructions for the periodical inspection of Registration Offices.

The question of the appointment of full-time Registrars is under separate consideration of Government.

7. The working of the department during the year was satisfactory.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Inspector-General of Registration in Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.
PRESS TABLE.

Exd.—G.W.B.

Report on the working of the Stamp Department for the year 1917-18.

No. 7030-9—St. 17-18-3, dated 9th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. Camp B., dated 18th October 1918, from the Commissioner of Stamps, forwarding the Report on the working of the Stamp Department for the year 1917-18.

Order No. 7030-9—St. 17-18-3, dated 9th December 1918.

The Stamp revenue realised during the year under review was Rs. 12,83,769 against Rs. 11,96,926 in 1916-17. The increase of Rs. 86,843 in the revenue was contributed by all the items of receipts of Stamp revenue. The major portion of the increase, however, was under "Court Fee Stamps," and is reported to be due to an increase in the number of Civil and Criminal cases instituted during the year.

2. The total expenditure of the department during the year was Rs. 82,985 against Rs. 81,960, in 1916-17. The increase in the expenditure was due partly to the rise in prices of the special water-marked papers used for manufacturing stamps, and partly to the revision of the pay of the supervisors of the Stamp Superintendent's Office and Stamp Manufactory.

3. There is scope for much improvement in the inspection work done by the *Ex-officio* Inspectors of Stamps. Though inspection work was satisfactory in Shimoga, Kadur, Chitaldrug and Hassan Districts, in Bangalore, Kolar, Tumkur and Mysore Districts, a large number of offices were left uninspected during the year. The Commissioner of Stamps is requested to impress upon all Inspectors of Stamps the importance of the annual inspection of these offices and insist upon the submission of an yearly programme of inspection work which should be systematically adhered to.

4. The working of the Department during the year was satisfactory.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Commissioner of Stamps.
The Comptroller to Government.
The Deputy Commissioners of Districts.

Exd.—C. R.

No. 6820—L. B. 32-18-13, dated 3rd December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

The Administration Report of the Kolar District Board for the year 1917-18, received with the President's letter No. D. Dis. 15, dated 28th September 1918.

Order No. 6820—L. B. 32-18-13, dated 3rd December 1918.

Meetings and Attendance.—The District Board and all the Taluk Boards with the exception of the Srinivaspur and Chikballapur Boards held the prescribed number of meetings. The attendance of official members on the Kolar Taluk Board and of non-official members on the Srinivaspur, Sidlaghatta and Goribidnur Boards was not satisfactory.

2. *Union Panchayets.*—Out of the 26 Panchayets only 13 met the prescribed number of times and 1 did not meet at all. The average attendance at the meeting was 6·3 against the average sanctioned strength of 9 members for each Panchayet. Out of the total income of Rs. 12,372 realised in the Unions Rs. 10,636 or 86 per cent was spent against 71 per cent in the previous year. Now that the Panchayets have been constituted on a statutory basis with enlarged powers and financial control it is hoped that greater interest will be evinced by the members both as regards attendance at meetings and the prompt execution of useful public works.

3. *Finance.*—There was an increase of about Rs. 24,000 in the ordinary income of the Board, chiefly on account of the assignment of mohatarfa in rural parts to the District Board. Out of a total demand of Rs. 51,138 under house and mohatarfa taxes Rs. 39,767 or 77 per cent was collected during the year. Prompt steps should be taken to collect the balance very early. The year closed with a minimum balance of Rs. 2,39,419 on account of overdrawals in connection with the construction of the Railway. The advisibility of selling a portion of their investment in 3½ per cent Government securities has been pointed out to the District Board so as to minimise their liability to Government.

4. *Public Works.*—Thirty-six per cent of the budget grant for Public Works to be executed by the Civil Department lapsed during the year. The lapses were heavy in all the taluks, except Malur and Gudibanda. The Board complain that the Sanitary and Assistant Sanitary Inspectors who are in charge of the works have not had sufficient training in Engineering. Till the question of a separate Engineering Establishment to the District Boards is finally disposed of, all important works should be entrusted to the Public Works Department and the ordinary works may be got done under the supervision of work maistries temporarily entertained.

5. *Condition of Roads.*—It is reported that the condition of the roads in the district did not show any improvement during the year. This subject should have received earlier attention and proposals should have been submitted for increasing the mileage allotment of roads. The President is requested to expedite suitable proposals for the sanction of Government.

6. *Water-supply.*—The outlay incurred on rural water-supply was Rs. 7,617 against Rs. 8,580 in the previous year. Except in the taluks of Bowringpet, Malur and Mulbagal very little was spent and this unsatisfactory result is stated to be due to the apathy of the Amildars. Only 25 works were completed and 105 were left incomplete. There are still 279 works to be taken up. The attention of the President is invited to the instructions issued by Government in this connection in the several

reviews in regard to the progress made under this scheme and he is requested to see that these are duly carried out. Early action should, however, be taken to commence the remaining works out of the balance at the credit of the Drinking Water Wells Fund which has accumulated to Rs. 52,664.

7. *General.*—The Administration of this District Board during the year has, on the whole, been satisfactory though there is still great scope for improvement as regards the administration of the Panchayets and the execution of public works. It is hoped that under the new conditions brought into existence by the Local Board and Village Panchayets Regulation, VI of 1918, greater interest will be evinced in the administration of these local bodies and a perceptible improvement noticeable in the administration of the current year.

The Administration Report of the Bangalore District Board for the year 1917-18, received with the President's letter No. C. Per. 19 of 30th September 1918.

Order No. 6819—L. B. 32-18-14, dated 3rd December 1918.

Meetings and attendance.—With the exception of the Taluk Boards of Kankanhalli and Channapatna, all the other Taluk Boards and the District Board held the prescribed number of meetings. The attendance of the official members of the Channapatna Taluk Board and of non-official members of the Kankanhalli and Magadi Taluk Boards was less than 2 and 4 respectively, which is less than 40 per cent of the sanctioned strength for each class. This is not satisfactory. The President should impress on both the official and non-official members the importance of regular attendance at meetings.

2. *Union Panchayets.*—Only 8 out of the 23 Union Panchayets met the prescribed number of 12 times, while one did not meet at all. The others met, on an average, 6·7 times during the year. There was an improvement in the expenditure incurred in the Unions, a sum of Rs. 9,538 or 77 per cent of the revenue realised therein having been spent as against 38 per cent in the previous year. A further improvement in the execution of useful public works in these areas should be possible now under the new conditions brought into existence by the Local Boards and Village Panchayet Regulation, VI of 1918, whereby each Panchayet will be a self-contained body with certain control over its finance.

3. *Finance.*—There was an increase of about Rs. 46,000 in the ordinary income of the Board, chiefly on account of the additional allotment from the Local Cess and the assignment of Mohatarfa to the District Board. Out of the total demand of Rs. 69,623 under house-tax including Mohatarfa only Rs. 44,104 was collected. The Deputy Commissioner and President, District Board, reports that arrears have been allowed to accumulate in several Unions for years past and no effective steps have been taken to collect them. This is very unsatisfactory and calls for prompt action. Special measures should be adopted to investigate and collect arrears, additional temporary establishment being entertained, if necessary. The year closed with a balance of Rs. 2,29,527 of which Rs. 45,008 was the unspent balance under the Drinking Water Wells Fund.

4. *Condition of Roads.*—The average cost of maintenance of the roads was Rs. 96 per mile against 81·43 in the previous year. To enable the District Board to have the roads maintained in a satisfactory condition, the mileage grants to many of the roads were increased at the latter part of the year.

5. *Lapses.* There was considerable improvement in the execution of Public Works in the Civil Department and the percentage of lapses to budget grant decreased from 74 to 30. One hundred and eighty-six works were, however, left incomplete at the end of the year. The programme of the year should be completely carried out. A large number of incomplete works hampers the following years' administration and disturbs the finances. The attention of the President is drawn to the necessity of completing and closing the accounts at an early date of all the incomplete works of previous years.

6. *Rural Water-supply.* The total value of the work done for rural water-supply by the villagers amounted to Rs. 3,717 and the expenditure incurred from the Drinking Water Wells Fund was Rs. 11,333 against Rs. 9,497 in the previous year. The expenditure incurred from the Fund up to the end of the year under review was

Rs. 35,225 and the unspent balance at the credit of the fund at the end of the year was Rs. 45,008. The progress leaves much to be desired, and the attention of the President is invited to the instructions issued from time to time in this connection in the several reviews on the working of this scheme and he is requested to see that a more energetic policy is pursued in this matter.

7. *Cattle pounds.*—Appendix No. XXII shows that there was no expenditure on account of pounds in the Nelamangala and Devanhalli Taluks, the reason for which has not been explained but which may probably be due to the non-settlement of the pound commission claims. The Amildars should see that these claims are disposed of as early as possible and that they are not kept pending unnecessarily.

8. *General.*—The revision of the District Board Establishment was sanctioned during the year and establishments to the several Taluk Boards were also sanctioned. The pay and prospects of vaccinators were also improved and they were placed under the administrative control of the District Boards. These facilities, with the additional powers and separate constitution to be given to the several kinds of Local Boards will, it is hoped, result in a larger measure of non-official co-operation in the administration of the District Board in future.

No. G. 7090-4—L. B. 38-18-16, DATED 9TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Mysore District for the year 1917-18, received with the President's letter No. D. 1 Dis. 122—L. B. 18-19, dated 30th September 1918.

Order No. G. 7090-4—L. B. 38-18-16, dated 9th December 1918.

1. *Meetings and attendance.*—The District Board and most of the Taluk Boards held the prescribed number of ordinary meetings the average attendance of official and non-official members being 2·6 and 5·06 against 2·1 and 4·5, respectively during 1916-17.

2. *Unions.*—The number of Unions in the district remained the same as in the previous year, *viz.*, 86. None of the Union Panchayets held the prescribed number of 12 meetings during the year. Sixteen Unions held only one meeting each, while 14 did not meet at all. There was thus a considerable fall in the total number of meetings held by the Panchayets during the year which was only 313 against 554 of the previous year. This is very unsatisfactory. It is reported that the members of the Panchaytes evince very little interest in the administration of these bodies. Under the new Local Board and Village Panchayets Act, VI of 1918, the Panchayets will be constituted on a statutory basis with larger powers in respect of administration and financial control and it is hoped that the Panchayetdars may be induced to take active interest in the management of these local bodies in future.

3. *Finance.*—There was an increase of Rs. 1,09,082 in the ordinary income of the Board which is chiefly due to the levy of Railway cess newly in the district, and the additional income accruing to the Board under Mohatarfa in rural areas under Government Order No. R. 10245—L R. 453-16-1, dated 10—19th April 1917. There was a decrease of nearly Rs. 16,000, under expenditure owing to the absence of contributions by the District Board to the special schemes. Out of a total demand of Rs. 1,56,226 including arrears under House Tax and Mohatarfa, only a sum of Rs. 89,901 was collected, leaving a heavy balance of Rs. 66,325. This is very unsatisfactory and calls for prompt and stringent action.

4. *Public works.*—The execution of public works by the Civil Department continues to be unsatisfactory, there being a lapse of over 56 per cent of the allotment appropriated for new and incomplete works. Of 118 incomplete and 141 new works, only 53 incomplete and 57 new works were completed. Thirty-four works were abandoned. Inadequate progress is reported to have been caused by the prevalence of cholera in the district and the non-execution of certain budgetted works of some magnitude. Government hope that with the division of functions between the District and Taluk Boards under the Local Self-Government Scheme and with the additional powers given to the Panchayets, there will be a decided improvement in the execution of works and the percentage of lapses will be considerably reduced.

5. *Rural water-supply.*—The progress under this scheme was not satisfactory. Of 155 incomplete and 28 new works, only 35 works were completed and an expenditure of Rs. 8,783 was incurred. There is a large balance of Rs. 59,051 to the credit of this special fund and the attention of the President of the District Board is invited to the recent orders of Government reviewing the progress under the scheme and issuing instructions with a view to ensure better progress. It is hoped that an earnest endeavour will be made to complete all incomplete works and to afford facilities in villages where such are required urgently. As regards the President's statement that no contribution was made by Government during the year to the Drinking Water Wells Fund, his attention is invited to Government Order No. 6700-9—L. B. 72-17-34, dated 28th May 1918, where a grant of Rs. 20,000, was sanctioned.

No. G. 7090-4—L. B. 38-18-16, DATED 9TH DECEMBER 1918.

6. *Miscellaneous.*—There was an increase in the total number of deaths by 825 during the year. Cholera prevailed in a severe form and accounted for a large number of deaths. Small-pox also claimed a heavy toll, the number of deaths being 1,523 against 438 in the previous year. The number of vaccinations done during the year was 18,802 against 13,861 in 1916-17. It is hoped that still further progress will be in evidence during the current year, now that the Vaccination Department has been thoroughly re-organised.

7. *General.*—The attention of the President is invited to the concluding remarks of Government in their review on the Administration Report of the previous year, which may be repeated with equal force in the case of last year's work. The Administration of local affairs requires greater personal supervision and direction on the part of the President. The defects are numerous and should be rectified by greater effort in all directions in the current year.

Administration Report, Kadur District Board.

No. 7370-2—L. B. 32-18-20, dated 13th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The District Fund Administration Report of the Kadur District for the year 1917-18, received with the letter No. L. C. 182 of 18-19, dated 5th October 1918, from the President.

Order No. 7370-2—L. B. 32-18-20, dated 13th December 1918.

Meetings and attendance.—The District Board met six times during the year, against four times in the previous year, and the attendance also showed an improvement, being nearly 80 per cent of the total strength against 72 per cent in 1916-17. It is gratifying to note that all the Taluk Boards met the required number of times, the attendance at the meetings also being generally satisfactory. The number of meetings held by the Panchayets, however, continued to be unsatisfactory, none of them having met the required number of times. The local officers should exercise proper supervision over the administration of these bodies and advise the Panchayetdars to take an increased interest in the management of their local affairs.

2. *Financial position.*—There was an increase of Rs. 41,794 in the ordinary income of the Board, contributed chiefly by the larger receipts under Railway Cess and house tax including Mohatarfa, both of which were due to special causes. The total expenditure under service heads amounted to Rs. 59,744 against Rs. 54,784 of the previous year. The collection under Local and Railway Cess and other minor items, has been shown as equal to the demand, and arrears shown only under house tax including mohatarfa, this being the main item collected by the District Board agency. This is not correct. The actual arrears and demand under other items should also be ascertained and mentioned in the report.

The closing balance for the year was Rs. 1,28,191 against Rs. 75,030 in 1916-17. The District Board should take early action to suggest measures for improving their finances as it is observed that leaving out of account, the receipts under Railway Cess, the other receipts are just enough to meet their ordinary requirements and keep up the minimum balance, while no margin is left for undertaking special works.

3. *Public Works.*—The expenditure under this head amounting to Rs. 32,621 was mainly incurred by the Public Works Department most of it having been spent for the maintenance of roads. The expenditure incurred by the Civil Department was inappreciable. It is satisfactory to note that the condition of the roads is receiving the attention of the District Board, increased mileage rates having been permanently sanctioned in the case of eight roads. It is also reported that special repairs are contemplated for several of the roads. Government are not in favour of the District Board spending large sums on special repairs when what is required is a revision of the ordinary mileage allotments.

4. *Rural Water-supply.*—Forty wells were in progress during the year, ten of which were completed. The outlay incurred on them was Rs. 9,883, leaving a balance of Rs. 21,019 to the credit of this special fund. The progress continues to be unsatisfactory and calls for special efforts to ensure better results. Instructions already issued in this connection, should be duly attended to.

5. *General.*—The administration of the District Board during the year marks an improvement over that of the previous year. There is, however, a great deal to be done by the Board to develop its resources and usefully employ the facilities placed at its disposal, and Government trust that the Non-official members of the several local bodies in the district will evince much greater interest than before in their administration during the current year.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS

Read—

District Fund Administration Report of the Tumkur District for the year 1917-18.

Order No. 7362—L. B. 32-18-19, dated 13th December 1918.

Constitution of Boards.—There was no change in the constitution of the Boards and of the Union Panchāyets during the year. The District Board continued to have an elected non-official Vice-President.

2. *Meetings and Attendance.*—The District Board held the prescribed number of meetings and all the Taluk Boards, except those of Sira, Tiptur and Kunigal, also met the prescribed number of times. The Sira Taluk Board held only two ordinary meetings. This is unsatisfactory. The attendance at these meetings also is capable of much improvement.

3. *Union Panchayets.*—The total number of meetings held by the Unions was 256. Out of the 31 Unions in the district, only six met the required number of times, while two did not meet at all. There is great scope for improvement in this direction and the local officers should be instructed to induce the Panchayetdars to take greater interest in the general administration of these bodies. A sum of Rs. 17,667 was realised in these Unions and a sum of Rs. 10,388 or about 59 per cent was spent in them. The expenditure incurred in some of the Unions was as in the previous year insignificant. The attention of the Amildars should be drawn to this unsatisfactory state of affairs and they should be held responsible for slack progress in future.

4. *Finance.*—During the year under review there was an increase under all the main heads of receipts, the ordinary receipts of the year being Rs. 1,88,018 against Rs. 1,34,729 of the previous year. The increase is due to the assignment of Mohatarfa in rural tracts to the District Board. Out of a total demand including arrears of Rs. 76,318 under house tax and Mohatarfa, a sum of Rs. 66,234 or nearly 87 per cent was collected. The balance of Rs. 10,071 is heavy and early action should be taken to collect it. The total expenditure during the year amounted to Rs. 86,535 against Rs. 89,656 of the previous year, the expenditure being only about 50 per cent of the ordinary income. While a reasonable surplus to the credit of the District Board is desirable, Government do not view with favour the accumulation of a large balance when that policy is pursued to the disadvantage of necessary works in the district. The closing balance of the year amounted to Rs. 3,21,410.

5. *Lapses under Public Works.*—The actual expenditure on works other than wells incurred by the Civil Department was only Rs. 5,982 against an allotment of Rs. 15,100, resulting in a lapse of 63 per cent of the allotment. This does not speak well of the supervision and check exercised on the works by the local officers. A highly trained technical agency is not required for the supervision and execution of the ordinary works carried out by the Civil Department and all that is required is a systematic adherence to a well arranged programme of works and regular check and supervision over them during progress.

6. *Condition of Roads.*—Most of the roads are reported to require higher allotments per mile for repairs, owing to the general rise in wages and in the price of materials. Financially the District Board is prosperous, and earlier action should have been taken by the Board to propose a suitable revision of the mileage allotments so as to enable the roads being maintained in an efficient condition. The President is requested to take up this question for disposal without further delay.

G. O. No. 7362—L. B. 32-18-19, DATED 13TH DECEMBER 1918.

7. *Water-supply.*—Out of the allotment of Rs. 25,000 for drinking water wells, only Rs. 13,429 including establishment charges were spent. Two hundred and thirty well works were in progress during the year and 44 wells were completed. The progress leaves much to be desired and it is hoped that the facilities that have been afforded and instructions given to ensure rapid progress will be duly availed of and attended to.

8. *Miscellaneous.*—Public health during the year was affected by the prevalence of plague and cholera in almost all the taluks of the district, which accounted for 1,363 deaths. Vaccination work in the district is capable of much improvement, the number of vaccinations done during the year being only 7,609. Government note with interest the increasing popularity of the Ayurvedic and Unani Dispensaries, where 15,403 patients received treatment during the year against 11,347 of the previous year.

9. *General.*—Orders have been passed sanctioning a revised scale of establishment for the District Board and separate establishment for Taluk Boards. These additional facilities will, it is hoped, enable the local boards to show a marked improvement in their administration during the current year.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The President, Tumkur District Board.

PRESS TABLE.

Exd.—C. R.

District Fund Administration Report, Chitaldrug District.

No. 7410—L. B. 32-18-21, dated 14th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

District Fund Administration Report of the Chitaldrug District for the year 1917-18

Order No. 7410—L. B. 32-18-21, dated 14th December 1918.

Recorded.

2. *Meetings and attendance.*—The District Board met the prescribed number of times and the average attendance was 72 per cent of the total strength of the Board against 80 per cent of the previous year. Four meetings of the Taluk Boards had to be adjourned for want of quorum, and there was a fall in the average attendance of the members from 7·7 in the previous year to 6·6 in the year of report. This is not satisfactory.

3. *Union Panchayets.*—There was a considerable fall in the number of meetings held by the Panchayets during the year, being only 167 against 214 in the previous year. Only 3 out of the 28 Panchayets met the required number of times, while 2 did not meet at all. Lack of interest on the part of the Panchayetdars in their affairs is disappointing and efforts should be made by the local officers to awaken their interest by pointing out the responsibility devolving on them under the new scheme. Out of a sum of Rs. 20,218 realised in the Unions, a sum of Rs. 13,884 was spent in them, but the expenditure, it is noted, was not evenly distributed among the several unions with due reference to their income.

4. *Finance.*—There was an increase in the ordinary receipts of the Board by Rs. 57,000 which is due to the assignment of rural Mohatarfa to the District Board. Out of a total demand, including arrears of Rs. 2,23,526, a sum of Rs. 2,04,855 was collected, leaving a balance of Rs. 18,558 uncollected. The arrears under local cess and house tax are very heavy and early action should be taken by the Revenue Department and the District Board to reduce the same.

Exclusive of the contribution of Rs. 31,512 on account of the Chikjajur-Chitaldrug Railway Line, the ordinary expenditure of the Board was Rs. 89,605 against Rs. 83,959 of the previous year, increase being due partly to the revision of the establishment of the District Board and mostly to the adjustment of the maintenance charges of Harihar Water Works. The balance to the credit of the District Board at the close of the year was Rs. 2,96,901.

5. *Lapses under Public Works.*—Government regret to note that the execution of Public Works by the Civil Department continues to be unsatisfactory. Out of an allotment of Rs. 24,470 only a sum of Rs. 9,692 was spent on works and repairs, resulting in a lapse of nearly 60 per cent. As a part of the responsibility for such heavy lapses lies on the local officers, their attention should be drawn by the President to the instructions issued by the Government in this connection and any neglect or want of supervision on their part duly brought to notice of the Government.

6. *Water-supply.*—Government note that the Musto's Boring Plant purchased by the District Board is giving satisfaction, but out of the allotment of Rs. 39,344 only Rs. 7,336 were spent on well works in villages during the year. This requires explanation. One hundred and fifty well works were in progress, of which only 12 works were completed. The balance to the credit of this special fund has accumulated to Rs. 29,961. Government regret that this beneficent scheme has not received sufficient attention from the local officers and the instructions issued have not been properly carried out. Government will be constrained to view seriously slack progress in this connection in future.

No. 7410-L. B. 32-18-21, DATED 14TH DECEMBER 1918.

7. *Roads.*—In connection with a scheme for improving the road facilities in the State, Government sanctioned during the year the opening of a road from Chitaldrug to Turuvanur-Naikanhatti. Many village roads were opened by the villagers under the Village Improvement Scheme, the length of the cart-track newly opened or repaired in the district being 375 miles against 140 miles in the previous year.

8. *District Board Railways.*—The construction of the Chikjajur-Chitaldrug Railway was put on hand during the latter part of the year and it is said to be making fair progress. The amount of this Railway loan actually collected and credited to treasuries up to the end of the year was Rs. 92,051-8-0. The collections during the year are reported not to have been satisfactory owing to the existence of other loans, *viz.*, the War Loans and the Chitaldrug Water-supply Loan. Conditions are improving now and prompt arrangements should be made to raise the balance of the Railway loan during the current year.

9. *Cattle Shows.*—An important feature of the shows held at Harihar and Harthikote was the holding of the Cattle Owners' Conferences, the first of their kind in the district, when questions relating to the improvement of the breed of cattle cultivation of gomal lands, etc., were discussed and resolutions thereon recorded.

10. *General.*—Separate establishments for Taluk Board offices were sanctioned during the year and the scale of pay of the District Board establishment was also revised. It is hoped that appreciable improvement in the administration of the District Board will be made in the current year in view of the additional facilities afforded under the Local Self-Government Scheme.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The President, District Board, Chitaldrug.

No. 7306—L. B. 32-18-18, DATED 12TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Kolar Gold Fields Sanitary Board, received with the President's letter No. 159, dated 28th September 1918.

Order No. 7306—L. B. 32-18-18, dated 12th December 1918.

Recorded.

2. *Meetings and attendance.*—Six ordinary and one special meetings were held by the Board during the year and the average attendance for the total strength of 15 on the Board, was 11·70 against 12 in the previous year. Though there has been a slight fall in the attendance of non-official members, the attendance was on the whole satisfactory and no meeting had to be adjourned for want of a quorum.

3. *Financial position.*—The total income of the Board amounted to Rs. 92,970 against Rs. 97,206 of the previous year. The decrease is not real since the ordinary income of the Board shows an increase of Rs. 3,245 over that of the previous year, the larger receipts of which were due to certain extraordinary items. It is noted with satisfaction that the collection work during the year showed a marked improvement over that of the previous year. Out of the total demand including arrears of Rs. 16,681 under house tax and Mohatarfa, a sum of Rs. 13,407 or about 80 per cent was collected, leaving a balance of Rs. 3,254, of which the arrears for the year of report amounted to Rs. 900. There was a slight fall of about Rs. 1,080 in the income derived from market collections chiefly due to war conditions, but this was more than made up by the better collections under house tax, special sanitary cess, etc., and the general increase under several other items of the receipts. The net expenditure incurred by the Board, excluding investments, deposits and advances amounting to Rs. 31,655, was Rs. 75,097 against Rs. 85,673 of the previous year. The amount to the credit of the Board at the close of the year was Rs. 53,581 including the investment of Rs. 20,504 in the Mysore Bank.

4. *Public works.*—Though the total outlay on public works during the year was only Rs. 17,941 against Rs. 24,812 in the previous year, it is satisfactory to note that the lapse was not heavy, the amount allotted in the Budget under this head being only Rs. 19,225. The roads in the Sanitary Board area continued to be maintained in a satisfactory condition.

5. *Public health.*—The public health during the year was generally good and the Sanitary Board area enjoyed comparative immunity from epidemics. There was a decrease in the number of deaths by 523. It is noted that the number of vaccinations done during the year showed a marked increase over that of the previous year, being 12,180 against 6,825 in 1916-17. This is satisfactory.

6. *General.*—The management of the affairs of the Board continues to be satisfactory.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Administration Report of the District Board, Shimoga District, for the year 1917-18, received with the Deputy Commissioner's letter No. H C. 33—L. B. 18-19, dated 28th September 1918.

Order No. 7991-5—L. B. 32-18-28, dated 27th December 1918.

Meetings and attendance.—The District Board held five meetings during the year and the average attendance was 20·4 against the sanctioned strength of 29, but an actual one of 27, two vacancies caused by the death of two non-official members not having been filled up. There was an improvement in the meetings held by the Taluk Boards, the total during the year being 69 against 59 of the previous year. It is satisfactory that all the Boards except that of Kumsi met the prescribed number of times during the year. Out of the forty Panchayets in the district, only fifteen held the required number of twelve meetings, while the number of meetings held by the Unions of Hodigere and Thyavanige in the Channagiri Taluk was only 1 and 2 respectively. The attention of the Amildar should be drawn to this unsatisfactory state of affairs and he should be required to exercise greater supervision over the work of these bodies. Though a sum of Rs. 11,426 was expended in the Unions during the year out of a total collection of Rs. 16,284, it is observed that the expenditure incurred in five of the Unions was much in excess of their income, while in five others no expenditure was incurred.

2. *Financial position.*—The ordinary income of the Board was Rs. 1,72,532 against Rs. 1,59,161 in 1916-17, the increase being due to the assignment of Municipal Mohatarfa to the District Board. Collection work during the year was unsatisfactory, and the arrears under House-tax as well as Local Cess are very heavy, amounting to Rs. 27,882. The President is requested to adopt prompt and stringent measures to reduce the arrears early. The total expenditure incurred by the Board was Rs. 1,60,220 against Rs. 1,49,137 in the previous year. Excluding the sum of Rs. 19,884 on account of Railway construction charges, the nature of which has not been explained in the report, the actual expenditure by the Board was only Rs. 1,40,336. The balance to the credit of the Board at the close of the year amounted to Rs. 2,41,174.

3. *Public Works.*—The execution of Public Works by the Civil Department was unsatisfactory and resulted in a heavy lapse of Rs. 17,487 or nearly 70 per cent of the amount allotted for works. The explanation that this is due to paucity of contractors cannot be accepted as it is observed that the Public Works Department was able to work out a large portion of its allotment. Government consider that greater progress is possible if works which are mostly of a minor kind are taken up systematically and carried out, the local officers exercising timely and regular supervision over them during progress.

4. *Roads.*—Action was taken during the year to increase the mileage allotment of some of the important roads in the district, and sanction of Government was obtained thereto. Much valuable work is reported to have been done in connection with the opening of intervillage roads, the estimated value of which is stated to be about Rs. 22,000.

5. *Water-supply.*—Out of a sum of Rs. 31,477 available under this head, a sum of Rs. 10,359 was spent during the year on all works. Twenty-nine wells were

completed and 64 were in progress. The balance to the credit of this fund has accumulated to Rs. 21,122 which with the amount sanctioned for 1917-18, will be Rs. 56,122. Government hope that greater attention will be paid to the instructions already issued in this connection and appreciable progress shown during the current year.

6. *Conservancy and sanitation.*—The report records useful work carried out under this head in connection with the introduction of Village Sanitation Rules to 132 new villages, clearance of lantana over an extent of 136 acres, and allotment of separate sites for damping manure in 398 villages. How much of this was carried out under the Malnad Improvement Scheme should have been indicated in the report.

7. *General.*—The administration of the Board during the year under review does not compare favourably with that of the previous year especially as regards collection work and execution of Public Works. Vaccination work also leaves much room for improvement. Sufficient care has evidently not been exercised in the preparation of the statements and variation in the figures not properly explained. This should be guarded against in future. Government hope that with the additional funds and facilities now placed at the disposal of the Board, a decided improvement in all directions will be noticeable during the current year.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Hassan District Board for the year 1917-18, received with Deputy Commissioner's letter No. Dis. 21-1—L. F. 18-19, dated 4th October 1915.

Order No. 7761-4—L. B. 32-18-24, dated 19th December 1918.

Meetings and Attendance.—The District Board and all the Taluk Boards, except the Hole-Narsipur Taluk Board, met the prescribed number of times and the average attendance of members, both official and non-official, remained steady being the same as in the previous year.

2. *Union Panchayets.*—The administration of these bodies leaves much to be desired. There was a decrease in the total number of meetings held by them by 24. Of the 20 Unions in the district only 3 met the prescribed number of times, while one Kenekere in the Arsikere Taluk did not meet at all. The others met on an average 7·1 times during the year. This indifference on the part of panchayetdars calls for some notice and as the panchayets have since been reconstituted on a statutory basis with extended powers, the responsibility devolving on the panchayetdars should be clearly impressed on them. There was an improvement, however, in the amount of expenditure incurred in the Unions. Out of a sum of Rs. 15,353 collected in them a sum of Rs. 14,514 was spent in them.

3. *Finance.*—There was an increase of Rs. 20,000 in the ordinary income of the Board chiefly due to the assignment of rural Mohatarafa to the Board under the new scheme. The expenditure remained almost the same as in the previous year. Out of the total demand of 44,932 under House-tax including Mohatarfa, a sum of Rs. 37,498 was collected, leaving a balance of Rs. 7,434. This is comparatively heavy. The collection work both in regard to this item and in regard to the arrears under local cess amounting to Rs. 12,025 and under tolls and ferries calls for early attention. The President is requested to take necessary action in the matter. The balance to the credit of the Board at the end of the year amounted to Rs. 1,93,858.

4. *Public Works.*—The lapse under this head in respect of works carried out by the Civil Department amounted to 65 per cent of the allotment appropriated for the purpose and this heavy lapse is reported to be due to the absence of a trained supervising agency. Government do not consider this as a satisfactory explanation for much improvement is possible in this direction if attempts are made to carry out works systematically according to a programme prepared beforehand in the order of urgency and available local facilities. Regular inspection and supervision of the works in progress by the local officers will also conduce to minimise the delay in the completion of works.

5. *Roads.*—Attention was paid during the year to the improvement of certain important roads, special repairs having been carried out in respect of them. The average amount spent per mile thus rose from Rs. 106 in 1916-17 to Rs. 122 during the year. It would be more satisfactory if the District Board took early action to revise the annual mileage allotments to the roads in the district with a view to their efficient maintenance instead of spending large sums on special repairs to a few selected roads. Suitable proposals may be submitted in this matter for the early sanction of Government.

6. *Rural Water-supply.* The unspent balance to the credit of the drinking water wells fund has accumulated to Rs. 70,000 nearly. The progress under this scheme continues to be slow and unsatisfactory. Only 24 wells were constructed during the year and 9 repaired, at a total cost of Rs. 4,434. The attention of the President is invited to the instructions already issued in this connection and he is requested to see that every endeavour is made to show better results.

No. 7761-4—L. B. 32-18-24, DATED 19TH DECEMBER 1918.

7. *Miscellaneous.*—Early action should be taken by the Board to raise the debenture loan of Rs. 85,000 sanctioned by Government towards the construction of the bridge across the Hemavati and the opening of the road from Channarayapatna to Hole-Narsipur. Government regret to note that there has been avoidable delay in the matter of the completion of the bridge across the Sanka Thirtha river in the Alur Sub-Taluk. There was a fall in the number of vaccination done during the year by 846.

8. *General.*—The establishment of the District Board Office was revised during the year and separate establishments were sanctioned to the several Taluk Boards. The pay and prospects of vaccinators were also improved and they were placed under the direct control of the District Boards. The Government hope that the administration of the District Board and the several Taluk Boards will show considerable improvement in the current year and main defects noted above remedied.

Correspondence ending with letter No. 770, dated 20th July 1918, from the Chief Commandant, Mysore State Troops, submitting for favourable consideration the applications from Yellal Bayee Pole and Sankara Bayee, members of the family of Mahadeva Rao Pole and Deva Rao Baber, respectively, of the Mysore Imperial Service Lancers, praying for the grant at a favourable upset price, of building sites near Seshadripuram or Malleswaram Extension.

2. Correspondence ending with letter No. 141, dated 27th November 1918, from the President, City Municipal Council, Bangalore, reporting that the Municipal Council have expressed their willingness in their meeting held on 7th September 1918, to show concessions by grant at half the ordinary rates prevailing in the localities where suitable sites may be available for allotment to men who have gone to or returned from war service or in the event of their decease to the members of their family and that it is under contemplation to provide a special block by acquiring assessed lands to the south of the Raiyats' Block, west of Malleswaram, for Military people for accommodating about 300 families, as there are no suitable sites in other localities.

Order No. 7380-3—Ml. 32-17-135, dated 13th December 1918.

The recommendation of Municipal Council and the President's proposal for the formation of a new block to meet the present demand are approved. The concession of allotting sites at favourable rates may, for the present, be limited to one year. The President is requested to report at the end of this period whether its continuance is necessary.

2. The Chief Commandant, Mysore State Troops, is requested to communicate the terms of the order to the members of the Military force and to direct such of them as require sites to apply to the President, City Municipal Council.

No. 7659—Ml. 79-18-19, dated 18th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Administration Report of the Mysore City Municipal Council for the year 1917-18.

Order No. 7659—Ml. 79-18-19, dated 18th December 1918.

Constitution.—The ten additional members who were duly returned at the bye-elections of the previous year took their seats on the Municipal Council during the year under review, the strength of the Municipal Council being thus 30 as against 20 of the previous year, with an elected majority of 2 to 1.

The Council underwent a further change during the latter part of the year when the official President was replaced by a non-official President, Rajasabhabhushana Dewan Bahadur Mr. C. Srikantesvara Aiyar having been appointed to the place in March 1918. The Municipal Council were also given the privilege of electing their Vice-President.

2. *Meetings and Attendance.*—The Municipal Council held twenty-eight meetings in all, of which five were special meetings. The average attendance was generally satisfactory though there is still scope for improvement in the attendance of official members.

3. *Committees.*—There were eight Committees working during the year including the Managing Committee and of these only five seem to have met regularly for the conduct of business referred to them. It is observed that in none of the Committees except the School Committee have non-Councillors been included. The Municipal Council might avail themselves more largely of the provisions under Section 31 of the Municipal Regulation and secure the co-operation of as large a body of non-Councillors as possible for work on these Committees.

4. *Demand, Collection and Balance.*—Collection work during the year showed an improvement over that of the previous year. Out of the arrears of Rs. 18,645 under all items of taxation except octroi and tolls, Rs. 1,914 was remitted and Rs. 9,924 or 53 per cent was collected against 32 per cent in 1916-17. Out of the demand of Rs. 60,239 under current taxes, a sum of Rs. 8,614 or 14 per cent was left uncollected against 18 per cent in the previous year. In view of the revision of establishments recently sanctioned, it should now be possible for the Municipal Council to make efficient arrangements for further improving the work of collection and reducing the arrears.

5. *Finance.*—The income and expenditure under service heads during the year amounted to Rs. 2,32,728 and Rs. 2,23,144 against Rs. 2,11,525 and Rs. 2,02,837, respectively, in the previous year. The increase in the receipts is chiefly due to adjustment of arrears of contributions due from Government. The increase under expenditure is attributed to the larger outlay on Public Works both original and repairs. The closing balance at the end of the year was only Rs. 14,126, exclusive of the fixed deposit of Rs. 53,005 in the Mysore Bank, against the prescribed minimum of Rs. 20,000. The President is requested to adjust the fixed deposit so as to have the prescribed minimum balance at least in the current account of the Municipality.

6. *Conservancy.*—The proposal to introduce daily conservancy system to the whole city is reported to be set with many difficulties, chief of them being the lack of accessibility to the pit privies, insufficiency of water-supply and incompletion of sewerage works. Provision of conservancy lanes, wherever necessary, and the extension

of the trenching system now being tried should be proceeded with as rapidly as possible.

7. *The Sewage Farm.*—The sewage farm with an extent of 143 acres was transferred to the Municipality from the Trust Board for management. Government await the results of the working of the farm.

8. *Public Health and Vital Statistics.*—The year was comparatively free from plague and the public health was generally good except for the prevalence of Cholera during intervals in a more or less severe form. The total number of births and deaths was 2,214 and 2,446 against 2,467 and 3,153, respectively, in the previous year. Infant mortality was so high as 186·08 for 1,000 births and calls for prompt remedial measures. The increased employment of midwives, the appointment of Lady Health Visitors and the bringing of medical assistance within reach of the people deserve to be considered by the Municipal Council in this connection. Greater attention should also be paid to vaccination work.

9. *Avenues.*—The maintenance of the avenues in the Municipality received due attention of the Municipal Council and a sum of Rs. 2,649 was set apart during the year for replacing vacancies and planting seedlings.

10. *Public Instruction.*—Orders regarding the maintenance of compulsory primary schools from the Municipal Funds, and the transfer of Municipal Girls' Schools to the Education Department were passed but they were not given effect to during the year. The total expenditure incurred on account of Education amounted to Rs. 8,494 against Rs. 7,511 in 1916-17.

11. *General.*—The revision of a portion of the Municipal Establishment at an additional cost of Rs. 4,362 was sanctioned during the year and it is satisfactory to note that as a result of this, an improvement in the collection work of the Municipality is noticeable. Orders have recently been passed revising the scale of pay of the remaining establishments of the Municipal Council at a cost of Rs. 2,237. Greater efficiency in the executive and office work of the Municipality will, it is hoped, be possible in the administration of the current year.

12. Government note with satisfaction that the administration of the Municipality continued, on the whole, to be satisfactory, and they desire to record their appreciation of the services rendered by the non-official members.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

Read—

G. O. No. 1432-5—Ml. 24-15-137, dated 22nd July 1918, laying down rules for the disposal of building sites in the Chamundi Extension of the Mysore City.

Read also :—

Letter No. 234-S. 31—C. 16 of 1918-19, dated 15th November 1918, from the Chairman, City Improvement Trust Board, Mysore, soliciting sanction to there solution of the Trust Board that the rules for disposal of building sites laid down in the order of 22nd July 1918, be modified as suggested below and extended to other extensions or parts of the Mysore City :—

(1) That the upset price be settled before allotment and

(2) that in the case of buildings estimated to cost Rs. 2,000 or more a period of two years be allowed for their completion from the date of the sale of sites.

Order No. 8055-8—Ml. 127-18-2, dated 31st December 1918.

The resolution of the Trust Board is sanctioned.

2. The rules as now revised will be of general applicability to the Mysore City and its extensions and are detailed below :—

(1) All sites will be sold in public auction. In special cases, *e.g.*, for housing displaced persons of the City, they may be allotted to applicants for an upset price of not less than two annas per square yard. In every such case, upset price subject to this minimum should be fixed before allotment.

(2) The auction purchaser or the purchaser will, soon after the sale is concluded, be required to deposit such portion of the purchase money of the site as may, to the Chairman, seem reasonable, failing which the site will be resold at his risk.

(3) The balance of purchase money should be paid on or before a date to be prescribed by the Chairman in a fixed number of equal monthly instalments not exceeding 36.

(4) Failure to pay any one instalment will render the party liable to pay it together with interest at 1% per mensem along with the ensuing month's instalment.

(5) All allotments of sites shall be subject to the approval of the Trust Board.

(6) The purchaser should apply for a building license to the proper authority within one month from the date of execution of the Mutchalika in the form prescribed in the Governmynt Order No. 1357-8—Ml. 230-15-4, dated 16th August 1916, after payment of the deposit under Rule 2 above.

(7) Within three months from the date of the grant of the license the construction of the building according to the approved plan should be commenced, and the work should be completed within one year from the said date; provided, however, that in the case of buildings estimated to cost Rs. 2,000 or more the period for completion may be extended to two years.

(8) In the case of default of any of the forgoing rules the Trust Board shall have power to resume the site together with any structure thereon and also to recover as a forfeiture, 25% of the amount paid by the purchaser and to refund the balance to him.

(9) In the case of an incomplete structure being forfeited to the Trust Board under Rule 8 above, the Chairman shall also have power to sell it by auction or agreement, or otherwise use it and make over the proceeds or amount of valuation to the defaulter after deducting by way of fine 25% of the cost of the structure according to the Chairman's valuation at the time of forfeiture.

3. Nothing herein contained shall affect any action taken prior to this order in accordance with the provisions of the Mutchalika approved in Government Order No. 1357-8—Ml. 230-15-4, dated 16th August 1916.

Correspondence ending with letter No. 25514-913, dated the 26th April 1918, from the Inspector-General of Education in Mysore, submitting proposals for amending the rules of the Educational Grant-in-aid Code so as to provide for more efficient supervision of aided schools and a more liberal scale of grants than at present.

Order No. 4844-5—Edn. 233-17-4, dated 4th December 1918.

The recommendations are approved for a period of three years. The existing and amended rules are shown below:—

Present.	Amended.
Rule IV.—Grants may be given to recognised institutions in aid of (*a*) payment of salaries of teachers and of wardens or tutors of hostels.	Grants may be given to recognised institutions in aid of (*a*) payment of salaries of teachers and servants in schools and of wardens or tutors of hostels, provided sanction is obtained from the Inspector-General of Education before incurring such expenditure and provided all appointments of teachers, wardens or tutors are reported forthwith to the Inspector-General of Education and made subject to his approval.
	(*d*) Purchase, rent, erection or extension of Educational buildings.
(*d*) Purchase, erection or extension of hostels.	(*e*) Purchase, erection or extension of or rent of hostels, provided sanction is obtained from the Inspector-General of Education before renting out a building.
Rule V.—(*Heading*) (*A*) *Elementary schools and classes.*	(*Heading*) (*A*) *Elementary and Middle schools and classes.*
A1.—The amount of grant allotted * * in average daily attendance. Women teachers in girls' schools will receive 25 per cent more than male teachers and trained teachers 25 per cent more than untrained teachers.	* * *
	One third of the cost of the menial establishment will also be given in addition to the above grants.
Rule V. A. 2.—The sanctioning authority may however increase the rate of grant for each teacher and pupil by not more than 50 per cent in any defined locality in favour of any school attended by a majority of pupils drawn from educationally backward classes or castes.	*A. 2.*—The sanctioning authority may however increase the rate of grant for each teacher and pupil by not more than 50 per cent in any defined locality in favour of any school attended by a majority of pupils drawn from depressed classes or castes.
Rule V. C.(*5*).—That when the fee income of the school is more than the amount of the people's contribution the managers agree to credit to the Education Department the surplus collections after paying back the deposit amount.	That when the fee income of the school is more than the amount of contribution due from the people in any year, the managers agree to deposit the surplus collections in the Treasury to the credit of the school and to utilise such savings only for making good the deficiency in the school fees collected in the subsequent years or for the improvement of the English classes in the school with the approval of the Inspector-General of Education.

No. 4844-5—EDN. 233-17-4, DATED 4TH DECEMBER 1918.

PRESENT.	AMENDED.
Rule V. D. 2.—The following shall be considered backward classes for the purposes of these rules.	The following shall be considered depressed classes for the purposes of these rules.— Holeyas, Madigas, Lambanis, Korachas, Koramas and Waddas and such other classes as the Government may from time to time declare to be depressed classes.
Rule V. H.—Special Institutions.	*Rule V. H.*—Training Institutions. Grants to Training Institutions will be paid under the following conditions.— 1. That the teachers employed in these schools are duly qualified and their appointment is subject to the approval of the Inspector-General of Education in Mysore. 2. That the courses of studies approved by the Department are introduced in the schools. 3. That a practising school is attached to the Training Institution. Grants to these institutions will be paid at the following rates :— Rupees 100 for every teacher or student who is successful in obtaining the Teachers' Certificate of the Lower Secondary grade in both the Written and Practical Examinations in any year In the case of Normal Schools Training Teachers of the Upper Secondary Grade the grant payable will be Rs. 150 for every successful candidate in the Upper Secondary Teachers' Certificate Examination (and special institutions to be made a separate Sub-Division as Rule V. I.) * * * * * * * * * * * * * * * * * * or areas.
Rule VIII.—Grants under Rule iv (*g*) may be paid at the following rates for special courses of institution on the stipends of students under training. These rates may be increased by 50 per cent in the case of women students or by 25 per cent in the case of students from particular classes or areas.	Full stipends will be given to students who enter into contracts to serve the Department for at least three years; otherwise only half stipends will be given as scholarships.
(*a*) For Teachers' Certificates.	(*a*) For Teachers' Certificates.

	Rs.		Rs.
Upper Secondary Grade	6 a month	Upper Secondary Grade	10 a month
Lower Secondary Grade	4 do	Lower Secondary Grade	8
Primary Grade	4 do	Primary Grade	5

2. The rules, as amended will be given effect to from the 1st July 1919.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 4943-55—Edn. 32-14-10, dated 21st May 1915, authorising the Inspector-General of Education among other things to sanction the construction of original school buildings not exceeding Rs. 1,000 in cost.

2. Government Order No. 4920-34—Edn. 74-16-32, dated 23rd November 1917, passing orders laying down the procedure to be followed in regard to the construction, etc., of educational buildings.

3. Letter No. A. C. 1362, dated 6th September 1918, from the Inspector-General of Education stating that the present Public Works Establishments of the Education Department is too inadequate to exercise efficient supervision over more than a few buildings every year, and requesting that, under these circumstances, the Public Works Department may be directed to undertake buildings costing less than Rs. 1,000 each also, while the Education Department looks to the more urgent works.

Order No. 5006-8—Edn. 156-18-26, dated 10th December 1918.

The Chief Engineer who was consulted in the matter has no objection to the adoption of the procedure proposed by the Inspector-General of Education. Government are accordingly pleased to direct that, while the Education Department should look to the more urgent works, the construction of the remaining buildings costing less than Rs. 1,000 each may also in future be undertaken by the Public Works Department. In case the normal establishment is unable to work out the allotment in full, the Chief Engineer will be responsible to provide such additional staff as may be necessary so that the years' programme may be carried out in full.

Re-organisation of the Establishment of the Office of the Inspector-General of Education.

No. 5037-8—Edn. 111-17-18, dated 6th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read

Letter No. 29441—1043, dated the 8th June 1918, from the Inspector-General of Education, submitting proposals for the reorganisation of his office.

Order No. 5037-8—Edn. 111-17-18, dated 6th December 1918.

The proposals of the Inspector-General of Education relate to —

(i) the creation of new appointments, a Chief Inspector on Rs. 500 per mensem and a Chief Inspectress on Rs. 400—20—500 per mensem for charge of Upper Secondary and Women's Education respectively.

(ii) the division of the office into seven sections : Education, Women's Education, Technical Education, Administration and Personal, Library and Publication, Records and Examinations.

(iii) increase of 14 hands in the clerical establishment and increase of pay to existing hands at a cost of Rs. 837½ per mensem.

(iv) Changes of designation and redistribution of duties among the officers.

2. In view of the great increase in the number and variety of educational institutions and problems, Government consider it necessary to strengthen the office establishment of the Inspector-General of Education and are pleased to sanction additional establishment at a cost not exceeding Rs. 6,000 per annum. The Inspector-General of Education is requested to submit revised proposals, but pending sanction, he is authorised to entertain clerical establishment subject to the money limit above fixed. The additional expenditure during the current year will be met by reappropriation pending the grant of supplementary allotment to the budget of the Education Department.

3. The Inspector-General of Education may make such internal arrangements in his office as he considers necessary in the interest of efficiency of work so long as these may be carried out within the sanctioned scale. The other proposals of the Inspector-General of Education have been noted for separate consideration.

Scholarships for Girls in District Headquarter Girls' Schools.

No. 5676-7 –Edn. 18-18-17, dated 21st December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 3405-6—Edn. 1-17-12, dated the 21st October 1918, approving of the general principles of the scheme for the award of scholarships for girls in the District Headquarter Girls' Schools, and calling for revised proposals with a set of rules for the grant of such scholarships, limiting the expenditure to Rs. 12,000 per annum.

2. Letter No. A. C. 1713, dated the 18th November 1918, from the Inspector-General of Education, submitting for approval revised proposals together with a set of draft rules for the award of the scholarships, stating that the rates of scholarships tenable in the Maharani's College, Mysore, sanctioned in Government Order No. 414-26—Edn. 152-13-7, dated the 10th July 1914, are far higher than the rates proposed by him and suggesting that the same rates of scholarships may be introduced in the Maharani's College also, as two rates cannot co-exist in the same organisation.

Order No. 5676-7– Edn. 18-18-17, dated 21st December 1918.

Government generally approve of the proposals submitted by the Inspector-General of Education. They are not in favour of making these scholarships tenable in aided institutions. The scheme as well as the rules for the award of scholarships as approved by them are printed as an appendix to the order.

2. As it is necessary to develop the Maharani's College as a Central Institution and attract pupils from all parts of the State, Government do not consider it necessary to reduce the scale of scholarships, tenable in that institution.

3. The Inspector-General of Education is requested to submit, for the information of Government, a report as regards the distribution of the scholarships for the current year.

Rules for the award of Government scholarships to girls reading in the higher classes of Government Girls' Schools at District Headquarters.

Applications for scholarships will be made in prescribed printed forms to the Head Master or Mistress of the schools in which the applicants are pupils. The Head Master or Mistress will, with the approval of the school committee, recommend within three weeks from the date of commencement of the first session as many of the applicants as are considered to be deserving of scholarships to Circle Inspector of Education who will submit a consolidated list of candidates for scholarships, with their original applications to the Inspector-General of Education before the 2nd week of July in each year.

2. The award of the scholarships will be made by the Inspector-General by the end of July.

3. The scholarships will be tenable for the school year from the beginning of May to the end of April in the case of Middle School candidates, and from June to May in the case of other candidates.

The list of scholarship-holders will be revised by the Inspector-General at the beginning of each academical year.

No. 5676-7—EDN. 18-18-17, DATED 21ST DECEMBER 1918.

4. The scale of scholarships will be as shown in the statement below:—

No.	Class or standard in which pupil is reading	Number of Scholarships	Rate per month	Cost per month
			Rs.	Rs.
1	VI Form, English	12	10	120
2	V do	15	8	120
3	IV do	20	6	120
4	Upper Secondary, 2nd year	10	10	100
5	Do 1st year	10	8	80
6	III Form, English	25	5	125
7	II do	30	4	120
8	I Form and Kannada Lower Secondary Classes	40	3	120
	Total cost per month ...	...	...	905
	or per annum ...	...	...	10,860

In the case of girls undertaking to study medicine after passing the Secondary School-Leaving Certificate Examination, the amount of scholarship will be increased by 25% in the VI, V and IV Forms.

5. One-third of the number of scholarships will be awarded entirely on the ground of merit, one-third of the scholarships on grounds or poverty combined with diligence, the remaining scholarships will be set apart for pupils from classes that are specially backward in female education. If any of the scholarships remain unutilised they may be made available to other pupils in the same standard without these restrictions.

6. When all the available scholarships are not utilised in the classes for which they are intended, it is left to the discretion of the Inspector-General to transfer them to other classes.

7. During the year of tenure, the Head Master or Mistress or Manager of a school in which the girl is reading, may, in consultation with the School Committee, withhold the whole or any portion of her scholarship for irregular attendance, unsatisfactory progress or bad conduct reporting the fact at once to the Circle Inspector of Education who will send a consolidated list to the Inspector-General of Education at the beginning of every succeeding month, for orders. As a special case the scholarships will be awarded in December or January for this academical year.

Recovery of Advances granted to Foreign Scholars.

No. 5610-50—Edn. 30-18-45, dated 20th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. Loans 445, dated the 28th—30th September 1918, from the Comptroller, regarding steps to be taken for the prompt recovery of advances to the Foreign Scholars after their return to the State.

Order No. 5610-50—Edn. 30-18-45, dated 20th December 1918.

With a view to avoid delay in the recovery of advances granted to Foreign scholars, the Comptroller suggests that the Inspector-General or other officer on whose recommendation such advances are sanctioned should take steps for the prompt recovery of the advances after ascertaining from the Comptroller the total amount due from the scholar and obtaining the orders of Government whenever necessary.

2. Under the Foreign Scholarship Rules the Inspector-General of Education arranges for the payment of the advance to the candidates concerned, in consultation with the Comptroller and after execution of necessary bonds, etc. Government consider therefore that it would be convenient if the duty of recovering the advance after the return of the candidates is also attended to by him.

3. In the case of scholarship-holders in the service of Government, the recovery will be effected by the Inspector-General of Education in communication with the Comptroller through the heads of the Departments concerned. If the amount is to be recovered by monthly deductions from the pay of the officer, the same will be intimated to the Comptroller to enable the Inspector-General of Education to give effect to the deduction when passing the bills.

In other cases when the amount is not repaid in a specified time, the Inspector-General of Education may take needful steps to recover the same by recourse to law.

4. A Register should be maintained in the Comptroller's and the Inspector-General of Education's Offices of persons from whom the advances are recoverable and the recoveries made from time to time should be duly noted therein showing also balances due.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

Re-organisation of the Inspectorate.

No. 5594-5—Edn. 118-17-8, dated 19th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 29442—1044, dated the 8th June 1918, from the Inspector-General of Education, submitting proposals connected with the re-organisation of the Inspectorate of the Education Department.

Order No. 5594-5—Edn. 118-17-8, dated 19th December 1918.

The Inspector-General of Education reports that owing to the expansion of Education during the last three years the existing inspecting staff has become quite inadequate and has submitted proposals for strengthening the staff at a recurring cost of Rs. 1,35,600 and a non-recurring expenditure of Rs. 10,700. He has also made certain suggestions for further decentralisation of powers in the department.

2. The average number of institutions to be inspected by each inspecting officer at present comes to 201 and the Inspector-General of Education suggests that if the inspections are to be really efficient, the number of schools to be inspected by an officer should not exceed one hundred and at the most 150 in number, as he is expected to pay some attention to the investigation of the educational needs of the district, or range in addition to administrative and inspectorial work. He therefore proposes an increase of 23 in the number of Assistant Inspectors in the following grades:—

Eight Assistant Inspectors in grade Rs. 75—10—125.
Fifteen Do do 50— 4— 70.

The existing two Assistant Inspectors on Rs. 150 per mensem are proposed to be appointed as Assistants to the two Circle Inspectors. These Assistant Inspectors will also have charges of all the Primary and Lower Secondary schools in the headquarter cities besides serving as Attendance Officers for Compulsory Education in the two cities. Except in the Cities of Bangalore and Mysore the work relating to compulsory education is proposed to be transferred to the District Inspectors of education, they being given the assistance of an Assistant Inspector in grade Rs. 75—10—125 in carrying on their office work and in Educational organisation. The clerical establishment attached to the offices of the Circle Inspectors, District Inspectors and the Assistant Inspectors is also proposed to be strengthened by the appointment of additional hands.

3. Government are pleased to approve of the proposals of the Inspector-General of Education to appoint the existing two Assistant Inspectors on Rs. 150 as Assistants to the Circle Inspectors and they are also pleased to sanction the appointment of ten Assistant Inspectors in grade Rs. 75—10—125, to assist the District Inspectors in their office work. The appointment of an additional clerk on Rs. 40 per mensem for each of the offices of the Circle Inspectors and of one on Rs. 30 for each District Inspector's office is also sanctioned. The cost on account of the proposals sanctioned above will be as follows:—

Item.	Average Cost.
	Rs.
Ten Assistant Inspectors in grade Rs. 75—10—125 ...	13,000 per annum.
Two Clerks on ... „ 40 each for the offices of the Circle Inspectors	960 „
Ten Clerks on „ 30 do District Inspectors	3,600 „
Total ...	17,560 per annum.

No. 5594-5—EDN. 118-17-8, DATED 19TH DECEMBER 1918.

4. As regards the additional Inspecting staff, the Inspector-General of Education is requested to submit revised proposals at a cost not exceeding Rs. 50,000 per annum including the expenditure of Rs. 13,000 on account of the ten additional Assistant Inspectors sanctioned above. For the present additions to the Inspecting staff may be made on the basis that no inspecting officer directly inspecting institutions should be in charge of more than 150 institutions within the range for which he is appointed. The cost during the current year will be met by reappropriation of sanctioned grants.

5. The following decentralisation of powers proposed by the Inspector-General of Education is also sanctioned:—

Powers	Additional powers to Circle Inspectors	Additional powers to District Inspectors
Passing and countersigning detailed contingent bills and travelling allowance bills.	Of officers drawing less pay than Rs. 50 per mensem.	Of officers drawing less pay than Rs. 20 per mensem.
Countersigning salary grant bills ...	For amounts less than Rs. 20.	For amounts less than Rs. 10.
Sanctioning salary grant-in-aid to primary schools and night schools as well as bills for house rent.	Up to Rs. 5 per mensem.	.....
Sanctioning furniture grants ...	Do 20 do	.....
Do petty repairs ...	Do 50 do	.....
Do leave	To all officers below the grade of Assistant Inspectors of Education.	To all officers drawing pay not more than Rs. 20 per month.
Do scholarships ...	Of not more than Rs. 5 per mensem.	Of not more than Rs. 2 per mensem.
Appointment and transfers of teachers.	.....	Whose pay does not exceed Rs. 12 per month.

The other points raised by the Inspector-General of Education with reference to the change in designation of his own office and alterations in organisation have been noted for future consideration.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 1063-5, dated 1st August 1917, sanctioning the revision of scholarships awarded to students for undergoing training in the Central Sericultural school, Mysore.

2. Government Order No. 5293-5, dated 3rd December 1917, sanctioning the grant of additional scholarships to Sericultural students.

3. Government Order No. 2178-80, dated 29th August 1917, sanctioning the grant of two scholarships to two female candidates to undergo training in Sericulture.

4. Government Order No. 4240-2, dated 31st October 1917, sanctioning the grant of two more scholarships to female candidates to undergo training in sericulture.

5. Letter No. 1474, dated 11th September 1918, from the Secretary to the Mysore Economic Conference, forwarding copy of letter No. 3082, dated 8th June 1918, from the Superintendent of Sericulture submitting a detailed scheme for training a second batch of students in the central Sericultural School at Mysore and requesting sanction to the opening of the classes from 1st January 1919, and to the scheme of scholarships prepared by the Superintendent.

Order No. 5043-6—A. & E. 59-18-4, dated 9th December 1918.

As recommended by the Secretary, Economic Conferenee, the Government are pleased to accord sanction to the proposal of the Superintendent of Sericulture for the training of a second batch of students in the Central Sericultural School at Mysore from 1st January 1919. The Superintendent is requested to take necessary steps from now to organize and start the class on a date as close to the 1st January 1919 as possible, within which all the preliminary arrangements can be completed. The training of women students will however be abolished for the present, till some experience is gained of the work of the batch now undergoing training. The scheme of scholarships proposed is also sanctioned with some modifications as in the appended statement. The increased cost will be met from the provision made in the Sericultural budget under Expansion.

Sunkal Tank Experimental Farm.

No. 5504-9—A. & E. 9-16-31, DATED 18TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 3978-84—A. & I. 210-14-1, dated 13th April 1915, sanctioning a scheme for the improvement of the Sunkal Tank Experimental Farm temporarily till the end of 1918-19.

2. Correspondence ending with letter No. 903, dated 16th April 1917, from the Superintendent, Government Gardens, reporting that the want of steady supply of sewage water to the Farm, from the Bangalore City main drain has retarded the development and the usefulness of the Farm and that in spite of this drawback every attempt was made to economise expenditure and make the farm self-supporting from the year 1916-17.

Order, No. 5504-9—A. & E. 9-16-31, dated 18th December 1918.

In the Government Order of 13th April 1915 read above, Government sanctioned a programme of improvements and developments in the Sunkal Tank Farm, making better provision for experimental work and requiring at the same time that steps should be taken to make the farm self-supporting from the year 1916-17. To provide a steady supply of water to the farm it was ordered that the sewage of the City main drain should be made exclusively available to the farm.

From the reports on the condition of the farm received from the Superintendent, Government Gardens, it appears that the sewage of the main drain has not been made exclusively available to the Farm as yet and that for this reason chiefly and for some other reasons, such as water-logging of some parts of the farm during rains, it has not been possible to adhere to the programme of work prescribed in 1915, and make the farm as remunerative as was then expected. Fairly good work has been done on the experimental side in regard to the improvement of vegetable cultivation and the introduction of new economic plants and some work also in regard to the supply of good seeds for fruit cultivation. But the work on the whole is unsatisfactory both from the Financial and Experimental points of view.

Government, therefore consider, that under present conditions the programme of work sanctioned in 1915, may be slightly modified so as to concentrate attention on some of the more important items of work and the farm continued for a further period of three years from July 1919, and that the expenditure on the farm may be reduced from Rs. 9,754 per annum, then sanctioned to Rs. 7,500 per annum so as to make the farm more nearly self-supporting by reducing expenditure on the less remunerative items of work other than experimental. The Superintendent is requested to send up suitable proposals to this end with a programme of work for the current and the next three years and suggestions for the reduction of staff, etc., necessitated by the modification of the previous programme. Of the expenditure now sanctioned, Rs. 2,500 per annum may be spent on establishment and Rs. 5,000 per annum on other items. The whole amount should be recouped from the receipts of the farm every year.

As the success of the farm depends mostly on the steady supply of sewage from the city main drain, the Chief Engineer and President, Bangalore City Municipal Council, are requested to state for the information of Government, what action has been taken in the matter of making the sewage exclusively available for the farm and take early steps for completing the arrangements necessary.

No. 5900-50—A. & E. 63-18-4, DATED 28TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Report on the working of the Agricultural Department for the year 1917-18, received with the Officiating Director's letter No. 93-5, dated 16-17th September 1918.

Order No. 5900-50—A. & E. 63-18-4, dated 28th December 1918.

During the year, the executive staff of the Department was strengthened by the appointment of an additional Agricultural Inspector and some Fieldmen to every district. Some additional clerical establishment was also sanctioned for the offices of the Director and his subordinates. Government agree that the work of the Department is to a certain extent hampered by shortage of staff as the number of trained men available falls far short of actual requirements. The question of the improvement of Agricultural education and training in all the grades as a whole is engaging the attention of Government. The Director is requested to make a special effort to increase the number of men trained in the various Agricultural Schools and Colleges every year so that there may be no difficulty in expanding the Department gradually as work develops and to provide a sufficient reserve of men who would take to Agriculture as their main occupation.

Tours.—The Director was on tour for 115 days. He attended the meetings of the Board of Agriculture in Poona and presided over the Agricultural Section of the Science Congress at Lahore. He was also specially deputed to visit and study the working of the Farm at Lyallpur and the Sugar Factory at Nellikuppam, the latter with special reference to the scheme of establishing a Sugar Factory under the Krishnarajasagara which is under the active consideration of Government.

The Deputy and Assistant Directors toured 126 and 195 days, respectively, as against 158 and 231 days during the previous year.

Agricultural Section, Experimental Work.—All the experimental work in Agriculture was conducted on the several farms. As usual the bulk of the investigation was carried on in the Agricultural Farm at Hebbal.

The experiments with ragi in the Hebbal Farm have been almost completed and the results will be made available in the form of a bulletin to the public. The Department is engaged in ascertaining the best manure for paddy. Experiments with artificial fertilizers have proved successful, while a mixture of bonemeal and oil cake is becoming popular though slowly. Government trust that the question of supplying manure for paddy will be taken up with the same vigour and earnestness as in the case of sugar-cane, especially in view of the attempts that are now being made to increase the production of food-stuffs in the State. The testing of sugar-cane variety as regards the yield is being continued. The red Mauritius variety has given the heaviest yield and is becoming popular as it can better withstand varying conditions.

The most noticeable feature of work done in the Marthur Farm is the construction of a new type of seed-bin to store paddy and horse gram and a new drier to dry arecanut which has been designed and built on the model of an imported drier.

Experiments with cotton were not quite successful in the Babbur Farm owing to deficient rainfall during the year. The jaggory boiling experiments were conducted though not very regularly owing to shortage of labour. The cost of recovering jaggory is, however, reported to have worked out at 4 annas and 6 pies per maund.

Work has not yet been started in the Nagenahalli Farm, partly owing to incomplete arrangements about supply of irrigational facilities and mainly owing to dearth of labour.

Government consider that much more concentration of efforts on the Babbur and the Nagenahalli Farms is necessary in the future if the farms are to attain even partially the objects with which they have been started. The Nagenahalli Farm, in

particular, requires special attention if it is to be of use in the development of sugar-cane cultivation under the Krishnarajasagara by the demonstration and popularisation of improved methods of sugar-cane cultivation.

Demonstration and Popularisation Work.—Demonstration and popularisation work was continued on a large scale. At the request of owners of estates, the officers of the Department visited as many as 269 estates and gave advice to the owners. The vexed question of extending sugar-cane cultivation under the Mavatoor tank, which offers an unlimited scope for development work, was examined and Government hope that with the co-ordinated efforts of the Revenue and the Agricultural Departments, the progress in the next few years will be substantial. The demand for improved implements has been growing, the Kolar Mission plough in particular being very popular. There were two implements and seed depots in every district except Kolar. The total value of Agricultural machinery sold during the year was Rs. 36,100 as against Rs. 30,076 in the previous year.

The Director estimates that as a result of better method of dry farming with improved implements the increased revenue to raiyats has amounted to nearly Rs. 50,000, while better cultivation of sugar-cane with oil cake manure, of which seven hundred tons were sold during the year, has given an extra revenue of more than a lakh of rupees. The net increase in the value of agricultural production on account of various improvements introduced is put down approximately at nearly Rs. 2,00,000. While Government consider this satisfactory so far as it goes, they by no means think that the increase is commensurate with the amount of energy and expenditure extended, while it is in no way proportionate to the increase of 40 per cent in the total production during the next ten years forecasted by the Director in his note submitted to the Economic Conference last year.

Government notice that the Director has paid special attention during the year to the cultivation of Indigo and is of opinion that its cultivation is worth reviving. As the question particularly affects the dying industry in the State, inasmuch as there will be a considerable deficiency in the supply of dye-stuffs for some years even after the cessation of hostilities. Government trust that the department will vigorously follow up the attempts now made till some practical conclusions are reached and the indigo industry is placed on a profitable working basis.

The distribution of improved strains of ragi seed and sugar-cane sets with the help of the several agricultural associations has been extended. Government have sanctioned the establishment of two gins on the Babbur Farm for distribution of better varieties of cotton seed for sowing purposes.

In view of the difficulty of getting agricultural machinery from abroad, attention is being paid to evolve machinery best suited to local conditions and to manufacture the same locally by bringing into existence a Factory in charge of a competent mechanic.

Agricultural Engineering.—The Agricultural Engineer was in charge of various building works in connection with the several experimental farms and erection of the jaggory boiling and pumping machinery. He is now engaged in carrying out a scheme of drainage from the wet area of the Babbur Farm.

Farming.—The farm at Hebbal was run on the same lines as before. Outfits were popularised and several such, of the value of Rs. 2,394 were sold to private parties. The Director has given no data to show that the farm has been a success from the commercial point of view and he also leaves the question moot whether such farms run on a large scale, on the lines adopted, can hope to produce products at a cost well within the reach of all classes. In view of the large number of private farms proposed to be started, for which Government aid is sought, Government hope that more attention will be given to this subject in the coming year and the financial results published for the information of the general public.

Scientific Sections.—Much research work of a valuable character was carried out in the Scientific sections of the department in respect of the spike on sandal, liming the juice in jaggory boiling, Koleroga of arecanut, black rot on coffee and other crop Pests. Two hoblis were brought under the operation of the Mysore Pest Regulation but it is extremely satisfactory to note that there was no necessity to make use of the penal provision of the Regulation as the raiyats readily co-operated in carrying out

all that is expected of them. In the departmental laboratory, analyses were carried out in as many as 719 cases.

Agricultural Education.—In the final examination in the Hebbal School, out of 16 students that sat for it, 11 passed, of which 6 did so with distinction. At the commencement of the new year there were 17 students in the senior class and 20 in the junior. The reason for only 20 students out of 47 selected, seeking admission into the junior class is not explained, especially with the large inducements in the form of scholarships available. It behoves the District Committees of the Economic Conference to select, with the co-operation of leading gentlemen in the districts, young men with capacity and aptitude, and to encourage them to undergo training in the school. Many improvements have been carried out in connection with the school and the farm during the year, of which mention may be made such as the starting of a school library, the supply of water to the hostel, and a building for the Veterinary Hospital. It is gratifying to note that the students of the school are conducting a Night School for the benefit of the farm labourers.

The Chikkanahalli Agricultural School is reported to be doing good work with 11 students on the roll, all sons of practical farmers and while some are in receipt of stipends provided by the Taluk Progress Committees. The school is serving as an useful demonstration centre, in popularising improved methods and creating a demand for improved implements, etc. Eight students passed the final examination held during the year.

Government in their last year's review referred to the need for an extension of the scheme of rural agricultural instruction but they regret to note that the progress during the year has not been satisfactory. The Inspector-General of Education has since submitted a modified scheme which is under the consideration of the Government and as soon as orders are passed thereon Government trust that both the Education and the Agricultural Departments will co-operate with one another and co-ordinate their efforts in order to make the scheme a success.

The Director reports that for want of accommodation no action has as yet been taken in the matter of instituting the vernacular course of instruction in the Hebbal School. This is to be regretted especially as Government have already authorised the construction of temporary structures of an inexpensive nature for the purpose, pending permanent extension of the present school building and the longer the course is delayed the greater will be the difficulty in meeting the need of the rural agricultural population.

Agricultural Statistics and Dissemination of Information.—Apart from carrying out certain crop cutting experiments, no work of any importance has been done in respect of collecting and publishing useful statistics of agricultural production, etc. It is moreover not clear whether the results of the crop cutting experiments have been published. The Director's attention is again invited to the observations of Government in paragraph 9 of last year's review regarding the preparation of estimates of production and a programme of development for each taluk area. The Department issued 13 publications during the year, the more important of them being notes on sugar-cane and agricultural education and a manual of the Department of Agriculture.

Conclusion.—In concluding this review Government desire to suggest that in preparing future annual reports each section of the report may be prefaced with a brief account of the outstanding results achieved during the year, which may be followed by the details of work done in the divisions and districts. This will enable the lay public to focus its attention on the definite results of the work of the Department and the more important improvements and methods which the Department is in a position to recommend for adoption by the people, as a result of the year's working and experiments.

The report under review gives evidence of an all round progress in the work of the Department and the thanks of Government are due to the Director, Dr. Coleman and his staff for the efficient manner in which the operations of the Department have been carried out during the year.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 2590-605—A. & E. 52-12, dated 6th September 1918, sanctioning a scheme tentatively for a period of three years for the encouragement of horse, pony and cattle-breeding in the State.

2. Letter No. 866, dated 18th September 1918, from the Secretary, Agriculture Committee, forwarding copy of Resolution 10 of the 68th Meeting of the Committee held on 31st August 1918, on the recommendations of Mr. Mirza Mahomed Mahdi who was appointed in Government Order No. 13754-69—Mily. 70-14-35, dated 8th April 1918, to study the question of pony-breeding in the State, and requesting the sanction of Government to certain modifications suggested by the Committee in the rules issued with Government Order No. 2590-605—A. & E. 52-16-12, dated 6th September 1917.

Order No. 4760-75—A. & E. 65-18-2, dated 2nd December 1918.

Government are pleased to approve of the proposed addition to Rule 3 making the rule regarding the grant of pasture more liberal. The modification of Rule 8 making the principal amount of the loan repayable from the fourth year of the grant of the loan is also sanctioned. Government consider that the cost of transporting brood mares should be borne by the purchasers. Government will maintain stallions at suitable centres for the use of the farms, suitable rules being framed by the Committee for levying fees for each service by the stallions and also their custody and maintenance.

The rules as modified are appended to this order.

No. 4760-75—A. & E. 65-18-2, DATED 2ND DECEMBER 1918.

APPENDIX.

Rules for the Encouragement of Horse, Pony and Cattle-breeding in Mysore.

1. Land up to a maximum extent of 50 acres may be given free of upset price for the *bona fide* purpose of establishing a farm for breeding cattle or horses or ponies on the express condition that it shall not be alienated in whole or in part or be subjected to any interest or encumbrance without the previous sanction of Government and that it shall not be used for any other purpose than that for which it was especially granted.

2. Suitable sites up to a limit of 5 acres might also be granted at a reasonable upset price for the location of the necessary buildings.

3. Land granted under Rule I shall be held revenue free for five years and shall thereafter be liable to payment of $\frac{1}{4}$ of the revenue assessment in the 6th year, of $\frac{1}{2}$ the revenue assessment in the 7th year, of $\frac{3}{4}$ of the revenue assessment in the 8th year and the full assessment from the 9th year onwards. Where the grant consists originally, wholly or in part, of land classed as dry and such land is subsequently irrigated from a work constructed by Government the concession shall not extend to exemption from liability to pay any water rate or contribution which may be assessed by the Deputy Commissioner, or other constituted authority in the usual course

(*a*) When, after a farm has been established, additional pasture is found to be necessary owing to an increase of stock, additional land, if available in the vicinity of the farm will be granted subject to the following conditions.

(i) The additional land applied for should not be in excess of 5 acres for every brood mare added to the stock.

(ii) It will be subject to full assessment from the year of the grant, and

(iii) It will be liable to resumption at any time if not used for the purpose of the grant.

4. Sufficient grounds for grazing purposes, or for growing fodder may also be leased out from assessed, or unassessed waste lands, or such portions of the date groves and Amrut Mahal kavals as can be spared by the Departments concerned either in lieu of, or in addition to, the other concessions specified above.

5. The lessee shall be bound to maintain stock not falling below the minimum prescribed hereunder.

One brood mare, or two cows, or two buffaloes, for every five acres or fraction thereof, of land granted under the above conditions.

One stallion for every 20 brood mares, or one breeding bull or buffalo for every 30 cows or buffaloes maintained on the farm.

He shall maintain full records of breeding operations and accounts of receipts and expenditure and keep the stables, lines, stalls, and appurtenances in a sanitary condition. He shall also be bound to give access to all officers of the Revenue, Agriculture, Civil Veterinary, Military and Economic Conference Departments who may wish to inspect the farm premises.

Loans.

6. Loans up to a limit of Rs. 5,000 may be granted for the encouragement of the breeding of horses, ponies and cattle for any, or all, of the purposes mentioned below:—

Purchase of stock.
Construction of stables, lines, stalls, and appurtenances.
Purchase of fodder and drugs.
Purchase of vehicles and implements.
Any other object immediately connected with the stud or breeding farm.

7. The loans shall carry interest at the rate of 5 per cent per annum, and the authority to sanction them shall vest as below:—

Deputy Commissioners of Districts,	up to	..	Rs. 2,000
Government	above	..	„ 2,000

8. The loan shall be repayable in ten annual instalments Instalments in repayment of the principal and of the loan will commence from the 4th year after the grant only interest being recovered during the first three years.

9. In every case, the borrower under these rules shall execute mortagage of the cattle or pony breeding farm with all lands and buildings, appurtenant thereto, and these loans shall, in regard to further security, repayment, and all other matters, be also governed by the conditions set forth in the general rules framed under Section 10 of the Land Improvement Loans Regulation, IV of 1890, and Section 194 of the Mysore Land Revenue Code, IV of 1888.

10. A quarterly return of the loans applied for, granted and refused under these rules, shall be sent by the Deputy Commissioners to the Agricultural Committee, and all the recommendations to Government in regard to such loans shall pass through the Agricultural Committee.

11. If, within a year of the grant of the land or loan as above, the grantee is found not to have taken adequate steps in furtherance of the establishment of a farm, the Deputy Commissioner may, in his discretion, either grant a reasonable extension of the period, or resume the land, free from all claims to compensation, from the grantee and order the immediate recovery of the loan so granted with any interest due as an arrear of land revenue.

Miscellaneous.

12. The proprietor or if there be more than one proprietor the proprietors of cattle breeding or stud farms started under the above concessions, shall have the right to obtain free of charge the service of stallions or breeding bulls maintained by Government or any Local Board or body, if the brood mares or cows are taken to the place where the stallions or bulls are kept. He (or they) shall also be entitled to free advice and treatment from the nearest Veterinary Hospital or Dispensary maintained by Government or Local Funds.

13. The Superintendent of the Civil Veterinary Department should inspect all stud or cattle-breeding farms started under the above concessions at least once a year, and submit a report to Government through the Agricultural Committee about their condition.

To enable him to do so the Deputy Commissioners of the Districts should furnish him at the beginning of each year with a list of stud and cattle-breeding farms which existed at the close of the previous year.

14. All applications under these rules for loans in excess of Rs. 2,000 should be sent up to the Agricultural Committee with the recommendation of the District Committee.

No. 5380-2—I. & C. 34-18-37, dated 16th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Order No. 5380-2—I. & C. 34-18-37, dated 16th December 1918.

Government are pleased to direct that the following procedure be adopted as regards buildings and other works necessary in connection with the Wood Distillation and Iron Works:—

(*a*) The Special Officer, Mysore Iron Scheme, will prepare at once a list of all buildings water-supply, drainage and other works necessary for which provision of funds has been made in Mr. Perin's estimate and obtain the general sanction of Government thereto.

(*b*) In conformity with the list thus prepared the Special Officer will prepare plans and estimates in consultation with the Managing Agents for each individual item of work comprised in the list and in cases where the cost of the work does not exceed Rs. 2,500 proceed with the execution of such works without further sanction. Where the cost exceeds Rs. 2,500 the estimates together with the plans, etc., will be forwarded to the Chief Engineer who will sanction it himself, if within his powers of sanction or forward it for the sanction of Government as the case may be.

(*c*) The Special Officer will, for the above purpose, exercise the powers of a Superintending Engineer as specified in the Public Works Manual, subject to the control of the Chief Engineer.

2. In regard to the other matters not governed by this order, the Special Officer will as hitherto report to Government and obtain orders in each case separately.

3. The Chief Engineer is requested to treat all matters relating to these works as urgent and dispose of them with the least possible delay.

4. The Special Officer is requested to submit, for the information of Government along with his monthly report, a statement of progress on the works sanctioned in accordance with this order with full details of expenditure incurred up to date.

5. A list of stores and tools and plants purchased should also be maintained by the Special Officer in accordance with the rules in force in the Public Works Department. His powers in this respect will be regulated by the provisions of the Public Works Manual.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. and Agri.

To—The Special Officer, Mysore Iron Scheme.
The Comptroller, Mysore Government.

Prospects of the Workmen of the Central Industrial Workshops.

No. 5792-3—I. & C. 284-17-8, DATED 23RD DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 8685-700, dated the 28th May 1918, from the Director of Industries and Commerce in Mysore, submitting certain proposals for improving the prospects of the workmen in the Central Industrial Workshop.

2. Correspondence ending with letter No. 554-50, dated the 17th July 1918, from the Director stating that the proposals do not involve extra cost to Government the pay of the establishment and the contribution to the Provident Fund being debitable to the works and paid out of the workshop account.

3. Further correspondence ending with letter No. M. 2619-223, dated the 12th September 1918, from the same Officer stating that the workshops have earned a net profit of Rs. 13,819-8-11, in the current year.

Order No. 5792-3—I. & C. 284-17-8, dated 23rd December 1918.

At present the workmen of the Central Industrial Workshops are either piece-workers or are employed on daily wages. The Director reports that this system is defective as affording no incentive to good work nor providing for any recognition for long service necessary for the efficient working of the institution.

2. The Director proposes that the prospects of the workmen may be improved and placed on a basis similar to that of the workmen of the Madras and Southern Mahratta Railway Workshops. It is proposed that about 100 trained workmen may be given consolidated monthly pay as noted in the margin with permission to utilise Sundays and specified public holidays and casual leave of 15 days per annum to be utilised in periods not exceeding three days at a time. They will also be entitled to sick leave due to accidents and also leave on Medical certificate on half pay. They will not be allowed extra allowances for overtime work.

Grade	Number	Pay
I	18	40-2/1-60
II	30	25-1½/1-40
III	52	15-1/1-25

The remaining hands will be ranked as temporary employees varying in number according to the exigencies of work and paid daily wages and wages for over-time work, etc.

The Director also proposes that a Provident Fund may be instituted for the workmen who will be compelled to subscribe one anna in the rupee as in several other workshops. Fifty per cent of the amount to the credit of the workmen should be added as Government contribution but paid from the workshop accounts. The subscription to the Provident Fund should be optional in the case of the temporary employees.

Government are pleased to accord sanction to these proposals, the expenditure involved being debited to the workshop accounts subject to the condition that should the workshop be abolished or the scope of its operations reduced, the services of men on fixed pay will be liable to termination at the discretion of Government.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Director of Industries and Commerce in Mysore.
The Comptroller to the Government of Mysore, through the Financial Secretariat.

Cultivation of Sisal Hemp in the State.

No. 5369-77—I. & C. 169-18-3, DATED 14TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter dated 21st September 1918, from Mr. A. Chatterton, Director, Sandalwood Oil Factories, submitting a Note on the cultivation of Sisal Hemp in the State.

(Printed in extenso.)

2. Government Order No. 2940-8—I. & C. 169-18-1, dated 1st October 1918, directing, among other things, that a sum of Rs. 500 be placed at the disposal of Mr. A. Chatterton, Director of Sandalwood Oil Factories, for carrying on preliminary investigations in connection with the possibility of starting an industry in Sisal Hemp in the State.

3. Correspondence ending with letter dated 25th October 1918, from Mr. A. Chatterton, Director of Sandalwood Oil Factories, emphasising the importance of starting the industry immediately and stating that the preliminary operations necessary are not likely to cost more than Rs. 15,000 this year.

Order No. 5369-77—I. & C. 169-18-3, dated 14th December 1918.

Government are pleased to direct that the following concessions be granted for encouraging the cultivation of Sisal Hemp in the State:—

Free grant of land (unassessed kharab land by preference) to be made available either to individuals or village communities applying for the same up to an extent of 200 acres in each case under the following conditions:—

(*a*) The land to be free of assessment for five years and then assessed at progressive rates leading to full assessment from the eleventh year.

(*b*) The land to be planted up in full in five years.

(*c*) The land to be liable to be resumed if it is used for any other purpose within twenty years of the grant.

(*d*) Wherever there are not less than 1,000 acres under Sisal Hemp, Government will be prepared to help the cultivators to purchase the necessary machinery for extracting the fibre by advancing half the cost as a loan at a low rate of interest or arrange for the extraction of the fibre purchasing the leaves produced at a rate fixed so as to allow a fair margin of profit to the cultivators.

The above concessions will be in force for the present until about 5,000 acres are brought under cultivation, preference being given to subjects of the State in the grant of the land.

2. A sum of Rs. 5,000 may be spent on nurseries to be started by the Forest Department as proposed by Mr. A. Chatterton as soon as the concessions are notified and a sufficient number of applications for land is received; the cost being met by re-appropriation in the current year's budget of the Forest Department.

3. The Revenue Commissioner and the Conservator of Forests are requested to take all further action in the matter in consultation with Mr. Chatterton and submit reports of progress made from time to time.

No. 5369-77—I. & C. 169-18-3, DATED 14TH DECEMBER 1918.

ACCOMPANIMENT.

The cultivation of Sisal Hemp in Mysore.

In this note which is specially written for the people of Mysore, it is hardly necessary to point out that aloes of various species in most parts of the State grow luxuriantly and are largely planted to form hedges. From the leaves of these aloes fibre is extracted and used locally for the manufacture of ropes and twine. The fibre is not easy to extract as the leaves yield an acrid juice and the separation of the fibre from the pulp is a tedious operation. The industry, if it can be so called, is a purely domestic one carried on merely to supply local needs. There are machines which will easily extract the fibre; but they are costly and require a large amount of power to drive them. They are hopelessly beyond the reach of the cultivators. Further, it is an unfortunate fact that, although aloes are extremely plentiful in Mysore, the species which have been introduced are those which yield but a small percentage of a weak fibre which has a comparatively small commercial value.

There is, however, one species of aloe, the botanical name of which is *Agave rigida var. Sisalana*, which is very largely cultivated for fibre in Yucatan, the Bahamas, Florida, what was formerly German East Africa and, to a very limited extent, in some parts of India. This aloe yields a very valuable fibre which is in great demand for the manufacture of binder twine, of which enormous quantities are employed in America every harvest. It was introduced into Mysore by the late Mr. Ricketts in 1892 and since then has been to some extent cultivated at the Lal-Bagh in Bangalore and from those gardens fairly large numbers of young plants have been supplied to various parts of India. So far as Mysore is concerned, nothing practical has resulted from the introduction of this plant; but just outside the borders of the State in Coorg, a small plantation of sisal hemp has been worked successfully for the past five years.

In 1914, in Bulletin No. 18 published by the Industries and Commerce Committee of the Mysore Economic Conference, I drew attention to the commercial possibilities of sisal hemp in Mysore; but so far no one has been induced to take up the cultivation of this species of aloe on a commercial scale. After an interval of four and half years, during which I have had opportunities of watching the growth of sisal hemp plants, I am still of opinion that its commercial possibilities in Mysore are very great; but I have realised that nothing is likely to result from advocating the formation of planting companies to take up extensive areas of land with a view to the establishment of large plantations.

Before proceeding further, it will be necessary to give some brief account of the conditions under which sisal hemp will grow. Mr. Cameron, at that time the Curator of the Lal-Bagh, in a paper contributed to the Proceedings of the Agri-Horticultural Society, Madras, in 1903 wrote as follows: "In my opinion, cultivation should be left to private enterprise, though in the case of arid tracts where ragi often fails to reward the raiyat, it may be feasible to substitute a crop of this kind; but that could only be done when a real demand for hemp arises at convenient centres. The advantages of cultivation may be briefly stated as follows:—

(1) Land of gravelly and stony nature is suitable;

(2) When land is planted up, the cultivation practically ceases for a period of four years or until the matured leaves are ready for cutting;

(3) On suitable land failure of crop has never been heard of;

(4) The profit on an acre of land yielding crop is estimated at from Rs. 60 to Rs. 75 per annum."

"The large succulent growth obtained in rich land is inimical both to the quantity and quality of fibre produced; therefore somewhat poor land of a loose stony nature is always preferred, as in addition to giving better results generally it accommodates a larger number of plants to the acre. Mysore possesses plently of such land, and if the latter can produce leaves of four feet in length it will do; but there is a reduction in value, as well as difficulty in extracting the fibre, when the leaves are under three feet in length."

From other authorities on the cultivation of sisal hemp, I have gathered information which may be briefly summarised as follows:—Sisal hemp will grow on arid land that seems incapable of any other vegetable life; but the best fibre is grown on a calcareous gravelly soil of medium quality. No fertilizer is ever used. Once the plant has taken root in the ground, no further attention is necessary and the cost of cultivation is negligible. The fibre is, however, difficult to extract by hand but is easily got out by suitable machinery. It takes from five to six years for the plant to grow to the proper maturity to begin cutting leaves. When the plant is growing, all its leaves point upwards; as the plants mature, the leaves begin to open; as they open, they begin to fall towards a horizontal position. As soon as

the leaf becomes horizontal, it is perfectly mature and must be promptly cut in order to secure from it the most fibre in the best condition. If properly cared for, a plant continues to yield leaves for about fourteen years in rocky soil and eight years in fertile soil; but if the leaves which become horizontal are not properly cut, then the plant throws up a stalk instead of leaves and this is the death of the plant. If the cutting of the leaves be neglected, the plant throws up a stalk and when this stalk appears, there is great danger that all the plants in its vicinity will also send up the stalk and die. When the plant reaches the limit of its age, this stalk grows from the centre of the plant and the plant dies. Leaves weigh from 1 to 1½ pounds and 1,000 leaves will yield from 50 to 75 pounds of fibre.

On suitable land, bearing 1,000 plants to the acre, the yield of fibre may be reckoned at not less than one pound per plant per annum or 1,000 pounds per acre. The fibre was worth in London about £30 per ton before the war and is likely to remain so owing to the increased cost of cultivation and difficulties which have arisen in two of the largest areas of production. These are Yucatan in Mexico and German East Africa.

It appears to me that the principal reasons why sisal hemp cultivation has not been taken up in Mysore although the plant grows readily enough and yields a high quality of fibre are as follows:—

(1) Six years must elapse before any return can be expected;
(2) The extraction of the fibre by hand is not possible as a commercial proposition;
(3) The extraction of the fibre by machinery necessitates operation on a large scale and the investment of a large capital on machinery and plant;
(4) There is no local market for the fibre and small parcels do not command a fair price when exported.

Objections of a similar nature and of equal or greater intensity retarded the development of the cultivation of both tea and coffee and the establishment of the tea industry in India is largely due to efforts on the part of the Government of India at the outset. These industries are still mainly in the hands of European planters, though there is now, both in Assam in connection with the tea industry and in the South of India in connection with coffee, a marked tendency towards the development of Indian-owned plantations.

I have already referred to the plantation which has been started in Coorg and in course of time other sisal hemp estates may be opened out. There are, however, excellent reasons why the matter should not be left to chance. Moreover, it is desirable that the cultivation of sisal hemp should be so developed that the ordinary cultivators of the country should, as far as possible, participate in the benefits to be derived from it.

The Mysore Durbar obtains a not inconsiderable percentage of its revenue from mineral royalties and from the sale of electric energy which is still mainly used on the Gold Fields. Sooner or later, this source of revenue will be extinguished with the exhaustion of the Mines and it will be a wise policy, while there is yet time, to create new sources of revenue to take its place. The electric energy may be used for other purposes, provided industries are created which will employ the power. Satisfactory progress in this direction has already been made and there seems every prospect that, as electric energy becomes available, a market for it will be found in the growing industries of the State; but the gold royalties will gradually decrease and ultimately disappear and it will be sound policy to look well ahead and endeavour to create new sources of revenue. In the last few years, the public attitude in respect to the intervention of the State in industrial matters has completely changed and there is no reason why the Mysore Durbar should not take active measures to create new industries if it is in a position to do so.

It appears to me then that an excellent opportunity to do something in this direction is presented by the failure of private enterprise to take advantage of the natural facilities which exist for the cultivation of the sisal hemp plant. About one-half the area of the Mysore State is uncultivated and there are obviously tens of thousands of acres of waste land which could be well utilised for the cultivation of a plant which grows best on soils which are perhaps favourably described as being on the margin of cultivation.

If the raiyat were in full possession of the information contained in this note and further if he could be induced to accept it as approximately true, there is scarcely any doubt that, provided he was not asked to find capital which he does not possess, he would readily take to the cultivation of sisal hemp. The problem then to be solved is to convince the raiyat that it is worth his while to grow sisal hemp and this can only be done by removing the difficulties which have hitherto prevented the development of the cultivation. This can be done through the agency of the Economic Conference, the District Committees and the various associations which have been established to develop the material resources of the State. Village Committees have been formed in thousands and it is possible that village

communal plantations could be started which would ultimately provide these local bodies with a revenue which could be usefully employed on the various schemes of village improvements which are under contemplation.

Government can assign land for the cultivation of sisal hemp free of kist for a period of say seven years, a sufficient time to enable the plants to be brought to maturity. It can supply the plants, charging only the actual cost, and deferring the payment till the raiyat begins to derive an income from them. It can also establish nurseries and model plantations in selected centres to demonstrate its faith in the future of sisal hemp in the Mysore State, and to afford ready means whereby the raiyats can obtain young plants and instructions how to cultivate them; but it is necessary that Government should go a great deal further than this as the individual raiyat will be unable to extract the fibre from his plants and, even if he did extract it by hand, he would be unable to obtain a fair market for it. Government must therefore be prepared to guarantee to take over the crop of leaves when they are mature and to provide the necessary machinery for extracting the fibre, also to undertake the marketting of the crop.

It is difficult to frame an accurate estimate of the returns to be obtained from the cultivation of sisal hemp, as I am not in a position to state what price the hemp will fetch five or six years hence and I can only make an assumption on this point. The price, in London, immediately before the war was from £28 to £30 a ton and it is almost certain that it will be considerably higher than this after the war. I think it will therefore be fair to assume that sisal hemp will realise three annas per pound or Rs. 420 per ton and as each plant will yield a pound of fibre and at 1,000 plants to the acre, the gross return will be Rs. 187-8-0 per acre. In 1914, Messrs. Kirwan and Elsee stated that, as a result of their experience, the cost of extracting and marketting the fibre was about Rs. 175 per ton. It is likely that this figure will be exceeded in the future as freights will certainly be higher but the cost of working under Indian management should be lower. Allowing, however, a wide margin for contingencies, we may put the charges under this head at Rs. 280 a ton which will leave the raiyat Rs. 140, equivalent to one anna per plant per annum. With a thousand plants to the acre, the raiyat may expect to obtain a net return of Rs. 62-8-0 per acre. It may easily be considerably more than this but it is hardly likely to be less.

It will serve no useful purpose to go into minute details as accurate data for them are not available. I think it is sufficient to show that sisal hemp cultivation offers prospects of an extremely good return. My estimate of the prospects is strongly supported by certain general considerations about which there is no doubt whatever and which do not depend upon assumptions regarding current market prices. We know that the sisal hemp plants will grow in Mysore in a perfectly satisfactory manner and will yield a high class of fibre comparable with the best fibre produced in other parts of the world. Further, we know that the conditions in Mysore are such that the cost of bringing the plants to maturity, of cutting the leaves, of extracting the fibre and of putting it on the market will be less than in any of the tracts where sisal hemp is now cultivated. It is therefore quite certain that, if sisal hemp is grown in Mysore on a sufficiently large scale, it will be able to compete with plantations in other parts of the world.

I have no accurate figures regarding the total production of sisal hemp; but it is estimated that the world's consumption of binder twine alone is 250,000 tons per annum. India exports large quantities of hemp, chiefly sann hemp, a fibre inferior to sisal hemp and commanding a much smaller price, and the following figures extracted from the Seaborne Trade Returns are of interest as showing how important the Indian fibre crops are:—

Year	Exports in tons	Value in rupees	Value per ton at port of shipment
		Rs.	Rs.
1914-15	33,511	99,43,334	298
1915-16	30,413	1,02,53,742	337
1916-17	35,059	1,52,26,058	338
1917-18	16,886	88,29,696	528

The great reduction in exports in 1917-18 is due to the restrictions on shipping as the very high price realised clearly indicates a strong demand.

It is now necessary to indicate briefly the commitments of Government if these proposals are accepted for the encouragement of the cultivation of sisal hemp. For a period of at least ten years, Government will have to establish nurseries in many parts of the

State and to maintain them for demonstration and for instructional purposes. An average of a lakh of rupees a year will not be too much to spend on this account. For the first six years, there will be no return; but after the expiry of this period, the raiyats should commence the repayment of the cost of the plants supplied to them. At the end of four years, it will be necessary to purchase machines for extracting fibre and to set up central depots for the receipt of leaves, where the fibre will be extracted. We may take it that each central depot will cost at least Rs. 60,000 and that it will be capable of dealing with 500 tons of clean fibre per annum, equivalent to the produce of 1,120 acres. This is the most economic unit that can be employed for extracting fibre; but in places where so large an area is not brought under cultivation, smaller machines capable of dealing with only 200 or 300 acres can be employed at the outset. There can scarcely be any doubt that once this cultivation is started on the lines herein set forth and once the profits are realised, it will spread very rapidly and will probably extend to hundreds of thousands of acres. Roughly, each thousand acres will require an outlay of Rs. 60,000 in machinery and plant and that each thousand acres will yield nearly two lakhs of rupees worth of fibre. Obviously, the more extended the scale of cultivation, the greater will be the return realised.

It would be comparatively easy to produce definite figures based on certain assumptions; but this I prefer not to do and to leave the result stated in a somewhat vague form. I have no doubt that if this matter is taken up in a thoroughly efficient manner and carried on strenuously, it will result in at least a lakh of acres being brought under cultivation within a reasonable period and from this area, gross returns of from Rs. 1,75,00,000 to Rs. 2, 00,00,000 will be obtained. Such a result is well worth investing a lakh of rupees per annum for a certain number of years. The capital expenditure necessary after the cultivation is established, requires no justification. There is not the least doubt that it will yield a very handsome return. To deal with a hundred thousand acres, will require about 5,000 Horse Power and in many parts of the State this power will be available in the form of electric energy and where such is the case, the working expenses will be greatly reduced.

So far, I have only considered the question from the point of view of producing a crop which can be exported; but there is no reason whatever why the raw material should not be worked up into finished goods in this country. With electric power available, factories for the manufacture of ropes and twine can be established and worked as cheaply as anywhere in the world. It is not necessary now to consider this in detail. With large supplies of raw material at hand, there is no doubt that private enterprise will, in due course, be forthcoming.

No. 5700-50—I. & C. 165-18-7, DATED 21ST DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Industries and Commerce Department for the year 1917-18 received with letter No. 3384-285, dated the 5th October 1918, from the Director of Industries and Commerce.

Order No. 5700-50—I. & C. 165-18-7, dated 21st December 1918.

Organisation.—With a view to systematise work and ensure special attention to questions relating to the development of Commerce in the State, the Industries and Commerce Department was re-organised in August 1917 and a separate Commercial Section was constituted under a Special Officer of the Department. A detailed programme of work for the Commercial Section was also laid down by Government in their Order No. 8413-63—I. & C. 148-17-14 of the 22nd February 1918.

Staff.—Mr. V. Rangaswamy Iyengar was in charge of the Department as Director throughout the year. In September 1917 Mr. C. Ranganatha Rao Sahib was appointed as Deputy Director of Commerce and Statistics and placed in charge of the Commercial Section under the Administrative Control of the Director. Mr. K. H. Ramayya, Assistant Director and four Probationers were attached to the Commercial Section. In December 1917, Mr. R. Vyasa Rao was appointed Special Officer for the investigation of mineral industries and at the end of the year Mr. S. G. Shastry was appointed Industrial Chemist of the Department and attached to the Government Soap Factory.

Large Industries.—Arrangements were finally concluded for working the iron-ore of the Bababudan Hills with the aid of charcoal and steps are being taken to complete all the operations necessary to instal the plant at Benkipur.

The Director, Sandalwood Oil Factories in Mysore, has submitted a separate report on the working of the factories which will be dealt with in a separate order.

(A) INDUSTRIAL WORK OF THE DEPARTMENT.

The Director is requested to publish his report in future in two parts, the first part containing all essential information of general value to the public and the other, departmental and other matters of a purely confidential or commercial character which need not be published.

The work of the Department fell as usual under three heads:—

(*a*) Investigation into the possibilities of new industries.

(*b*) Financial and expert assistance to the people to start new industries and for improving existing industries.

(*c*) Pioneering by the Department and developing the commercial side of the concerns managed by the Department.

Progress was greatly retarded in every direction throughout the year on account of the difficulties experienced in procuring machinery.

(*a*) *Investigation into the possibilities of new industries.*—The Special Forest Officer continued the investigation of forest industries generally and the manufacture of paper pulp and paper, manufacture of strawboard, improvement of lac cultivation and investigation of new sources of important tanning materials. The scope for new mineral industries was investigated partly by the Geological Department and partly by a Special Officer attached to the Industries and Commerce Department who has

been devoting special attention to one or two specific industrial problems. The investigation of kaolin deposits was taken up and an experimental washing plant has been constructed at Bangalore. A large number of samples was collected and sent for analysis. The results have proved promising and a scheme is being prepared for the development of porcelain manufacture.

The Industrial Chemist was mainly in charge of the Soap Factory but other questions, such as, the manufacture of essential oils, recovery of glycerine from the waste products of the Soap Factory, have been taken up for investigation. Arrangements have been made to utilise the various laboratories in the State for the investigation of chemical industries likely to lead to practical results in the State.

(*b*) *Financial and expert assistance to the people.*—The total amount for which applications for loans and hire purchases were received during the year was Rs. 3,59,900. Of these 43 applications totalling Rs. 2,61,553 were sanctioned and 46 applications were rejected or withdrawn. Seventy applications were pending at the close of the year. Among the more important of the loans sanctioned during the year was one for Rs. 50,000, for the Tile Factory at Tirthahalli and Rs. 30,000 to the Mysore Economic Union for the extraction of oil by the solvent process. The Anderson Oil Expellers installed with the help of the Department have been financially very successful. A new plant of the same type has been recently established in Davangere. Having regard to the large quantities of oil seeds exported from the State and the necessity to conserve as much of the oil cakes as possible for the improvement of agriculture, the question of placing the entire oil seed industry on a permanent basis is engaging the attention of the Department.

Sugar-cane Mills.—Though some of the jaggory boiling installations did not work satisfactorily during the year, Government are glad to note that in the few installations where there was proper organisation for the steady supply of cane, the result was satisfactory. About 5,000 maunds of good jaggory are reported to have been manufactured in the installation at Hudi, Bangalore Taluk in 2 months at a net cost of 2 annas 3 pies per maund. In the installation at Chiksagere, Koratagere Sub-Taluk, 4,584 maunds of good jaggory were manufactured. Government consider that for the expansion of sugar-cane cultivation in the State, the success of such installations has to be established beyond reasonable doubt. The centres for starting such concerns should be selected with the utmost care so as to assure not merely a sufficient supply of cane but good business organization for its working. The results of experiments said to be under way for introducing a combination of boiling with open fire and steam will be awaited with interest.

Army blankets.—At the instance of the Indian Munitions Board, the supply of standard army blankets was organised and it is gratifying to note that the monthly supply rose from 223 in February 1918 to ten times that number in June 1918. Blankets of a total value of Rs. 33,000, were supplied during the year. Government consider that the experience here gained by the Departmental Officers in the organisation of this industry should be utilised to the fullest extent in organising similar industries in the State.

Weaving Factory.—The Factory sold 681 fly shuttle looms, 140 fly shuttles and tappets valued at Rs. 12,153 during the year and trained 750 weavers in the use of improved looms. The Textile Assistant devoted considerable attention during the year to the development of weaving in the districts. The factory sold cloths valued at Rs. 34,750 and earned a net profit of Rs. 4,408. The use of the Jacquard loom for the manufacture of indigenous patterns has been established and experiments for the manufacture of army blankets on the fly shuttle loom have been successful, thus opening a new field for the introduction of fly shuttle looms. Government have recently laid down the lines for the future development of the Weaving Factory so as to secure uniform attention to (1) the working of the factory as a commercial concern, (ii) the conduct of experimental work for introducing new patterns, (iii) methods for the higher training of weavers and (iv) demonstration work in the districts. Proposals have also been submitted by a Special Committee appointed with Mr. Chatterton as Chairman to make recommendations for the immediate development of the handloom industry in the State and these are now under the consideration of Government.

No. 5700-50—I. & C. 165-18-7, dated 21st December 1918.

(*c*) Pioneering by the Department and developing the commercial side of the concerns managed by the Department.

Central Industrial Workshop and Stores.—To meet the long-felt want of an institution to manufacture, repair, alter, design and adapt machines, the workshop of the Public Works Department was reorganised into a Central Industrial Workshop with separate Departments, for Engineering, Instruments and Art and Stores. In spite of the difficulties in securing machinery due to the war, every effort was made to equip the workshop efficiently. Arrangements were made to keep a large stock of workshop materials and accessories required for Industrial concerns and of raw materials required for Government Factories in the Stores. Government are glad to note that the workshop turned out work valued at Rs. 1,27,512, and earned a net profit of Rs. 17,602-8-11. Government agree with the Director that for the development of Industries in the State, the further development of the workshop is essential and are pleased to direct that proposals in the matter be submitted early.

District Workshops.—In September 1917, a scheme for the opening of workshops at all District Headquarters was sanctioned by Government with a view to undertake ordinary repairs to machinery and to train people in handling them. The District Workshop at Shimoga is nearly completed and the District Boards of Chitaldrug and Tumkur have also come forward with an offer of half the cost of construction and maintenance of the workshops at the respective places. The Director of Industries and Commerce is requested to expedite arrangements to open them.

Soap Factory.—The new soap making plant was worked only for a part of the year and soap worth about Rs. 19,800 was manufactured and sold in the year. The factory is reported to have yielded a profit of Rs. 2,590. It is gratifying to note that the Mysore Soap has become popular in the market and that experiments in the manufacture of toilet soap have been successful. Attempts should be made to arrange for the local supply of the raw materials, as far as possible, to increase the output and to utilise the waste products of the factory.

Metal Factory.—The establishment of this factory was sanctioned in October 1917. Owing to inevitable delay in completing the installation, the factory did not work during the year. The installation has since been completed and the plant is now capable of turning out articles worth Rs. 10,000 a month.

Button Factory.—This factory has been working at a small loss. It is reported that by the addition of automatic lathes and the larger employment of boy labour, its working will improve.

Conclusion.—Government are gratified to note that in spite of unfavouarble conditions created by the War, the Department was able to make appreciable progress in the several schemes started during the year. It is however necessary to take special care in developing all concerns on strictly commercial lines.

(B) Commercial Section of the Department.

The Commercial Section of the Industries and Commerce Department constituted under a Special Officer commenced work in October 1917. The office was directed to pay special attention to the following items:—

(*a*) Revision of the Industrial Survey of Mysore.
(*b*) Collection and publication of trade statistics.
(*c*) Establishment of a Bureau of Commercial Information.
(*d*) Standardisation of Weights and Measures.
(*e*) Formation of Central and District Museums.
(*f*) Development of Joint Stock Companies.
(*g*) Investigation of Financial Assistance to Industrial Enterprises.
(*h*) Development of the Arts and Crafts Depot.
(*i*) Land Mortgage Bank.
(*j*) Cotton Mills at Mysore and Bangalore.
(*k*) Commercial guide and Directory for the State.

No. 5700-50—I. & C. 165-18-7, dated 21st December 1918.

2. *Collection and Publication of Statistics.*—Special attention was devoted during the year to the compilation of commercial statistics and the following publications were taken in hand:—

(i) Statistics of rail-borne trade in the State for 1916-17.
(ii) Review of trade for 1916-17 based on the figures of rail-borne trade for four years.
(iii) Wholesale prices of 41 commodities in Bangalore in 1916-17.
(iv) Prices of principal commodities since July 1914.
(v) Weekly market report of prices in Bangalore, Mysore and Davangere.
(vi) Quarterly report on the rail-borne trade in Mysore. (It is proposed to incorporate in this return information regarding places of origin of imports and destination of exports.)

3. *Bureau of Commercial Information.*—Mr. K. H. Ramayya, Assistant Director, was in immediate charge of this Bureau.

The Library of the Industries and Commerce Committee was transferred to this section. Proposals are under consideration for stocking the library with an up-to-date collection of important commercial books and journals. Commercial Correspondents continued to furnish commercial information from Madras and Bombay. Kanarese translations of statistical publications of the Bureau are being prepared. Government consider that this activity of the Commercial Section needs development. To make the information easily available to the merchants, prompt publication of the statistical information in Kannada in the Gazette is very important. The Deputy Director is requested to submit proposals for securing prompt publication.

4. *Employment Registry*—A beginning was made in working this scheme during the year and 13 applications were received from commercial firms. The scheme should be developed so as to be of real help to persons in need of employment in industrial and commercial concerns.

5. *Commercial Museum.*—The preliminary arrangements are being attended to and the Museum is expected to be opened shortly.

Owing to the restriction of facilities for Commerce due to the War, the high prices of grain and the heavy duties imposed on the Deputy Director in connection with the control of prices, the programme laid down could not be given effect to to any material extent. Government however trust that all the preliminary arrangements necessary to supply the people with correct commercial information and help in the development of trade will be completed by the end of the calendar year 1919 at the latest. The Deputy Director is requested to submit through the Director a revised programme of work in accordance with the instructions issued above.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

Report on the working of Agricultural Banks.

No. 5320-31—E. C. 50-18-3, DATED 13TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ —

Report on the working of the Agricultural Banks in the State during the year 1917-18, received with letter No. 3443, dated 6th November 1918, from the Officiating Registrar of Co-operative Societies and Inspector of Agricultural Banks.

Order No. 5320-31- E, C. 50-18-3, dated 13th December 1918.

Recorded.

2. The report which was due with Government on the 1st October was received only on the 7th November 1918. The delay should have been avoided.

3 The two working banks at Palahalli and Hongenhalli paid up in full their dues to Government during the year and carried on transactions on a small scale with their accumulated surplus.

4. During the year the two banks at Churchugundi and Mallapura were wound up and their surpluses were utilised for objects of local public utility with the approval of Government.

5. The work of collection of the arrears due to Government by the defunct banks continues to be unsatisfactory. The arrears are still heavy in the Bangalore and Mysore Districts. The Registrar of Co-operative Societies is requested to arrange through the Revenue Commissioner for the issue of instructions to the local Revenue Officers to take more prompt and effective steps to ensure that the arrears are finally adjusted during the course of the current year.

6. A scheme for establishing a land bank in the State has been received from the Agricultural Committee and the details are being examined. The Registrar's proposals on the subject of the revival of Agricultural Banks, which he thinks may serve as a useful means of organising agricultural finance under certain conditions, will be awaited.

Grant of Grain Compensation.

No. Fl. 2854-96—G. F. 5-18-43, dated 17th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

1. Government Order No. Fl. 100-149—G. F. 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of grain compensation as per scale given in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No. Fl. 2047-96—G. F. 5-18-29, dated the 23rd October 1918, sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two cities of Bangalore and Mysore.

Order No. Fl. 2854-96—G. F. 5-18-43, dated 17th December 1918.

In accordance with the orders read above, the grant of compensation allowance is sanctioned for the month of December 1918, to the employees in the two cities of Bangalore and Mysore and to those inthe several taluks in the State as noted in Annexures A and B appended to this order and as indicated below:—

(*a*) To the employées in the taluks in Annexure A, the allowance will be at the following rates:—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs. 2 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem Re. 1.

(iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

(*b*) To the employeesin the cities of Bangalore and Mysore and in the taluks noted in Annexure B, the above allowances will be raised to Rs. 3 and Rs. 1-8-0, respectively, and the aggregate pay and allowance of servants on less than Rs. 5 per mensem brought up to Rs. 6-8-0 per mensem.

Letter No. G. A. D. 267, dated the 14th November 1918, from the Comptroller to Government, submitting a report on the working of the State Provident Fund for 1917-18.

ANNEXURE.

Letter No. G. A. D. 267, dated the 14th November 1918, from the Comptroller to Government, to the Financial Secretary to Government.

I have the honor to submit the following report on the working of the Mysore State Provident Fund for the year 1917-18.

2. *Number of Subscribers.*—The number of subscribers at the commencement of the year was 2,361. During the year under report, 272 persons enrolled as members, and 103 ceased to be such, with the result that there were 2,630 members at the close of the year. Of these 7 are compulsory subscribers.

3. *Subscriptions.*—The amount subscribed during the year was Rs. 39,463-9-11 as against 83,903-9-0 in the year previous.

4. *Withdrawals.*—There were 103 withdrawals during the year, of which 15 were due to retirements, 26 to deaths, 20 to resignations, 10 to dismissals and 2 to the subscribers having joined the Railway Provident Fund. The amount of these withdrawals aggregated Rs. 12,739-5-1.

5. *Temporary Advances.*—There were 108 cases of temporary advances. The amount advanced in the year was Rs. 9,141, while that repaid during the year was Rs. 3,087-4-4.

4. The Financial position of the Fund on 30th June 1918 was therefore as follows:—

		Rs.	as.	ps.
Opening balance on 1st July 1917	..	1,45,439	2	10
Subscriptions during the year	...	86,376	5	7
Repayments of temporary advance	...	3,087	4	4
		2,34,902	12	9
Withdrawals during the year	...	21,880	5	1
		2,13,022	7	8
Interest credited during the year	...	8,924	14	2
Closing balance on 30th June 1918	...	2,21,947	5	10

7. *Nominations.*—During the year under report, there were 154 nominations, the total number registered up to the end of the year being 922 which is about 36 per cent of the number of subscribers.

8. *Yearly Advance to Subscribers.*—Annual advances to subscribers are being issued to all the subscribers.

9. With reference to para 3 of Government Order No. Fl. 3685-734—G. F. 13-17-11, dated the 17th January 1918 (reviewing the annual report of the State Provident Fund for 1916-17) enjoining necessary action being taken for ensuring that permanent officers entering the service after 1st July 1915 who are unable to insure their lives, subscribe to the State Provident Fund, I beg to state that arrangements have been made with the Insurance Secretary for the names of such officers being regularly reported to this office and a watch being kept over those who do not subscribe to the Fund. Six such cases were accordingly reported during the year under review and necessary action has been taken by this office.

Order No. Fl. 2918-66—G. F. 78-18-4, dated 18th December 1918.

Recorded.

No. Fl. 3028-77—G. F. 112-18-5, dated 21st December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. L. F. H. O. C. 94—18-19, dated the 24th October 1918, from the Deputy Commissioner, Tumkur District, recommending the grant of certain concessions as regards grant of leave to menial servants on account of influenza epidemic.

Order No. Fl. 3028-77—G. F. 112-18-5, dated 21st December 1918.

In the circumstances represented Government are pleased to grant the following concessions in respect of all leave necessitated by the influenza epidemic taken up to the end of December 1918.

(*a*) *Casual leave*, to the extent at credit may be granted without the seven-day limit under Article 158, Mysore Service Regulations, etc., and without restrictions as to combination with other leave.

(*b*) *Privilege leave*, to the extent at credit may be granted without the restriction of six months' interval (*vide* Article, 172, Mysore Service Regulations) either in regard to privilege leave taken in the past or taken in the future.

(*c*) If a person has not privilege leave at credit, leave up to one month may be granted, such leave being counted against privilege leave to be earned after return to duty.

(*d*) *Any other leave*, such as leave on medical certificate, leave on private affairs, or furlough granted when casual leave and privilege leave as above have been exhausted, will be under the ordinary rules of the Mysore Service Regulations.

Allocation of the Establishment of the Comptroller's Office.

No. Fl. 2731—G. F. 92-17-11, dated 10th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 4613-52—G. F. 92-17-3, dated the 26th February 1918, sanctioning the revision of the Comptroller's Office, and constituting a Committee consisting of the Comptroller and Messrs. T. Satyaraj Chetty, L. Bishtopanth Badami, and S. Shamanna to determine the relative position of the officials in the Civil and Public Works Branches in the combined staff and submit recommendations to Government.

2. Letter No. 6424—R. 2008, dated 31st May 1918, from the Committee submitting its report in the matter and proposing to allow the officials of the Public Works Branch in receipt of high temporary pay a salary in *sub pro tem*, temporary and acting vacancies not less than what they are now getting or to which they would rise by efflux of time in incremental appointments, while giving them a low place in the allocation based on substantive pay.

3. Letter No. Fl. 807—G. F. 92-17-7, dated the 6th August 1918, to the Comptroller pointing out that the fixing for a number of men two widely different relative positions, one as regards permanent, and the other as regards temporary or acting places would lead to complication and difficulties in working, that the relative position of each official in the combined staff should be definitely fixed on a careful consideration of all aspects of the case by giving suitable personal allowances in cases where the pay fixed for an official in the new allocation is less than the salary which he is now drawing and desiring the resubmission of a revised allocation list in the light of the remarks and observations made by Government.

4. Letter No. 375, dated the 26th October 1918, submitting the revised report of the Committee in accordance with the directions of Government given in paper (3) and requesting very early orders thereon.

Order No. Fl. 2731—G. F. 92-17-11, dated 10th December 1918.

The Committee's revised proposals for fixing the relative position of officials in the combined staff, and for the grant of personal allowances to officials to prevent hardship due to revision as recommended in para 5 of the letter of 26th October 1918 are suitable, and Government are pleased to approve of them. The allocation as sanctioned is set forth in the statement annexed to this order.

2. The new arrangement will have effect from 26th February 1918, as recommended by the Committee.

3. As long as there are personal allowances given in respect of any rate of pay in the allocation herein sanctioned, no *sub pro tem*, temporary or acting vacancy should in future be filled up between the substantive grade of the person concerned and the grade corresponding to the total emoluments which he is allowed including personal allowances, but Government see no objection to the Committee's proposal to permit the filling up of the vacancy from the lowest grade up to and inclusive of the substantive grade of the official concerned as explained in para 6 of the letter of 26th October 1918.

4. Government do not consider it necessary to exempt the Comptroller's office from the operation of the clerkship rules (*vide* Government Order No 172—E. A. D., dated 5th March 1917, as recommended by the Committee. Such of the appointments and promotions in the Committee's revised allocation statement as may not be in accordance with these rules are, however, approved as special cases.

No appointments or promotion should, in future, be made except in conformity with the said rules.

5. As regards the proposals of the Committee in the matter of recruitment to the several services and the grant of exemption from passing the prescribed examina-

tions, Government do not consider it necessary that old office hands now permanently appointed to the subordinate Account service should be required to pass the examination prescribed for that service. Future promotion acting or substantive to this service will be restricted to persons passing the subordinate Accounts service examination. Government accept the Committee's recommendation that the examination prescribed for Accountants should be passed by the men now selected for Accountants' places to make them eligible for promotion in the grade of Accountants, but exemption may be granted in favour of permanent Accountants of over forty years of age from passing the examination. Men who are granted exemption should not be superseded by passed men for grade to grade promotion if their work as Accountants is satisfactory.

In future no official will be permanently appointed to the grade of Accountants unless he has passed the examinations prescribed for that service.

6. As regards the scheme of examination prescribed for the several services of the Comptroller's office submitted by the Committee, the rules regarding the Subordinate Account Service and the accountant services are generally suitable and are approved subject to a few modifications as indicated in the Annexure.

7. As regards the examination prescribed for the clerical service, the Committee's attention is drawn to the order of Government of 26th February 1918, accepting the proposal of Mr. Datta in regard to the recruitment of clerical service as contained in para 85 of his note on the reorganisation scheme. No departmental examination need be prescribed for the permanent members of this service. The Comptroller is requested to submit suitable proposals in regard to recruiting the clerical service in future by a competitive examination or otherwise. No new entrant to the clerical service, other than typists will be confirmed unless he has passed the accounts test (higher) as prescribed by the rules.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To —The Comptroller, Mysore Government.

No. Fl. 2731—G. F. 92-17-11, dated 10th December 1918.

Annexure to Govetnment Order No. Fl. 2731—G. F. 92-17-11, dated 10th December 1918.

The following rules regarding examinations of the members of the Subordinate Account and Accountant services are published for information and guidance :—

I Examination for the Subordinate Account Service.

The subjects of the examination for the Subordinate Account Service are the following :—

Paper 1. Precis writing and drafting.

2. *In two parts.*—Civil Account Code, Vol. I, and memorandam regarding new Treasury Accounts Procedure, Part I, and Part II, Civil Account Code, Vol. II and introduction to India Government Audit and Introduction to India Government Accounts.

3. Mysore Service Regulations.

4. Public Works and Railway Constrution Codes and Memorandum regarding new Public Works Procedure.

5. Government and Commercial Book-keeping.

2. Forty per cent of the marks in each subject and 50 per cent of the total marks should be obtained for passing the examination.

3. Probationers for the Subordinate Account Service and accountants who are in receipt of a permanent pay of Rs. 60 or more and who, if they are graduates, have put in not less then three years' service or if non-graduates, not less than seven years' service will be permitted to appear for the examination.

4. Only three chances will be allowed to a candidate for passing the examination.

5. The First Examination for the Subordinate Accounts Service will be held in the 2nd week of April 1919 and thereafter once a year about October.

II Examination for Accountants.

The subjects of the examination for the Accountants' Service are the following :—

Paper 1. Precis-writing and drafting.

2. In two parts—Civil Account Code, Volume I, and Memorandum regarding new Treasury Procedure, Part 1, and Mysore Service Regulations Part II.

Excludig Chapters not relating to Mysore.

3. Civil Account Code, Volume II, Comptroller's office Manual.

4. Public Works Code, Volume I, and Memorandum regarding new Public Works Procedure and Volume II.

5. Commercial Book-keeping.

7. Thirty-three per cent of the marks in each subject and 45 per cent of the total marks should be obtained for passing the examination.

8. Those who have passed the Public Works Divisional Test need not sit for Part II of subject No. 2 and subjects Nos. 1 and 4. Those who have passed Civil Accounts Higher need not sit for subject No. 2.

9. All those who are now in the Accountants' grade should appear for the examination and pass it for qualifying for promotion to higher grades of the Accountants' Service. In the case of those who are more than 40 years old on 1st July 1918, exemption may be granted from passing the examination.

10. Those now in the Clerical Service who are in receipt of a pay of Rs. 40 or more or who have rendered not less than five years' service will also be permitted to appear for the Accountants' Examination.

11. Only three chances will be allowed to a candidate for passing the examination. Those who do not sit for all the subjects under para 6 *supra* will, however, have only two chances.

12. The first examination for the Accountants' service will be held in the last week of March 1919, and thereafter once a year about October.

Rules for the Efficient Supervision of the Muzrai Rest-houses in the State.

No. 1620-31—Muz. 51-18-2, DATED 27TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 804-17 - M. F. 177-14-10, dated the 11th October 1916, passing orders in the matter of the revision of feeding arrangements in the Government Annachattrams in the State.

2. Letter No. C. R. 171-18, dated the 10th July 1918, from the Muzrai Superintendent in Mysore, submitting for approval, as called for in paragraph 5 of the Government Order read above, a set of draft rules for the efficient supervision of the Rest-houses in the State, together with a scale of rates for occupation, meals, etc., in these institutions and stating that the draft rules in question have been considered as suitable by the Deputy Commissioners of Districts.

Order No. 1620-31—Muz. 51-18-2 dated 27th December 1918.

The draft rules submitted by the Muzrai Superintendent (and appended to this order) are approved.

G. ARAVAMUDU IYENGAR,
Joint Secy. to Govt., Muz. Dept.

To—The Deputy Commissioners of Districts.
The Comptroller, Mysore Government.
The Muzrai Superintendent in Mysore, returning records.
The Palace Controller, Mysore, for information.
The Inam Superintendent in Mysore.

Exd.—G. W. B.

Rules for the Occupation and Supervision of Muzrai Rest-houses.

1. The Muzrai Rest-houses are intended for the temporary accommodation of Hindu travellers.

2. The management of the Rest-houses will rest with the Amildar of the Taluk within which they are situated.

3. No one may, without the written permission of the Amildar of the Taluk in which a Rest-house is situated, occupy it for more than three consecutive days if accommodation is required by others, and no one shall be allowed, in any case, to occupy it for more than seven days at a time.

4. No fee shall be charged for the first three days of occupation, after which period a fee at the rate of two annas a day shall be charged for each set of rooms occupied by the traveller.

5. No person may occupy more rooms than one when there is demand for them.

6. The Deputy Commissioner may allot rooms according to castes, and if he does so, the room may not be used by persons of other castes.

7. Travellers are prohibited from stabling their horses or other cattle or vehicles, within the verandahs of the Rest-houses. Personal baggage of the travellers may be deposited in the verandahs, carts and cattle being stabled in the Rest-house compound.

8. Travellers will be held responsible for the damage done either by themselves, or their servants, to the Rest-house or to the articles contained therein. All articles injured or broken must be paid for prior to the departure of the travellers, according to the scale, if any fixed by the Deputy Commissioner. A list will be maintained of all articles kept in the Rest-houses.

9. Government Officers travelling on duty will be subjected to the same conditions for occupancy as the general public.

10. All fees and demands in accordance with the foregoing rules shall be paid by travellers before leaving the Rest-houses, any irregularity or inconvenience being referred to the Amildar.

11. In the Visitors' book maintained in the Rest-houses, travellers are requested to enter their names, dates of arrival and departure and amount of fees paid.

12. It is the duty of the person in charge of the Rest-house to report every grave violation of the foregoing regulations. The Amildar, or other public servant on the spot, shall report to the Deputy Commissioner every serious maltreatment of the servants of the Rest-house and generally, every important deviation from these rules which may come to his knowledge or be brought to his notice by the persons in immediate charge of the Rest-house. The master will be held responsible for an infringement of the rules by his servants.

13 The person in charge of a Rest-house will assist travellers in procuring supplies for ready money.

14. Travellers can obtain ordinary vegetarian meals on payment, if reasonable notice is given to the person in charge.

15. There will be two classes of meals, one intended for middle class travellers and the other for the poorer classes. The first will consist of rice, ghee, tovve, or chatni, soup, saru and curds with two vegetable dishes. The second of rice, ghee, chatni, saru and butter milk with one vegetable dish.

16. The following tariff will ordinarily be charged:—

Superior meal	...	...	6 annas per head.
Lower class	...	...	4 do do
Coffee	...	...	2 annas per cup.

N B.—The rate is fixed on consideration of the present high prices, but the local authorities are free to alter it to suit local conditions and circumstances, provided that an uniform rate, formally approved by the local authorities, is charged and that the rate is not cheaper than what is levied by local hotel keepers.

Conduct of Important Processions in the more important Temples in the State.

No. 1633-42—Muz. 356-17-4, dated 27th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Correspondence ending with letter No. 784 of 1916-17, dated 29th July 1918, from the Deputy Commissioner, Mysore District, submitting a report in the matter of the stoppage of the procession of the Sri Chamarajeswaraswami at Chamrajnagar due to take place on the 4th May 1917.

Order No. 1633-42—Muz. 356-17-4, dated 27th December 1918.

On a careful consideration of all the facts connected with the case, Government are constrained to observe that the handling of the question by the local authorities reflects little credit upon their powers of judgment or management. No precautionary measures appear to have been adopted and the Amildar was also absent from the headquarters, in spite of the fact that an important procession connected with such a leading institution was to be celebrated, when all the costly jewels of the temple are usually taken out to adorn the vigrahas to be carried in procession.

2. Government are of opinion that in all cases of important processions connected with Major institutions, the Amildar, or, in his unavoidable absence, the Taluk Sheristadar should invariably be present on the spot and have the procession conducted under his personal supervision. In view, however, of the special importance of the marginally noted institutions, Government consider that either the Amildar, or in his absence, the Sub-Divisional Officer should be present on such occasions. When the Amildar cannot himself be present, he should give timely intimation to the Sub-Division Officer of the circumstances preventing his presence on the spot, so that the latter may make due arrangements for his presence and conduct of procession under his personal supervision.

Sri Srikanteswaraswami temple at Nanjangud.
Sri Chaluvarayaswami temple at Melkote.
Sri Chamrajeswaraswami temple at Chamrajnagar.
Sri Ranganathaswami temple at Seringapatam.
Sri Gangadhareswaraswami temple at Seringapatam.

Chowdammadevaru at Dadadahalli village in the Alur Sub-Taluk.

No. 1588—Muz. 230-17-6, dated 26th December 1918.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Muzrai Appeal No. 18 of 1917-18.

Appellant.	*Vs.*	*Respondent.*
Mallegowda.		Ere Gowda.

SUBJECT.

Appeal against the Deputy Commissioner's Order No. 2303, dated 30th March 1917, directing the disposal by open competition, of the lease of dry inam Survey No. 7, measuring 12 acres, 7 guntas and assessed at Rs. 7 endowed to Chowdammadevaru at Dadadahalli village in the Alur Sub-Taluk.

Decision.—The case was heard on 4th December 1918. The appellant was present and also represented by Council, while the respondent was absent though notice was served upon him.

From the records it is clear that there never existed any temple with any deity installed in it at any time and that there was, as such, no regular daily worship also. It is also clear that the appellant and his farther and grand-father before him—have been in the enjoyment of the inam and that the service required, *viz.*, annual jatra, has also been duly arranged by him. In these circumstances, there is no reason why he should be disturbed from the enjoyment of the land of which he has been in possession for years now. So long as the annual observance is duly made to the satisfaction of the villagers and the land is not alienated, the appellant need not be disturbed from the possession of the land. The appeal is allowed.

Memo No. 1588—Muz. 230-17-6, dated 26th December 1918.

Copy to the Deputy Commissioner, Hassan District, with the records received with his letter No. 487, dated 26th February 1918.

By Order,

G. ARAVAMUDU IYENGAR,
Joint Secy. to Govt., Muz. Dept.

Kalighat Mysore Memorial at Calcutta.

No. 1459-62—Muz. 275-18-2, dated 6th December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 5264-9, dated the 27th May 1908, sanctioning an annual State Grant of Rs. 4,200 for the daily performance of worship, etc., at the Brindavana constructed at Calcutta in memory of His Highness the late Sri Chamarajendra Wodeyar Bahadur, G.C.S.I.

2. Government Order No. 278-81—M. F. 99-12-2, dated 15th August 1912, increasing the State Grant for the up-keep of the Memorial.

3. Government Order No. 655-8—Muz. 123-16-2, dated the 6th September 1916, sanctioning the revision of the pay of the staff attached to the Memorial temple.

4. Letter dated the 24th October 1918, received from Mr. F. A. Larmour of Calcutta who is entrusted with the management of the Kalighat Memorial, stating that on account of rise in the prices of all commodities and the extension of the bathing ghat of the temple to three times its original length, suitable revision of the scale of expenditure is called for and submitting certain proposals for sanction.

Order No. 1459-62—Muz. 275-18-2, dated 6th December 1918.

Under the circumstances brought to notice, the Government of His Highness the Maharaja are pleased to sanction the following proposals :—

(1) The addition of one gardener on Rs. 12 in grade Rs. 12-1-14, to the establishment sanctioned in 1916, to look after the gardens.

(2) The enhancement of the monthly grant of Rs. 200 for daily charity to Rs. 240 per mensem.

(3) The enhancement of annual grant of Rs. 600 for repairs and maintenance to Rs. 750 per annum.

(4) The increase of the annual grant of Rs. 123 for contingencies to Rs. 300 per annum.

2. The total expenditure under all heads will be Rs. 5,799 rising to Rs. 5,919 as specified below :—

		Rs.		Rs.	
1. Establishment as per margin		1,404	raising to	1,524	per annum.
2. Daily services	...	365	do	365	do.
3. Daily charity	...	2,880	do	2,880	do.
4. Special charity	...	100	do	100	do.
5. Repairs and maintenance	...	750	do	750	do.
6. Contingencies	...	300	do	300	do.
Total	..	5,799	do	5,919	do.

Sanctioned in the 3rd Government Order read above.

Agent	...	Rs. 50 per mensem.	
Pujari	...	,, 16	do.
Head gardener		Rs. 16-1-20	do.
Mali	...	,, 12-½-14	do.
Mali cooly	...	,, 11-½-13	do.
Gardener	...	,, 12-1-14	do.
		(newly sanctioned)	

The extra cost involved will be Rs. 951, rising to Rs. 975 and will be met by an additional grant to the Memorial from the State Funds.

3. The proportionate expenditure during the remaining months of the current year will be met from the State Grant for 1918-19, for "Construction and Repairs of Muzrai Institutions." The Comptroller is requested to make the necessary provision in future budgets to meet the increased cost.

MEMO NO: 1650—MUZ. 615-16-7, DATED 27TH DECEMBER 1918.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Muzrai Appeal No. 22 of 1917-18.

APPELLANT.	RESPONDENT.
Chikka Appanniah, H. S. Gundappa and certain others.	Archak Venkatachar.

Subject.

Appeal against the Deputy Commissioner's Order No. 132, dated 2nd April 1917, directing the restoration of Venkatachar, respondent to the Archakship of Sri Lakshmi Narayana Swami temple at Herur, Kunigal Taluk.

Decision.

The case was heard on 4th December 1918. The appellants and respondent were present in person and heard. The former were represented by counsel also.

From the evidence on record, there can be no doubt that the respondent does not command the respect of the local people and that his archakship of the temple is obnoxious to them. It is inadvisable to continue in this capacity one who does not command respect, particularly in the matter of morals.

The respondent is unable to meet the charges made against him and attributes these to personal grudge. He also makes countercharges of assault, etc., against appellants. But there is nothing on record to substantiate this allegation and besides he may have his remedy by lodging a complaint before a Magistrate.

2. Under these circumstances, the Government are of opinion that the respondent should be removed from the office of Archakship and another suitable person appointed in his stead. The Deputy Commissioner is requested to take the necessary action in the matter.

Memo No. 1650—Muz. 615-16-7, dated 27th December 1918.

Copy to the Deputy Commissioner, Tumkur District, with records received with his letter No. 188, dated 24th August 1918.

By Order,
G. ARAVAMUDU IYENGAR,
Joint Secy. to Govt., Muz. Dept.

Sri Varadarajaswami Temple at Channapatna.

No. 1569-71—Muz. 46-18-2, dated 21st December 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 2622, dated 11th June 1918, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Sri Varadarajaswami temple in the Fort at Channapatana, together with an explanatory memorandum thereon.

Order No. 1569-71—Muz. 46-18-2, dated 21st December 1918.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. Separate orders will issue as regards contribution towards the Muzrai Establishment Fund.

3. Though the income of the institution is less than Rs. 1,000, it may as recommended by the Muzrai Superintendent be brought in the list of institutions to be kept under the direct management of Government.

G. ARAVAMUDU IYENGAR,
Joint Secretary to Government, Muzrai Department.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Bangalore District.
The Comptroller, Mysore Government.

Exd.—C.R.

MEMORANDUM.

Revision of the scale of Sri Varadarajaswami temple at Fort, Channapatna.

Though the temple is an old and big one, the income is not adequate to its maintenance. Besides a cash grant of Rs. 724-6-0, it has a small income of of about Rs. 56-8-0 from a portion of the Inam lands leased out under Government management and sundry collections. Only 2 acres, 4 guntas of wet land assessed at Rs. 14 out of the total endowment of 9 acres, 5 guntas assessed at Rs. 61 are in the enjoyment of the Archak and Ammanavaru Sannidhi Paricharak.

2. As the temple is situated in the heart of the town near the Taluk Office, the temple is the best managed directly by Government. Besides there are not sufficient number of public-spirited and devout gentlemen of the town who can be looked upon to efficiently manage the institution. Though the income of the temple falls below Rs. 1,000, the institution may, therefore, be treated as a major institution for purposes of management.

3. According to the existing scale, the whole of the cash grant is spent leaving no margin for repairs, etc. In the scale proposed the number of servants is reduced to 12 and their pay increased proportionately and a small reserve is kept for repairs.

4. *Establishment.*—The expenditure under this head in the proposed scale is Rs. 384 a year as against Rs. 392-11-0 in the existing scale.

Nityakatle :—

			Rs.		
Existing scale	..	..	258	0	0
Proposed scale	..	..	246	0	0

Hetchukatle :—

Existing scale	..	..	73	11	0
Proposed scale	..	..	75	0	0

In addition to the above a provision of Rs. 15 is newly made in the proposed scale for the purchase of cloths.

5. The total expenditure as per proposed scale is thus Rs. 720 as against Rs. 724-6-0 of the existing scale out of an estimated income of Rs. 780-14-0.

6. The surplus at the credit of the institution on 30th June 1917 was Rs. 619-0-8. There is very little margin for levying a contribution for the Establishment Fund, the present saving being barely 7 per cent of the income, but on principle a levy at 3½% may be made.

No. 1569-71—Muz. 46-18-2, dated 21st December 1918.

Proposals for fixing a revised scale of expenditure in the Sri Varadarajaswami temple at Channapatna.

Produce in the compounds of Government Buildings.

No. P. W. 2828-75—M. 14095-14142, DATED 16TH DECEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Letter No. 2537, dated 28th March 1918, from the Superintending Engineer, Northern Circle, submitting, for orders, a file of correspondence relating to the question as to who is entitled to the produce in the compounds of Government buildings.

Order No. P. W. 2828-75—M. 14095-14142, dated 16th December 1918.

After considering the practice obtaining in the neighbouring British Provinces, Government are pleased to direct that the following rules be adopted for future guidance:—

(1) *Residential buildings, whether rented or given rent-free.*—The produce in the compounds may be left to the tenants, unless the charges of maintenance of the compounds are borne by Government.

(2) *Buildings in the occupation of Government Departments.*—The Departments concerned may arrange to realise the proceeds and to credit the same to their own Departments, if the maintenance charges are also borne by them.

(3) *In the case of all other buildings*, the Executive Engineer concerned shall arrange to sell the produce in the compounds thereof, and to credit the proceeds to the Public Works Department.

2. The sale proceeds of the Jail compound at Hassan, hitherto incorrectly credited to the Municipal Funds, will henceforward be credited to the State Funds in accordance with the foregoing principles.

S. CADAMBI,
Secy. to Govt., Public Works Dept.

To—The Superintending Engineers of Northern and Southern Circles.
The Deputy Commissioners of Districts.
The Heads of Departments.
The Comptroller of Mysore.
The Chief Secretary to Government.
The Secretaries to Government in other Departments.
The Chief Engineer on Special Duty.
The Executive Engineer, Irrigation Division.
